GANGES HARBOUR.

This Pamphlet is published with the authority of the **Islands Farmers' Institute of British Columbia**, in the belief that there are many, having but a moderate income coupled with a love of a country life, who would be glad, untrammelled by conventions, to make a home for themselves by work, bring up their children to a healthy independent life, and gratify those tastes for shooting and fishing which their means will not permit in the Old Country.

EDWARD WALTER,

Sec'y Islands Farmers' Institute,

August, 1902.

Ganges Harbour, B. C.
