## OPENED THE SEASON FOR TORONTO FANS

Just before the Leafs stacked up against Rommel's puzzling pitching yesterday the usual frills were put on to usher in the 1919 season. Dave Fultz, president of the International League, shown at the left, acted as umpire when Capt. Joe Thompson (centre) threw up the slants for Lieut.-Col. Goodwin Gibson (right) to hit.

WHEN THE ROSS COLORS  
WILL COME TO WOODBINELocal Horsemen Discuss the  
Likelihood—Trials on a  
Muddy Track.

With the weather man cutting all sorts of capers, which held the thermometer at an uncomfortable level, very little in the way of work by trainers at the Woodbine, then, the brilliant victory of the Ross colors in the Kentucky Derby was made unpleasant by surrounding conditions, and horsemen began looking forward to the day when the command "Go to work" would be given.

But, to return to the present (and what said Ontario was dry), a few players were worked during the week end over a knee-deep track.

Trainer Brinkley managed to get a mile under the belt of the Seagram players, Hone Kong and Doleful, moving the distance in 1:25 2-5, way out from the rail and under restraint all the way.

Thru the slush, this performance was a very clever work, and distinctly proved that the Waterloo entrants possess both speed and great stamina.

The Davies main reliance continues his work in a favorable manner, and over the week end ran three-quarters that the quagmire in 1:25 2-5, which should place him near the front ranks.

Yesterday morning stretch runs and works for three-eighths of a mile constituted the entire amusement, but the trainers are again banking on a big day today.

Program for Four  
Days at Exhibition

At a meeting of the Exhibition committee in charge of the harness racing program which will be held on the first four days of the fair this year, the eight classes were arranged, and it was decided to race the events on the three heat plan, every heat a race. Another noteworthy condition in favor of owners is that entrance fee will be five per cent, with no further deduction from winners.

One of the most popular classes, and one that should contribute largely to the breeding interests of the country, is an event for three-year-old trotters, mile heats, two in three, and for a purse of \$500. As a large number of colts are now in training, in fact more than ever before, this class should draw a good entry. It is also well to bear in mind that for the week following the C. N. E. engagements are already advertised at two large exhibitions, London and Ottawa, for three-year-old trotters. In addition should the year on betting be recorded in the near future, both the London and the Toronto Driving clubs would promote race meets for the two weeks previous to the C. N. E. and it is more than probable that a three-year-old race would be found on their programs.

Following are the classes announced and the day they are raced at the C. N. E.

Saturday—2:30 trot, and 2:30 pace.  
Monday—2:30 trot, and 2:18 pace.  
Tuesday—Three-year-old colt race for trotters, and 2:15 pace.  
Wednesday—2:12 trot, and free-for-all pace.

Early Entries for Grand  
Circuit Races at Poughkeepsie

Poughkeepsie, May 12.—Entries for the early evening Grand Circuit races at Poughkeepsie are the best that have ever been received by this city. In all, there are 180 entries for the several early events.

The Grand Circuit races were saved for Poughkeepsie by the action of the Poughkeepsie Chamber of Commerce, which raised a guarantee of \$4500 in two hours of soliciting among the sportsmen of this city.

One of the important entries of the Poughkeepsie meeting comes from the Laurel Home Farm in Indianapolis, and one controller. The aldermen or rather a large percentage of them walked around shaking hands with their friends as if the show was a ward meeting. In fact between them and Col. Gibson it was almost a neck and neck race to see which of them could leave his seat the most. Certainly the fans who are really interested in the game are always so for the pleasure of the game can be so thankful that there are not many people like the young officer and the alderman in question.

Why under the heavens it was not possible for the aldermen mentioned to make their bow upon their entrance and then sit quietly until the game was over or until such time as they wished to go back to the city, is more than we can understand. All this sort of promising around getting in the way, while they laugh and talk like a bunch of school girls at a commencement party is much to be regretted. It was one of those "grand stands" for a "ball game." There is a time and place for everything, and it is not wise to mix them up. It seems as if Jim McCaffery should install a reception room at the ball park.

For three or four days ago one of those heart-breaking affairs where every second the home gang looks about ready to bust in with a few fists which would put the game on ice, and yet just as they get "sac" to applaud, the guy at the plate strikes out.

Rommel pitched like a wonder, and if the Newark Club does not want him then he is a wonder. He did not give a hit, and so far as he was concerned, only four men would have reached first base. However, he had an entire club to watch, and one or two of his side-kicks fell down on him, with the result that a couple of serious figures were lost. But notwithstanding these little things, the Leafs failed to make the grade for the circuit, and therefore failed to win the opener.

Hubbell on the other hand dished a few hits, which resulted in but one run. His work was finished for the first trip to the plate, but he appeared to forget at times that there were fellows behind him who were being paid to field the ones which he slipped over. His battery mate held him in nicely, but needs a little practice in setting the ball to second.

The "scoring" in this part of the country has so many angles, that it is hard to tell if an error or when it is a hit. You must think you know, but when you look the paper over in the morning you discover that you are all wrong. If he did, then we have a sneaking idea that he is the man who is responsible for the run. If he did not, then the loss is up to Hubbell.

Anderson and Wigan were given a small reception upon their first trip to the plate, but young Billy Purcell, as well as Omer, were overlooked. The boys did not appear to be burdened with pep, but that may have been owing to the fact that they felt strange before so many people. The umpiring, behind the plate was good in spots. The two or three decisions on the bases seemed to satisfy everyone.

Gonzales was not in the best form, but he was very heavy, which may have been the reason. Indeed, he was an excellent game, so far as baseball goes, but he was just a disappointing to the fans, who were burdened with the fact that he is the man who is responsible for the run. If he did not, then the loss is up to Hubbell.

BAT NELSON WOULD  
REFEREE BIG FIGHT

Toledo, May 12.—Reservations for seats for the proposed heavyweight title fight between Jess Willard and Jack Dempsey here on the afternoon of July 4 have aggregated 75,000, according to A. Q. Thatt, secretary for the Toledo Boxing Commission, who is assisting Tex Rickard, the promoter, in arranging for the fight.

Rickard arrived here today, and announced that prices for the bout would be as follows: \$10, \$15, \$25, \$30, \$40, \$50 and \$60, with 200 on sale at the highest figure.

Rickard estimated from the demand for reservations that there will be 47,500 others ranging down to \$10, which will be 260 feet from the ring.

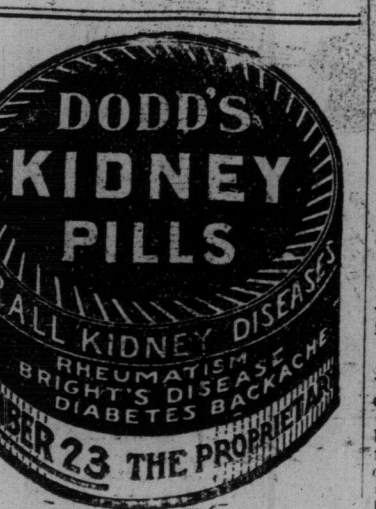

The Toledo Athletic Club, the commission's official headquarters, has been turned over to Rickard and his assistants as headquarters for newspapermen.

Bids were submitted today for nearly two million feet of lumber for the building of the arena. All material will be purchased in Toledo, Rickard said.

Battling Nelson, former lightweight champion, wired Rickard today offering his services as referee for the contest.

The telegram said: "Put it up to Willard and Dempsey."

Rickard has not yet replied to the message.

## Eddy's Silent 5 Matches

For safety and economy you should insist upon this brand. Every match in the box will strike. You will not be troubled by flying heads which may cause damage and painful injury. When you blow them out they are out, not partially alight. They are non-poisonous and will not explode when stepped on.

The war-tax on matches practically doubles the cost of the best grades, and more than doubles the cost of the cheaper kinds. You cannot afford to pay taxes on cheap matches which are a constant irritation, and which may cause accidents. Tell your dealer that you want Silent 5's, and see that Eddy's name is on the box.

By Ida L. Webster.

The opening has been passed, and the most outstanding feature of it was the excellent ferry service. If even a man kept his word toward the public, Mr. Lol Solman did yesterday, when he had the boats running as they were. There was no delay, either coming or going, and added to that the crowd was handled well.

At 3:05 the first ball was pitched by Joe Thompson, who took four minutes later. Leut.-Col. Gibson succeeded in swinging it into the centre field, as a fly. After that the season was known to be officially opened for Toronto, and the fans breathed a sigh of relief. Preliminary at a ball game are always such a bore, not only for the paid admissions, but also for the dead heads and players.

The "audience" yesterday was made up of some very notable people, among whom were several aldermen, and one controller. The "scoring" in this part of the country has so many angles, that it is hard to tell if an error or when it is a hit. You must think you know, but when you look the paper over in the morning you discover that you are all wrong. If he did, then we have a sneaking idea that he is the man who is responsible for the run. If he did not, then the loss is up to Hubbell.

Anderson and Wigan were given a small reception upon their first trip to the plate, but young Billy Purcell, as well as Omer, were overlooked. The boys did not appear to be burdened with pep, but that may have been owing to the fact that they felt strange before so many people. The umpiring, behind the plate was good in spots. The two or three decisions on the bases seemed to satisfy everyone.

Gonzales was not in the best form, but he was very heavy, which may have been the reason. Indeed, he was an excellent game, so far as baseball goes, but he was just a disappointing to the fans, who were burdened with the fact that he is the man who is responsible for the run. If he did not, then the loss is up to Hubbell.
