

loss ; but despite these difficulties, God hath poured out of his Spirit, and our Island friends are not without hope.

The Statistical Returns will show a large decrease in the number of members. But that, it must be remembered, is more apparent than real, as the Mitchell station, which was last year a Mission, is now on the list of self-supporting Circuits, with upwards of three hundred members. The actual decrease is about one hundred, but that decrease is a solemn ground for heart seaching, and humiliation before God ; and our sincere prayer is, "O Lord, avenge thine elect, that cry day and night unto Thee, and pour out Thy Spirit, and save us."
