### Acid Stomachs Are Dangerous

Common Sense Advice by a Dis-tinguished Specialist.

"Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medicinal treatments are useless in such cases, for they leave the source of the trouble, the acid in the stomach, as dangerous as ever. The acid must be neutralized, and its formation prevented, and the best thing for this purpose is a teaspoonful of bi-surated magnesia, a simple antacid. taken in a little warm or cold water after eating, which not only neutralizes the acid, but also prevents the fermentation from which acidity is toyeloped. Foods which ordinarily Gause greatest distress may be eaten with impunity if the meal is followed with a little bisurated magnesia, which can be obtained from any druggist, and should always be kept

### AMERICAN CABARET WILL AID DEPARTING LEGION

Great Program of Free Dancing and Vaudeville at Arena Thursday Night.

Yesterday's ticket-selling drive for the big American Cabaret at the Arena on Thursday night to supplement the funds of the American Legion was so successful that a monster crowd is assured. With Mosher's orchestra in attendance and John T. Ryan, an attorney and prominent in politics in Buffalo, N. Y., was named in the indictment as the man who soted as intermediary in the payment of money by Von Papen to Von Der Goltz. On two occasions in September, 1914, it is alleged. Von Papen to Von Der Goltz thru a Euffalo bank and Ryan. A previous payment of \$1.00 also is said to have been made to Von Der Goltz Cheques and chequebook stubs of these transactions are in the possession of the United States district attorney.

Capt. Tauscher, head of the Tauscher Arms Co. here, supplied the explosives to Von Der Goltz, the indictment charges, while Von Papen furnished "electric generators, fuses and wires."

In August, 1914, according to the indictment, five sailors from the interned German liner Bivaria, at Baltimore, were brought to New York by the alleged conspirators to aid in the plot, but they were subsequently returned to their ship. Arrangements then were made, it is charged, for the five made, it is charged, for the five made it it is charged, for the five made it is charge

of Nurses.
In answer to Mr. Rowell, Hon. Mr. Hanna said that the difference between Wellesley and other private hospitals lay in that the others did not make provision for public wards.

In reply to Mark Irish, Hon. Mr. Hanna said that every hospital was in competition with public hospitals. He did not understand that this measura would alter the present status of Wels. would alter the present status of Wellesley Hospital with regard to taxa-

tion.
The motion ratifying the order in council to place Wellesley Hospital on the list of those that might receive grants, was then passed. NORTHWEST CAR RECEIPTS.

Motion Ratifying Order to Place

it on List Passed Yes
it on List Passed Yes
it on List Passed Yes
it crday.

Hon. W. J. Hanna, when the question of designating Wellesley Hospital as one to which government aid might be granted, said the crux of the question lay in the fact that the Canadian Order of Nurses refused to recognize nurses not trained in a hospital recognized as having a public ward. This had been a great inconvenience to the nurses at Wellesley. The provincial secretary understood that Wellesley had complied with these requirements and so could come on the list of hospitals recognized by the Canadian Order of Nurses.

ministers who favor universal service.

The council of ministers met late this afternoon and sat for little over half an hour. Immediately afterward the leading ministers attended the war council, which it is understood was held as the result of the decisions arrived at by the cabinet council. What these decisions were has not as yet transpired. They will be given to parliament by Premier Asquith tomorrow.

Asquith tomorrow.
No General Complusion. No General Complusion.

According to the best information, however, there will be no resort to complusion for married men and the measures adopted will be along the lines already indicated in the despatches of the American Press—that there will be no general complusion on the lines of "equal sacrifice for all."

The press association says it understands that while differences of opinion have manifested themsolves among the ministers, a serious crisis in the ministry has thus far been avoided. Up to the present there is no news of any resignations from the cabinet. cabinet.

Premier Asquith had an audience of King George after the war council, presumably to acquaint the King with the nature of the decisions

PRIMARY MOVEMENT.

### TO SAVE EYES Is the Object of This Free Prescription---Try It If Your Eyes Give You Trouble.

Thousands of people suffer from eye troubles because they do not know what to do. They know some good home remedy for every other minor aliment, but none for their eye troubles. They neglect their eyes, because the trouble is not sufficient to drive them to an eye specialist, who would, anyway, charge them a heavy fee. As a last resort they go to an optician or to the five and tencent store, and oftentimes get glasses that they do not need, or which, after being used a few months, do their eyes more injury than good.

Here is a simple prescription that every one should use: 5 grains Bon-Opto dissolved in ¼ glass of water. Use three or four times a day to bathe the eyes. This prescription and the simple Bon-Opto system keeps the eyes clean, sharpens the vision and quickly overcomes inflammation and irritation; weak, watery, overworked, tired eyes and other similar troubles are greatly benefited and oftentimes cured by its use. Many reports show that wearers of glasses have discarded them after a few weeks' use. It is good for the eyes, and contains no ingredient which would injure the most sensitive eyes of an infant or the aged. Your own druggist can fill this prescription, or the Valmas Drug Co. of Toronto will fill it for you by mail. Try it, and know for once what real eye comfort is.

A prominent City Physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them, it can be obtained from any good druggist and is one of the very few preparations. I feel should be kept as head for regular use in almost every family."

# SILVER'S ADVANCE

Stocks-Prices Trend Upward.

The strength and activity of mining stocks which developed at the begin-ning of the week has become estab-lished as more than a mere temporary spurt, and the underlying conditions are such as to justify a continuation of

are such as to justify a continuation of the activity.

In spite of the weakness of New York yesterday, trading at the Standard Stock Exchange continued unatated, and with the exception perhaps of Big Dome, unaffected by the Wall street declines. This is as it should be, because international difficulties have but little bearing on the local mining stocks. In fact, it ought logically to increase interest in the mines for the same reason.

for the same reason.

A bullish factor in the market has been the steady upward climb of bar silver, which was up another 1/4 to 64 yesterday. Nor is the end yet according to experts, who are freely predicting still higher prices for the white metal. Stocks in London are said to be very low, lower than in years, and there is an ever-increasing demand for there is an ever-increasing demand for the metal. With respect to silver, The New York Globe says:

"The silver stocks will be helped as much as any by peace. The recent advance in the metal has been due, as is well known to the increased demand for coinege in consequence.

demand for coinage in consequence of the impounding of such huge re-serves of gold in the great banks of Europe. It has been the history after all wars that further enormous loans are floated by the belligerent govern-ments, and that the demand for gold for reserve purposes increases, with a consequent increase in the demand for silver to take its place in circulafor silver to take its place in circula-tion. Experts on silver say that the rise has only begun, and predict very much higher figures after the war. The advance, especially that of the last few weeks, is one of numerous signs that the markets have been showing pre-paration for the end of the war." In the Porcupine list Hollinger was the outstanding feature. There was an insistent demand for this stock all day. insistent demand for this stock all day which led the brokers to anticipate some big development. The rumor on the street was that the holdings of the Canadian Mining and Finance Co., in-cluding the Acme, Millerton and Holcluding the Acme, Millerton and Hollinger Extension, were to be merged with the Hollinger. A meeting for this purpose was said to be taking place at Montreal. The lease of the Consolidation was rumored to be at \$85 per share for the Hollinger. There was nothing official. The stock opened stronger at \$28, and sold up to \$30 in the afternoon, closing slightly lower.

the afternoon, closing slightly lower at \$29.50.

Dome Extension started well at 37%, advanced to 38, but eased off to 37%, and closed at 37%. Bib Dome rallied in the morning to \$25.25, but eased off to the close in sympathy with New in the morning to \$25.25, but eased on on the close in sympathy with New York, to \$24.75, McIntyre was fairly active, opening higher at 95, advancing to 95½, and settling back to 94 on profit-taking in the afternoon. With the new mill unit running at McIntyre, bringing the mill capacity up to 450 tons, traders are expecting the com-

bringing the mill capacity up to 450 tons, traders are expecting the company to show a pretty good statement of production this month and the foilowing one. Vipond was quiet but firm, selling from 55½ to 56.

The greater percentage of trading was done in the Cobalt section, which has had an awakening since sliver started to soar. Timiskaming was the feature of activity. It opened at 62½, advanced 2½ points to 65, when traders commenced to realize profits, which broke the price down to 63½, where it closed. The reaction was only natural following the rapid advance, and leaves the stock in a stronger position, and with a trend upwards.

Seneca advanced on good buying from 48½ to 49½, and reacted to 48 on the close, Peterson Lake was active
