Changing Customs

215,000 new residents were welcomed into Canada in 1906. Steel buildings have come within the last decade. Just as wonderful has been the change in the making and selling of shoes—the coming of the Goodyear system of stitching, and the price-stamped SLATER SHOES. Skilled mechanics appreciate the difference between Slater Shoes and the others. They know the value of the proud "Seal of Certainty" on a pair of \$5.00 Slater Shoes. It's the difference between skilled and unskilled labor.
