Gilbey's "Lymouth."

The time draws near when numerous farmers over Ontario are thinking of selling out, to go to other businesses, to retire or to make room for other stock. Each year has its own peculiarities that sway the farmers in their decisions, either to slowness or liveliness. As a rule of late years the early sales have not drawn big crowds owing to the scarcity of help on the farm and October has, therefore, been chosen by many as a month in which to sell. But there are many exceptions to this. If the public want the goods they will go at any time. If they do not want them and then go, it makes any sale dull. A big crowd has not always proven a bidding crowd.

FARMERS' DRESSED MEATS UNDER INSPECTION ACT

Packing House Meats Must Be Inspected and Farmers Must Leave Certain Organs in Carcass.

A bulletin has been issued by the veterinary director-general and live stock commissioner, Ottawa, dealing with the new Meat Inspection Act, which says: The custom prevailing among farmers throughout Canada of slaughtering animals, particularly swine, upon their own premises and selling the dressed carcasses on the local market, is one which entails more or less loss to the producer. Before the advent of packing establishments, the domestic trade was supplied by the local butchers, who were necessarily compelled to provide for future supplies, and, as a result, the local markets were created. Conditions have changed, however, and the local dealers no longer supply the domestic trade, which has passed into the hands of the packing-houses. The present distributing centres for dressed meats are the packing-houses, which actually do, pay higher prices and sell at lower values than the local butchers for reasons which are obvious when one considers that profits are represented by the by-products.

THE FARMERS' BUSY TIME.

The Ontario farmer is busier now than he is at any other time of the year. Instead of the harvest being the time when all hands are rushed to their limit, the burden of work has shifted to the fall gatherings. October is a busy month, every day is filled with its overload of duties to be performed. With this the days are shorter, rough weather is more frequent and chores are claiming the night and morning attention.

APPLE-PICKING TIME.

'Long in apple-pickin' time there is something in the weather. That'll set your spirits dancin' till they're out o' your shoes. You can hear it in the music o' the neighborin' rooster's call. An' the turkey. An' the burryin' in o' crops. An' the seedin'. An' the dryin' o' the hops. There's a holiness in the air that sets your soul a-risin'. In the hearty, healthy workin' days o' apple-pickin' time. When the crib is full o' corn an' the out-bin runnin' over. An' the crickets finish chirpin' in the straw-stacks in the dusk. Then the echo on the mountain sends your voice a callin' back. An' you hear the 'rur-rur-rin' o' the freight train on the track. An' the lovin' apple-pickin' time. Where you turned the cows to browse. An' the burry. An' the bankin' up the house. An' you'll laugh at wind and weather when the snow's a-driftin' in. If the mows are full o' fodder an' there's apples in the bin. Every critter is astir with the news o' apple-pickin' time. You can hear the wild goose honk as he calls his flock together. An' the hounds are on the mountain an' the wood-chuck's in his lair. An' the squirrel fills his cellar in the hollow hickory tree. An' the snigin'. An' the hugin'. O' the axes on the hill; Gettin' ready. Workin' steady. All the eye bins to fill; An' when you've crept behind you, You will feel your boyhood comin' back in apple-pickin' time.

BIG PRICES FOR GRAIN.

Brampton market has established a reputation for high prices this season. Yesterday wheat sold there for \$1.06 per bushel.

Markham's Live Stock

A Strong Turnout of Horses, Sheep and Cattle at Markham Fair—Keen Rivalry Between the Exhibitors.

From an agricultural standpoint, Markham fair was a big success. Perhaps no district can show so uniformly a type of heavy horse, nor such an all round creditable bunch of horses, both heavy and light, as the district surrounding Markham Village.

It is true that there was a large number of side attractions that draw, perhaps, many fun-loving people to the fair, but the quality of the live stock at this show kept a crowded ring of admirers all thru the afternoon of Friday last. A keen interest in horses, cattle and other farm animals was taken by the farmers, their wives and daughters. The city man also crowded the day when he can get out in the open air, and the horse and cow. The love of animals is deep-set in our natures and an encouragement that agricultural societies may give towards their improvement, is energy well spent.

There was a fine exhibit of roadsters, carriage, singles and hackneys in the main ring. H. J. Spencey of Box Grove and Graham and Renfrew of Toronto made good with their hackneys.

The grand stand was full of onlookers at the big ring and the exhibit of light horses and ponies was well up to the average. Graham Bros, took the Sovereign Bank Cup away from H. J. Spencey this year. The cup must be won by the same man for three successive years in order to entitle the holder to permanent possession. James McFarlane's carriage team broke out of the stable the evening previous to the fair and tramped home to Claremont. The horse, which was brought back and carried off a red ticket, also did H. J. Spencey's fine stepping team.

In the smaller ring the agricultural classes of heavy draughts and the imported Clydealsas were judged. Messrs. Arthur Milne of Green River and Robert Armstrong of Locust Hill handled the agricultural classes in a correct manner. Messrs John Bright of Myrtle and John Vipond of Brooklin, two well-known and practical horsemen, placed the ribbons in the other classes. They were deliberate in their work and weighed all the points very carefully, and in the main gave satisfaction. Their work was no easy task, as several classes were closely contested.

In Canadian draught stallions, W. V. Howard of Amber won first with a large muscular blocky horse. A. G. Gormley of Unionville took second on the trot, and J. W. Cowie of Sons of Cherrywood rd on McArllie.

In imported aged stallions Graham and Renfrew won first. A. G. Gormley second, R. and A. Canning, Hagerman won third.

In Canadian draughts Frank Battly of Brooklin won first on a broad map with a fine, powerful, and spirited prize for best colt. George Davidson & Sons of Cherrywood and W. D. Forster of Locust Hill divided honors in these classes.

W. V. Cowie won first on the 3-year-olds, with N. Waggon of Claremont second. In the 2-year-olds, W. D. Forster of Locust Hill, in yearling fillies, George Davidson secured first. J. S. Beard of Cedar Grove second, and James Maxwell of Locust Hill third. J. W. Cowie's was the only prize in the team in harness. In spring

Farm adds in The World's Farm Pages find many readers. Capt T. E. Robson of London, the celebrated live stock auctioneer, is receiving many orders for his services now.

J. K. McEwen of Weston reports that sales for horses at auction are good, and that cattle in good condition sell well.

The Ontario Winter Fair at Guelph promises to be as good a fair as ever. The number of horses exported from Great Britain during the seven months ended July 3, was 3,473 against 31,121 last year. Belgium was the largest receiver of these horses.

The noted thoroughbred poulterer, which was purchased by Mr. Jos. Seagram of Waterloo, was bred in Maryland and taken to England by Richard Croker, where he won a phenomenal record.

Don't crowd a large flock of fowls into a small house if you expect them to be healthy and productive. Twenty hens in a house twelve feet square will usually be more profitable than forty kept in the same house.

A solid special train of dairy cattle of 30 special cars left Springfield, Ont. Sunday, October 6 headed direct for the amphitheatre of the Union Stock Yards. This train will bring over 400 head of cattle, whose value will amount to over a quarter-million dollars.

These will be on exhibition at the great National Dairy Show, which opens on October 10. * Good prayer reads as follows: "Now I wake me up to work, I pray the Lord I may not shrink; If I should die before the mornin' I pray the Lord my work's all right!"

A gentleman once possessed a valuable sporting dog which was extremely clever in the retrieving of game. The owner, however, was a remarkably bad shot and one day, on firing both barrels hastily at a rabbit, he heard a mournful howl. The next moment his dog appeared, carrying a black object in his mouth, and laid it carefully at his master's feet. The animal had retrieved his own tail.

J. B. Stringer & Co. of Kent County report that the average in beans this year is about equal to that of last year. If it does not prove better, it will be over seventy-five per cent. of last year's crop. The old crop seems to have been very nearly all sold out.

Thos. A. Peters of the New Brunswick department of agriculture sold their recent purchase of sheep in Ontario by auction at Fredericton. The prices averaged \$13.20 for Cotswold rams and \$14.86 for ewes. Shropshire rams brought \$20.57, Shropshire ewes \$24.92, and Lincoln rams \$23.65. There were 34 Cotswolds, 30 Shropshires, 15 Leicesters and 14 Lincolns in the lot.

Marj and Duthie of Cullinane and Uppermill, Scotland, are holding their annual sale of Shorthorn cattle to-day, October 7. They will be sold at Tilly, Ayr, Aberdeenshire, by Macdonald, Fraser & Co.

Richard A. Lake, a Vermont farmer, was recently compelled to pay \$50 to the Battleboro Creamery Association and forfeit his right to sell cream to that organization, because of a fraud perpetrated on the creamery in the summer of 1906. The creamery was supplied with cream furnished by the neighbors because suspicious because of the high percentage of butterfat shown by Lake's cream test, and upon investigation it was found that the cream was furnished by the neighbors.
