cluded all of the third division, two

## JAPS IN GALANT INFANTRY CHARGE COVERING FRONTAGE OF FOUR MILES DRIVE RUSSIANS FROM THE HEIGHTS

### Enemy's New Formation Broken and the Japanese Hold a Dominating Position.

Tokio, May 1.—(7 p.m.)—After five  
days of fighting, largely with artillery,  
the first Japanese army under Gen.  
Kuroki has forced a crossing of the  
Yalu River and to-day, with a gallant  
infantry charge covering a frontage of  
four miles, it drove the Russians from  
the heights and the heights on the  
right bank of the Iho or Aida River,  
which enters the Yalu from the north,  
almost opposite Wiju. The Japanese  
turned the left flank of the Russian  
position, and in the battle of to-day  
they swept away the new front inter-  
posed by the Russians to check their  
onward movement.

### Japs Dominant.

The present position of the Japanese  
is a dominating one, and they  
may force the abandonment of the  
defences erected by the Russians at  
Antung and other points lower down  
the river. Gen. Kuroki began the  
movement on Tuesday by ordering a  
detachment of the Imperial Guards  
division to seize the Island of Kurito,  
which is in the Yalu about a mile  
west of the second division to  
seize the Island of Kinteto, below  
Wiju, and establish their headquarters.  
One battery of Japanese artiller-  
y which had taken a position on a  
hill to the east of Wiju fired three  
volleys at Kuoan, and at noon of  
Thursday the Russian batteries be-  
hind Chutiencheng shelled Wiju,  
wounding one Japanese soldier with  
shrapnel. The Japanese resumed the  
bombardment of Wiju, firing at  
intervals throughout the day.  
The Japanese artillery did not re-  
spond to this fire.

### Fortifying the Iho.

Gen. Kuroki has received reports to  
the effect that the Russians are fortify-  
ing the heights on the right bank  
of the Iho River. These new defences  
are declared to extend from Chutien-  
cheng thru the Village of Makao to  
Koshoki, a distance of three and a  
quarter miles. The Russians resumed  
their bombardment on Thursday, but  
it was generally ineffective. Subse-  
quently the Imperial Guards to cross  
the Yalu and make a reconnaissance  
along the left bank of the Iho for the  
purpose of discovering the character  
of the Russian fortifications along  
the heights on the right bank of the  
river. The Japanese force advanced  
toward Kuoan and then detached a  
small detachment to the village, where  
a party of Russians were encountered.  
In the engagement which followed  
Russians were killed. The Russians  
shelled the reconnoitering party from  
Koshoki, where some Japanese batte-  
ries had taken possession. This firing  
continued into Thursday night, and  
Gen. Kuroki reported that while it was  
ineffective it disturbed his prepara-  
tions for an attack. The Russians re-  
sumed the shelling of Wiju on Friday,  
but the Japanese did not reply.

### BREADLESS BOSTON.

Fourteen Hundred Bakers Go on  
Strike at the Hub.

Boston, May 1.—A strike of more than  
1400 bakers in this city, Cambridge and  
Chelsea, went into effect at 6 o'clock to-  
night. Every bakery in the three cities  
is affected, with the exception of the  
Belmont bakeries. The main quit  
at 6 o'clock and the night shifts failed to  
appear.

The daily output of bread in Boston is  
from 300,000 to 350,000 loaves, and this  
supply will be practically cut off. In all  
cases the employers were making feeble  
attempts to keep their shops in opera-  
tion, but all admitted that the outlook was  
dark.

The large hotels and restaurants will not  
be affected as the employers of the places  
which bake their own bread and pastry  
are members of cooks' and waiters' union,  
and will not be called on. The proprietors  
of the bakers, banded together in the  
Master Bakers Association, have refused  
absolutely to grant the demands of the  
men for higher wages and union shops.  
The master bakers say they will run their  
establishments "open shops." Strikes  
were also ordered to-day in Lynn, Salem  
and Brockton. In other centers  
Chicatta towns action was deferred a week.

### BREWERY WORKERS DELAY.

Postpone Strike Action, Hoping  
Employers Will "Climb Down."

A precedent has been established in  
Toronto. There are no strikes to re-  
cord to-day. The only one that threat-  
ened is still hanging fire, and doubts  
are still held as to the course to be  
taken. This uncertain union is the  
brewery workers. They met Saturday  
night in Victoria Hall, and decided  
that, before striking, they would give  
their employers a chance of an ele-  
venth hour settlement. If there is  
nothing done toward meeting their de-  
mands they intend to go out.

The brewers, however, do not intend  
increasing wages. They are paying as  
much as they can afford. They suppose  
the teamsters' strike is now re-  
ceiving \$11 per week, and the butchers  
and other workers from \$8 to \$9.

### BIDGE AND CHILDREN.

(Canadian Associated Press Cable.)  
London, May 2.—A number of the  
scientists of Gloucestershire have pro-  
tested against the reading of Biblical  
stories of the Fall, the Flood, the Ark  
and the Tower of Babel to school children  
on the grounds that the stories are  
opposed to the teaching of biology,  
geology, anthropology and philology,  
and stunt their intellectual growth.

### GIVE IRELAND MORE.

(Canadian Associated Press Cable.)  
London, May 2.—The Daily Mail,  
referring to Premier Balfour's decision  
to receive a deputation on the redistri-  
bution of parliamentary seats, calls  
upon the Liberal party to agree with  
the Conservative party's scientific  
allocation of representatives which  
would give Ireland 30 members less  
and England 10 more than the  
old man of the sea, Home Rule.

### KILLED AT A CROSSING.

Cheley, May 1.—Peter Fisher, a  
farmer of the 12th concession of Grant  
Township, was struck by a Grand  
Trunk passenger train and instantly killed  
while in the act of driving across the  
Trunk Railway crossing near Chesley  
station at 7:40 last night.

### EIGHT PRISONERS IN CELLS.

When the animal nature of man con-  
trols the intellect, the depth of  
degradation to which the body can be  
debased is seen best when a large num-  
ber of men, under the influence of in-  
temperate liquor, are shown in  
swearing on the streets, showing their  
evil traits with every move. This animal  
nature was visible in no small de-  
gree among the thousands of people  
who thronged Toronto Junction streets  
on Saturday afternoon and evening.

The event was the ushering in of the  
local opinion play and giving a parting  
salute to King Bacchus and six of his  
satellites, the Junction bars. There is  
no denying that the crowd made it a  
success, if debauchery, fighting and  
ill-temper constitute features worthy  
of the term celebration. Rowdiness is  
a mild term for the disgraceful scenes  
which witnessed the incoming of this  
temperance measure. Men who seldom  
drank to excess, eagerly grabbed at  
bottles, flasks, even pails and baskets  
filled with liquor, and hid themselves  
to back lanes, where others helped  
them to swallow the contents.

Herbert's liquor store handed out  
thousands of bottles of various kinds  
of liquor. The "dead men" were thrown  
on the open streets, but more of it in  
the back lanes and around Bart's old lum-  
ber yards. The "dead men" were thrown

### DEATH OF JAMES MASSIE, YORK COUNTY REGISTRAR

### Ex-Warden of Central Prison, Promi- nent in Charity Work, Suc- cumbs to Sudden Attack.

James Massie, registrar of East and  
West York, died at his residence, 68  
West Bloor-street, about 1 o'clock  
Sunday morning after an illness of a  
day and a half. He was stricken on  
Friday evening about 7 o'clock with  
uremic convulsions and was found un-  
conscious by members of the house-  
hold. Tho he partially recovered con-  
sciousness he lingered in a critical  
condition until death ensued. Dr. T.  
B. Richardson attended him during  
his brief illness. Up till the hour he  
was stricken with the fatal illness Mr.  
Massie had been in seeming good  
health. He was a man of great phys-  
ical strength and of large proportions,  
towering above his fellow citizens.  
Within the last year, however, it was  
noticed that he was not as sprightly  
as usual, but his health generally was  
first-class, and his sudden collapse was  
a great shock to his relatives and  
friends.

with many charitable institutions, his  
activity in religious and benevolent  
work being such as to cause sincere  
regret that one so useful to his fel-  
lows should be suddenly removed.  
James Massie was born in Aberdeenshire,  
Scotland, 71 years ago, and re-  
moved to Canada with his parents in  
1832, being then in his 19th year. He  
settled in Guelph, where he was  
carried on business as a wholesale  
grocer and biscuit manufacturer.  
Twice he served the citizens of Guelph  
mayor, and in 1876 was elected a  
member of the legislature for the rid-  
ing of South Wellington. Subse-  
quently he was appointed registrar of  
East and West York. He also in-  
spected the Central Prison, suc-  
ceeding the late Captain Prince.  
This office he held until January, 1894,  
when he was appointed registrar of  
East and West York.

### Interested in Charity.

It was in the discharge of his duties  
as warden of the Central Prison that  
his splendid powers of organization  
were manifested, and he was a mem-  
ber of the boards of the following  
institutions within that institution  
were inaugurated. Being a skilled me-  
chanic he invented and had built a  
number of other institutions of the kind,  
and the bed industry was one of those  
he established at the prison. He also  
inspected the broom factory, the  
binder twine factory, the woolen mill,  
the woodware department, and the  
greenhouses which have proven to be  
a source of considerable income to the  
prison.

### Decidedly Connected with Numerous Charitable Institutions, Being Treasurer of the Associated Charities, Trustee of the Prisoners' Aid Society, and a member of the boards of the Children's Aid Society and the House of Industry. He took a lively inter- est in these and other movements for the amelioration of the condition of society. He was also treasurer of the Caledonian Club, and a member of St. Andrew's Society. Since coming to Toronto he has been connected with new St. Andrew's Presbyterian Church, where he has served as a member of the choir, and as a member of the service. Mrs. Massie was a Miss Mary Armstrong, a daughter of Robert Ar- mstrong, of Guelph, and a daughter of James Massie of New Mexico, and Robert F. Massie of Toronto. The daughters are unmarried.

### The interment will take place at Guelph on Tuesday. After a service in St. Andrew's Church Tuesday morning the remains will be taken to the Union Depot for removal to Guelph.
