JOHN CATTO & SON
King Street—Opposite the Postoffice.

PERSONALS.

Hon. P. R. Cobb of Maine is visiting his sister, Mrs. James Grover, 2 St. James' street, on his way to Denver.

Mrs. W. T. Joy (nee Sutherland) of West Toronto will hold receptions on the afternoon of next Wednesday and Thursday, between the hours of 2 and 5 p.m.

Mr. Thomas Reenie of Renfrew's estate leaves for Europe to-day per S.S. Parisian from Montreal to inspect the seed-growing farms of France, Germany and Denmark.

Attorney-General Gillson returned to the city yesterday from his western trip and was at his post in the afternoon attending to the stack of correspondence which awaits him.

Hon. G. W. Ross returned to town yesterday from West Middlesex, in his company with Hon. Mr. Latchford attended the funeral of the late William Christie in the afternoon.

Mrs. Jasper G. Barry of "Boleston Village" and children returned to England last week, after spending a month with her sister-in-law, Mrs. A. B. Barry, 588 Spadina-avenue.

Mrs. Charles O'Reilly and Mr. Jeffrey O'Reilly, who has just recovered from a stroke of pneumonia, left for Niagara-on-the-Lake on Friday, Mrs. Col. Otter will also spend the next two weeks at the Queen's Royal.

Knights of St. John.
The Lehigh Valley Railroad will make a special rate of \$10.00 from the Suspension Bridge to Philadelphia and return for your convention, June 25th to 28th; tickets good going June 25th, good for return until July 7th. For further particulars call on Robert S. Lewis, Canadian Passenger Agent, 33 Yonge-street, Board of Trade Building, Toronto. 61235

LE ROI A GREAT PRINCE

That Rossland Property Now Earning at Rate of 25 Per Cent. on Company's Capital.

VIRTUE WEAK, GOLDEN STAR UP.

Meeting of Alice "A" Shareholders—Crow's Nest Coal-Mining on Vancouver Island.

The showing now being made by the Le Roi mine just prove most encouraging to everyone interested in the Rossland district of British Columbia.

Under date of May 31, at 43 Louthbury, London, E.C., England, W. B. Mitchell, secretary of the Le Roi Mining Company, limited, has issued the following circular letter to shareholders:

"The general manager cables that for the four weeks ending May 19 he has shipped to the smelter 13,219 tons of ore of an estimated value of \$219,000, and that the cost per ton for mining, development, smelting, refining and realization expenses added together does not exceed \$8 per ton. The net profit on this shipment would therefore be \$113,000 or at the rate of nearly \$8.60 per ton, more than sufficient to pay 25 per cent. on the capital of the company."

A contemporary commenting on this return remarks:

"Ever since the late date mentioned the shipments have largely increased—the mine worked last having an output of over 4000 tons. At present there are only 32 air drills working, while an additional 40-drill plant is being installed, and the production of that mine will be such as to draw the attention of the European investor to Canada's mineral wealth more than ever before. In the same district the British America Corporation, the parent company, has three or four other mines ready to commence shipments, a few of which promise to at least equal the Le Roi."

Golden Star and Virtue.

Virtue broke over 20 points to-day on Montreal selling. The other feature of the market was Golden Star, which sold up to 19 and 20 on announcement of recent mill run. Crow's Nest sold up to 14 1/2.

Alice "A" Shareholders.

A meeting of the shareholders of the Alice "A" Company was held at the office of Messrs. Lamport & Ferguson, barristers, etc., 43 Canada Life Building, on Monday, May 15th, last.

At 10 o'clock in the afternoon to consider and discuss matters of importance in connection with the affairs of this company.

Vancouver Island Mining.

A short notice that operations for the development of the Tyee mine will be commenced on a large scale in a short time, the work being started as soon as Cleburn Livingston, the manager of the mine, returns from London, where he recently succeeded in floating a company to work the mine. The company has been capitalized at \$125,000.

The key City mine, which adjoins the Tyee, was owned by Capt. Andrew Watson of Port Townsend, the ex-collector of the Lenora and Key City properties, and Jerry Rogers of Port Townsend and W. W. Feigar, now prosecuting attorney for Jefferson County, who owned the other half between them. Two weeks ago they disposed of their interest to Californians, receiving in consideration therefor \$25,000 in cash.

No development work had been done on this property, not a pound of ore having been taken out, and the sale was made therefore solely on the basis of outlook of the surface prospects. The Californians intend spending a large sum of money in the development of this property.

The Lenora mine ore is being taken out, but no development work is being done. Mr. Smith formerly owned the quarter interest in the Lenora. He received a hundred dollars for locating the property, and was given a quarter interest for his work. Three weeks later he sold his quarter interest for a sum of three hundred dollars for three hours' work.

Another good property in the vicinity of

Standard Mining Exchange.

Morning sales: Golden Star, 500 at 19 1/2; Deer Trail, 1000, 3000 at 19; Golden Star, 500 at 18. Total, 10,000 shares.

Afternoon sales: Golden Star, 500 at 19; Deer Trail, 1000, 3000 at 19; Golden Star, 500 at 18. Total, 10,000 shares.

Montreal Mining Exchange.

Morning sales: Golden Star, 500 at 19; Deer Trail, 1000, 3000 at 19; Golden Star, 500 at 18. Total, 10,000 shares.

Afternoon sales: Golden Star, 500 at 19; Deer Trail, 1000, 3000 at 19; Golden Star, 500 at 18. Total, 10,000 shares.

New Trial Orphan.

At Osgoode Hall yesterday the Divisional Court ordered a new trial of the action of Mrs. Cameron, wife of a Baptist minister at Ottawa, against the Ottawa Electric Railway Company, brought to get damages for injuries received in falling off a car. Chancellor Boyd found that the trial was not satisfactory, and ordered a new trial.

Reasons: (1) One of the jurors was not selected to be on the panel, and was a stranger to the proceeding. (2) One juror was so deaf that he was unable to hear important evidence. (3) One of the jurors was in such close relations with the company defendants as should have induced him to decline to act. He considered that the same reason that induced judges to abstain from trying a case when they have personal interests should operate with a jurymen also, so that they should disclose their interest or ask to be relieved.

Encourages Inland Notions.

Mr. Richard Reynolds angrily declared that the book encouraged inland notions. "Froebel or the Bible," he cried, "which will you choose between? Heaven will visit retribution upon those who recommend the book, which goes contrary to the teachings of the Bible."

Dr. Langtry Attacks It.

The debate which followed was participated in principally by the clergy and the laity. Dr. Langtry, of the Methodist church, declared that the book was heretical and taught a materialistic and anti-Christian philosophy. He said that the book was a "pamphlet or an anti-Christian tract," and that it was "a gross insult to the teachings of the Bible."

Principal Sheraton Backs It.

Principal Sheraton took an opposite view. The author, he said, had accepted a philosophical system, which he did not approve of, still the charge made that Froebel was a pantheist or an anti-Christian was not true. "It would be decidedly wrong," he said, "to exclude the book from the list of books for the use of the clergy."

So Does Prof. Clark.

Prof. Clark declared that if every book that contradicted the doctrine of an original sin was done away with, Aristotle's Ethics, Butler's sermons on human nature and the other of the famous books would have to be done away with too. The book, he claimed, would not interfere with the teachings of the Bible.

Two Members Resigned.

Another resignation occurred on the motion of the Archbishop of York to re-appoint the old committee, because of the resignation of Mr. J. J. Lewis refused to act on it. The rector of St. Luke's, in making known his intention to resign, declared that the book had committed itself to a heresy by approving of the book.

Personal Service Society.

After luncheon the report of the committee was taken, and it carried by a vote of 10 to 2. The resolution of the committee was that the book should be removed from the list of books for the use of the clergy.

Chancellor Worsell's Motion.

Chancellor Worsell succeeded in having this important motion passed: "That the synod memorialize the Provincial Synod to take such steps as may be necessary to procure the removal (if possible) of all disabilities affecting the clergy of the colonies; and that the Rev. Provost Macklen, Principal Sheraton and the Rev. J. J. Lewis be appointed a committee to prepare such memorial."

Reason of the Movement.

The movement is the result of a desire on the part of the English followers of Ruskin to show their appreciation of the action of Americans 18 months ago, in founding a Ruskin Hall at Oxford.

St. Louis the Site.

St. Louis has been selected as the site of the hall, because it is the home of Mr. Walter Vrooman, the founder of the Oxford Institution. In addition to this the delegates will endeavor to secure the presence of American labor leaders at the People's Convention, to be opened at Oxford, Feb. 22, 1901. Among the objects of this convention will be the celebration of the second anniversary of Ruskin's Hall in honor of that great Englishman, the founder of the American Republic, and generally to promote Anglo-American labor friendship.

A Young Author Dead.

Newrich, June 15.—David Dwight Wells, author and playwright, died at his home near here on to-day, aged 32 years.

Atlantic City Excursion.

The Lehigh Valley Railroad will run its first seashore excursion to Atlantic City, Cap May, Ocean City and Sea Isle City on June 25th. Tickets only \$10.00 from Suspension Bridge to any of the above resorts and return. Tickets good for return until July 7th, good for stop-off at Philadelphia; trains leave Suspension Bridge at 7.20 a.m., 6.50 a.m., 6.00 p.m. For further particulars call on Robert S. Lewis, Canadian Passenger Agent, 33 Yonge-street, Board of Trade Building, Toronto. 6123451

There has been an outbreak of conservative revolution in Ecuador against President British Guiana mail news reports another river accident on June 10, when a boat with 23 persons was capsized over the falls of Chynui River and dashed to pieces. All hands were lost.

THE SYNOD OF TORONTO

Has Endorsed Froebel's Work on the Education of Man After a Long and Warm Discussion.

SOME OF THE CLERGY OPPOSED IT

Proceedings of the Closing Day of the Synod—Many Church Topics Dealt With.

The Synod of the Diocese of Toronto concluded their business yesterday. The first matter taken up in the morning after prayer was the report of the Committee on Public School Text Books. The report had this to say about Froebel's book on the "Education of Man":

"Your committee has examined with care Froebel's book on the 'Education of Man,' and with consideration at its last meeting of Synod. They have paid particular attention to those passages which were indicating, as containing objectionable teaching, and which they regard the book as of great value, also from the Christian point of view. There is a good deal lacking, but to condemn a work written from a scientific and general religious point of view, and to exclude it from the list of books for the use of the clergy, is a matter which can only be regarded as a creature of God."

"If this book, because of its defects, is excluded from the course of normal training, the same rule consistently carried out would banish many other works, especially those read in the study of the classics, of philosophy, and of ethics. The prescription of books in connection with the different departments of study, Froebel's work is not read, nor for its views on religion, or as approving those views, but simply because of its relation to the study of the sciences, which cannot be understood without some knowledge of the life and work of its founder."

Dr. Langtry Attacks It.

The debate which followed was participated in principally by the clergy and the laity. Dr. Langtry, of the Methodist church, declared that the book was heretical and taught a materialistic and anti-Christian philosophy. He said that the book was a "pamphlet or an anti-Christian tract," and that it was "a gross insult to the teachings of the Bible."

There has been an outbreak of conservative revolution in Ecuador against President British Guiana mail news reports another river accident on June 10, when a boat with 23 persons was capsized over the falls of Chynui River and dashed to pieces. All hands were lost.

THE SYNOD OF TORONTO

Has Endorsed Froebel's Work on the Education of Man After a Long and Warm Discussion.

SOME OF THE CLERGY OPPOSED IT

Proceedings of the Closing Day of the Synod—Many Church Topics Dealt With.

The Synod of the Diocese of Toronto concluded their business yesterday. The first matter taken up in the morning after prayer was the report of the Committee on Public School Text Books. The report had this to say about Froebel's book on the "Education of Man":

"Your committee has examined with care Froebel's book on the 'Education of Man,' and with consideration at its last meeting of Synod. They have paid particular attention to those passages which were indicating, as containing objectionable teaching, and which they regard the book as of great value, also from the Christian point of view. There is a good deal lacking, but to condemn a work written from a scientific and general religious point of view, and to exclude it from the list of books for the use of the clergy, is a matter which can only be regarded as a creature of God."

"If this book, because of its defects, is excluded from the course of normal training, the same rule consistently carried out would banish many other works, especially those read in the study of the classics, of philosophy, and of ethics. The prescription of books in connection with the different departments of study, Froebel's work is not read, nor for its views on religion, or as approving those views, but simply because of its relation to the study of the sciences, which cannot be understood without some knowledge of the life and
