

HAMILTON HAPPENINGS

WILL MAKE HOUSE TO HOUSE INSPECTION

Hamilton Board of Health to Clear Up Foreign Quarter—Run Down by Express Wagon.

HAMILTON, March 28.—(Special.)—At the monthly meeting of the board of health to-night the members mapped out plans for a house-to-house inspection on a large scale this spring. Extra inspectors will be appointed to make a house-to-house inspection of the foreigners' annex in the east end. The unsanitary methods adopted by some bakers in the delivery of bread were condemned, and the city council will be asked to grant the board power to order the bakers to wrap every loaf of bread before it leaves the shops. The works committee and council will be asked to take definite steps to do away with the public drinking water, and install sanitary fountains throughout the city.

At a meeting this afternoon of the hospital governors the medical superintendent announced that accommodation for children was very poor, and asked for the purchase of additional cots. Plans of the proposed addition to the Jubilee wing were submitted, but no action was taken, although it is understood that additions will be built this spring.

Mrs. Goff, 153 York-street, and her five-year-old daughter were run down by an express wagon driven by Fred Berg, 94 Leeming-street, and belonging to Little's Express, while crossing King-street at the northeast corner of Gore extension, about supper-time. According to the police there was no danger of a collision till Berg whipped up his horse and the shaft struck Mrs. Goff in the back. She was thrown down forcibly and her head was cut and bruised on the pavement. Her little daughter was also thrown down and the wheels passed over her legs. They were taken to the City Hospital, but it is thought that their injuries are not serious.

Hotel Harranan, corner Barton and Catharine-streets, Hamilton, conveniently situated and easily reached from all parts of the city. Erected in 1904. Modern and strictly first-class American plan. Rates \$1.50 to \$2 per day. Thos. Harranan, proprietor. Phone 1455.

TATF'S MESSAGE BRIEF

Will Dial Only With Question of Reciprocity With Canada.

WASHINGTON, March 28.—President Taft's message to the extra session of congress next Tuesday will be exceptionally brief. He has decided to deal only with the reciprocity agreement with Canada.

Later the president may send another message to the extra session, urging the enactment of a law making the tariff board a permanent institution.

The president has been assured by the temporary tariff board that it is ready with a detailed and comprehensive report on the tariff schedules by Dec. 1 next, and that the chemical schedule may also be ready.

PLANS FOR CIVIC CAR LINES.

Plans have been filed by the city with the Ontario Railway Board for the new civic car lines. They will run on St. Clair-avenue, from Yonge-st. to the G. T. R. tracks; on Greenwood-avenue, from Gerrard-st. to Main-st.; and on Danforth-avenue, from Main-st. to a loop across the Glen-Rd. bridge in Rosedale.

Toronto's Kiddies Unruly.

Park Commissioner Wilson is in receipt of several complaints from citizens whose lawns are being used by the children of the neighborhood as playgrounds. The commissioner is of the opinion that there is something lacking in the home training of Toronto children who are worse offenders in this regard than those of any other city he has ever been in.

Be Warned By Headache

It Tells of Serious Derangements of the Liver and Kidneys.

DR. CHASE'S KIDNEY-LIVER PILLS

You can stop a headache with powerful drugs. But it is not generally wise to do so.

A headache almost always warns you of derangements of the digestive system, the liver, kidneys and bowels. Awaken the liver to healthful action by the use of Dr. Chase's Kidney-Liver Pills, and you not only free yourself of headache, but remove the cause which will lead to more dangerous results than headache.

Invigorate the action of the kidneys by this treatment and you take away the dangers of Bright's disease as well as free yourself of headache.

Pains are the result of poison in the system, and whether you have headache, backache, aching limbs, you can be almost sure of relief and cure when you cleanse and regulate the vital organs by the use of Dr. Chase's Kidney-Liver Pills.

They are wonderfully prompt, as well as definite and thorough in action. You can depend upon them, no matter how long-standing or complicated your case, so long as the cause is the sluggish, torpid condition of the liver and kidneys.

If you don't feel like risking 25 cents for a box, write for a free sample. A trial will convince you of their merits. One pill a dose; 25 cents a box; all dealers, or Edmondson, Bates & Co., Toronto.

TWO WONDERFUL CURES

Zam-Buk Heals Terrible Injuries.

Just think of a little fellow of two years burned so badly that the flesh peeled off! That was the case of the two-year-old son of Mrs. A. Peters of Wilton, Ont. The little one's arm, from his hand to his shoulder, was terribly burned, and the tendons and muscles of the arm badly injured. He received medical treatment, but the shocking burn did not get better—the flesh would not heal under ordinary treatment. For long it was hoped the arm would get better, but hope seemed in vain. The family then turned to Zam-Buk, and note the effect. Mrs. Peters says:

"A few applications gave him ease, and the sore then began to heal. In a few weeks they were completely healed. Not only so, but Zam-Buk had such a beneficial effect on the injured tendons and muscles, that these, although they had previously become shrunken and almost useless. This is not the only proof of Zam-Buk's wonderful value. We have had in our family, my father, who is 75 years old, has found Zam-Buk highly beneficial for eczema. He has been troubled with this disease for several years, being unable to get more than temporary relief from doctors' prescriptions, but after persevering with Zam-Buk, the sores are entirely healed."

Zam-Buk cures eczema, ulcers, blood-poison, abscesses, skin eruptions, scalp-itch, chapped places, cold sores, piles, burns, bruises and all skin injuries and diseases. All druggists and stores sell at box, or free from Zam-Buk Co., Toronto, for price. Beware of harmful imitations and substitutes. Try Zam-Buk Soap, too, only 25c tablet at all druggists.

SENSATIONS PROMISED

Enquiry Into Circumstances of Fire in Guelph Store.

GUELPH, March 28.—(Special.)—Coroner Dr. McLean has received a requisition from the Toronto manager of the London and Lancashire Fire Insurance Co., for an investigation into the fire which occurred in the local store of the Bowles Syndicate, in the corner of Guelph and York-sts. The claimants state that \$15,000 damage was done while the Canadian Underwriters' Association declare that they had no more than \$400 stock on the premises at the time of the fire.

H. B. Corry of Toronto, adjuster for the Underwriters' Association, obtained the services, as private detective, of H. D. Merryweather, high constable of Wellington County, and the present requisition is a result of several weeks' investigation by him assigned statements by Merryweather, in the hands of the authorities, are of a startling nature, and sensations are promised for the inquest, which will open on Tuesday, April 4.

North Toronto Route to Ottawa and Montreal Increasing in Popularity.

The new Canadian Pacific train leaving North Toronto 9:15 p.m., West Toronto 9:30 p.m., and North Toronto 10 p.m., for Ottawa and Montreal, is becoming increasingly popular with the commuters, and is rapidly becoming a comfortable journey to Ottawa and Montreal in through coaches, elegantly equipped, and over a road which is well maintained, combined with the fast time to either point, is rapidly increasing the number of patrons of the C.P.R. Ottawa and Montreal Express from North Toronto station, the local city of Montreal. Both reservations, tickets and full information at C.P.R. Toronto city ticket office, 16 King-street east. P. W. ELLIS CITY'S CHOICE FOR POWER COMMISSION

Firm Friend of Hydro Movement From Outset, His Qualifications Are Undoubted.

P. W. Ellis, one of the best known and most substantial business men in Toronto, who has been associated intimately with the hydro-power movement from its beginning, as a member of the hydro commission which blazed the way, and has shown himself a staunch friend of public rights, is to

be the city's appointee to the commission that will control Toronto's electrical department.

Mr. Ellis was nominated by the board of control yesterday as the city's representative other than the mayor on the city's electrical commission. The choice was unanimous.

P. W. ELLIS.

There was some discussion as to the advisability of making the nomination until the hydro-electric commission had made their selection, but there was but one opinion as to the desirability of having Mr. Ellis a member of the commission. It was thought possible that he might be the choice of the hydro-electric commission, but it was deemed wise for the city to make him their representative.

The nomination will come up for the consideration of the council at the next meeting, and no doubt is expressed as to the action of the board being ratified.

It is well known that only Mr. Ellis' strong sense of public duty could enable the city to obtain his services as a commissioner, and that the salary of \$4000 a year will be in the nature of an honorarium.

Mr. Ellis is anxious that the city obtain the full benefit of Niagara power at the minimum of cost, and is a member of the Niagara Falls Park Commission.

TO FOSTER IMPERIAL UNITY.

An organization with "Let us be one" as its motto and having as its chief aim imperial federation, has been recently launched in the motherland, under the name of "The Imperial Alliance."

Efforts are now being made to carry on the organization in the overseas dominions. The Canadian section has only provisional officers at present, who were appointed by the officers of the British section, to organize Canada. When the organization meeting is held the members will then elect their officers.

The provisional officers are: President, George T. Blackstock, K.C.; Secretary, A. C. Pratt, M.L.A. for South Norfolk; secretary and organizer, W. G. Fec of Toronto.

MAY BUY OUT RAILWAY.

OTTAWA, March 28.—At the meeting next Thursday night of the factory sites committee of the Greater Ottawa Association, N. Cauchon, the chairman, will introduce for discussion a most important question—that of the franchise of the Ottawa Electric Railway.

It will stop that tickling in the throat which causes the dry cough that keeps you awake at night.

Mrs. J. A. Smith, Marshville, Ont., writes: "I had a very bad cough and that distressing tickling sensation in my throat. It was so bad I could not sleep at night and my lungs were so sore I had to give up work."

"Our doctor gave me medicine but it did me no good, so I got a bottle of Dr. Wood's Norway Pine Syrup, and by the time I had used two bottles I was entirely cured. I will always recommend it to my friends."

Do not be humbugged into buying the so-called Norway Pine Syrup but be sure and insist on Dr. Wood's. It is put up in a yellow wrapper—these pine trees the trade mark. Price 25c.

Cuticura Ointment

For Skin Sufferers

If you, or someone dear to you, have undergone the itching, burning, sleep-destriving torments of eczema or other cruel skin eruption and have suffered from its embarrassing, unsightly disfigurement; if you have tried all manner of treatment, no matter how harsh, to no avail, and have all but given up hope of cure, you can appreciate what it means to thousands of skin-tortured sufferers, from infancy to age, when the first warm bath with Cuticura Soap and gentle application of Cuticura Ointment brings instant relief, permits rest and sleep, and proves the first step in a speedy and successful treatment.

ROUGH WEATHER AGAIN

Intake Repairs Delayed, But Clearing of Sand Proceeds Well.

Rough weather delayed any attempt to raise the broken pipes leading to the intake yesterday, but the work of clearing the portion of the pipe toward the shore of Sand, proceeded as usual. The ice field view across the bay and locked in the dredges and pile drivers at the Port Hope Wharf all day yesterday. As soon as the ice moves off they will be taken across to the island and put to work on the blocking of the entrance from the bay to Long Pond and making the cut thru to the lake at Clarendon-avenue.

The clearing of the sand in the conduit is proceeding most satisfactorily. It is getting along so well that the engineers predict that there will be water coming from the Port Hope Wharf all day tomorrow. As soon as the ice moves off they will be taken across to the island and put to work on the blocking of the entrance from the bay to Long Pond and making the cut thru to the lake at Clarendon-avenue.

Meanwhile, the reports from the city bacteriologist, Dr. Nesmith, as to the condition of the water, are most reassuring. Samples have been taken from the supply as it entered the settling basin, which show no signs of coli communis, and after the water has passed thru the chlorinating process it is reported to be perfectly safe for drinking purposes.

NORTH TORONTO.

NORTH TORONTO, March 28.—(Special.)—Chief Constable, who has been in the city for some time, on Sunday underwent an operation which, it is hoped, will effect a permanent cure. The chief, the showing improvement, is suffering considerable pain. The chief's duties have been more than ordinarily strenuous, and the appointment of Constable Lawrence, and the former chief's transfer to another department, will do much to relieve the situation.

With the closing of Grace Church on Elm-street in the city, and the establishment of a new parish on St. Clair-avenue, a considerable share of the revenue derived from the sale of the Grace will go to the new building. A good deal of opposition developed to the scheme from the St. Clair Church, which was held by the Rev. Messias, Avenue-road, and St. Michael and All Angels'. A division of 15 per cent. will go to the churches opposing the scheme, and the balance to the new parish. The site of the new building will be on St. Clair, near Avenue-road, a central location, and one with great residential possibilities.

SIR EDWARD ELGAR COMING.

Toronto music lovers will be delighted to hear that Sir Edward Elgar is better and that he will surely be here to conduct his "Dream of Gerontius" on the first night of the Festival Concerts, Tuesday, April 4. The following cable was received by Dr. Charles Harris, Ottawa: "Hereford, March 28.—Selling to-day Maurelanka." As Sir Edward will come direct to Toronto, he will probably arrive Saturday evening.

OBITUARY.

William M. Moir.

A well attended enjoyable smoker was held by St. George's Society in their assembly room at St. George's Hall last night. J. Harman acted as chairman.

A comedy dialogue was rendered by William Johnston and Leonard J. Stewart. G. A. Townley gave several comic solos. R. Anley sang a number of solos, and Fred Perrin rendered comic songs.

York County and Suburbs

CENTRE YORK FARMERS LISTEN TO CITY MEN

Reciprocity Endorsed by Big Meeting of Liberals—What's Doing in County.

RICHMOND HILL, March 28.—(Special.)—Every year about 1,000 farmers gathered in the Masonic Hall here this afternoon and listened for two hours and a half to red-hot arguments from well-known city advocates in support of the reciprocity propaganda. It was a good meeting as such meetings go, and while the gathering was made up largely of non-attached Liberals well grounded in the faith, and the speakers, J. E. Atkinson, N. W. Rowell, K. C., and Tom Vance, are among the leaders in Liberal thought in the city, the meeting was undeniably a good one, and the big crowd almost wholly in sympathy with the views enunciated.

Scarboro, the stronghold of Liberal faith, sent up a solid phalanx, among whom were A. J. Reynolds, Hugh J. Clemons and Boeve V. D. Annie, while from Markham Township came Rev. Jonathan Nigh, Wilfred McKay, Jesse Noble, W. A. Noble, C. H. Chant and dozens of others. R. L. Crawford, from away out at Emery, and Councillor Pearson from Weston, and ex-Reeve Tom Legge, from away up in King. They were all there.

Walter Scott of Victoria Square, the president of the Centre York Liberal Association, was in the chair, and clustered around him on the platform were Fred W. Inwood, Liberal organizer; N. W. Rowell, K.C.; J. E. Atkinson, Tom Vance, Secretary Porter and Councillor Pearson.

The chairman, at the outset, bespoke a fair hearing for the speakers, and they all got it. Indeed, there was nothing in the speeches calculated to arouse hostility. They were logical, moderate, and eschewed wholly personalities. Centre York farmers are always out for information, and they got a lot of it, whether they agreed in the main with the deductions or no.

The hall was opened by Mr. Vance, the commission man, who, after paying his respects to J. W. Flavell, claimed that as the Buffalo market was generally from 80 to 100 cents per hundred pounds higher than Toronto, while bacon was higher here, no harm could come from that source.

Then he turned to the milling trade and the manufacturers, and later the fruit men. On the latter subject Mr. Vance said something of an authority, and he figured out that under reciprocity the growers would get more money and that the whole opposition was ended. Then he turned to the farmers, who were afraid that they would have to pay more for their fruit. Many of them, he said, had already made contracts with the growers for the season at higher prices. He put the gamut of Canadian trade generally and got a good reception all the while.

Nothing in Annexation.

J. Atkinson, who spoke for a half hour or more, dealt very fully with the trade aspects of the reciprocity question, taking up in turn the annexation of the United States, and the advantages done by the anti-annexationists. He grappled with the question of the free admission of lumber, and argued that within a few years Canada would be manufacturing the white paper used in the United States, by reason of the fact that the lumber trade is being shifted from the United States to Canada.

Dealing with the charge that reciprocity would injure the Canadian railway, he said that the Canadian railway, he quoted the secretary, Mr. C. B. McKee, as saying that if 20 per cent. of the present trade was diverted south, the railway would be able to handle it. Katchewan alone in twenty years would feed Great Britain and leave enough at home to supply the local demand. The maximum amount taken by the old land was 275,000,000 bushels a year. We must have another market, and that was the United States, whose consuming power was increasing and productive area diminishing at a great rate," said Mr. Rowell. "Given an equal treaty we would still have India and Australia to compete with," urged the speaker.

"No mandate from the people they say, when the Liberal party have never absolved their leaders from the charge to secure reciprocity at the earliest possible moment."

The statements which caused a whirlwind of applause. Then he harked back to the home market cry and declared that the United States was the home market, and that we would get a market of 88,000,000 instead of 5,000,000.

And after the speaker was all over and the farmers present were making for the door and home and comfort, Mr. Vance said something of an authority, and he figured out that under reciprocity the growers would get more money and that the whole opposition was ended.

How To Tell Catarrh

An Experienced Physician Says the Following Symptoms Are Sure Signs:

You can always tell catarrh by the following well-known signs: Eyes red and watery? Difficulty in breathing? Are the nostrils stuffy? Do you sneeze frequently? Is your throat hoarse? Do you spit phlegm? Oppression in the chest? A ringing in the ears?

If you have any of these indications before it gets into the lungs or bronchial tubes—then it may be too late. The remedy is "Catarrhose," a direct breathable cure that places antiseptic balsams and healing medication on every spot that's tainted by catarrh.

There can be no failure with Catarrhose—for years it has successfully cured cases that resisted other remedies. You can know better than I the enormous benefit one gets from very first day's use of Catarrhose. writes T. T. Hopkins of Westvale, P.Q. "I had for years a stubborn case of Bronchial Catarrh, my nose, head, throat, it affected my appetite and made my breath rank. Catarrhose cured quickly."
