THE NEW VICEROY OF INDIA.

(Manitoba Free Press).

The Saturday Review says Sir Charles Hardinge's experiences at home and abroad have been so exactly calculated to equip him for the post of viceroy that it would almost appear as if the invisible hand of fate had been training him for this high office, at a time when exceptional qualifications are required in its occupant:

"Of foreign countries India is most concerned with Russia and Persia, and among the civil servants, through whom he or any other viceroy must govern India, he will be held in honor and respect, not as the successful product of a party system, which is held in slight esteem in India, but as a statesman well versed in enterprises of great pith and moment. In India no man can be altogether successful who is not a sportsman, and Sir Charles Hardinge is an excellent horseman, an accomplished polo player, a good shot, and, of course, possesses that indispensable adjunct of a twentieth century statesman, sufficient skill in the royal game of golf.

"Though suave in manner, he possesses," the Saturday Review adds, "great firmness of character; and should a day of trouble come while he is viceroy, he is a man who will be 'master of his fate and captain of his soul.'"

SPORT NEWS OF A DAY; AT HOME AND ABROAD

St. John's Won From Clippers.

One hundred and fifty fans witnessed a terrible exhibition of base ball on the Victoria grounds last evening, when at the commencement of the last half of the fourth inning, Umpire McAllister awarded the game to the Clippers with a score of six to nothing, as he claimed that the St. Johns were delaying the game.

Game This Afternoon.

The St. Johns and Clippers will play a game on the Victoria grounds this afternoon and a good game may be expected as the St. Johns will strengthen their team in an endeavor to stop the Clippers from their streak of winning games. The whites and blues are giving the leaders a hard chase for the championship. The champions will have the play off with the leaders of the Inter-Society League.

Woodstock Downed St. Peters.

Woodstock, N. B., July 22—(Special)—Woodstock took St. Peters into camp this afternoon, 3 to 1. This score hardly tells the tale, as a decision of the umpire in the sixth, which was acknowledged to be an error, shut Woodstock out of what promised to be two more runs.

The evening game, which was by far the best exhibition of ball playing in Woodstock this season, resulted in a score of 6 to 0, in favor of Woodstock. Hodd pitched a good game for St. Peters, but gave three men free tickets for the first base. Neptune played an excellent game for the home team.

National League.

At Chicago—Boston-Chicago game postponed—rain. Two games Sunday.

At Pittsburg—Brooklyn, 1; Pittsburg, 14.

At Cincinnati—Philadelphia, 4; Cincinnati, 6.

At St. Louis—New York, 0; St. Louis, 4.

American League.

Boston, July 22—Boston hit the ball hard with men on bases and won from St. Louis today, 6 to 3. A peculiar double play was a feature. In the second inning, with Stahl on first base, Lord popped a fly to Wallace and Stahl was caught off the base. Lord, however, blocked the shortstop's throw and Stahl was called out for interference. The score by innings:

Boston .... 0 0 3 0 1 0 1 1 x—6 9 1
St. Louis .... 2 1 0 0 0 0 0 0 0—3 8 2

FOR OTHERS—AND HIS WIFE.

He took off his hat to the woman next door,
But he wouldn't do that for his wife.
He picked up the handkerchief dropped on the floor,
But he wouldn't do that for his wife.
He ran for a chair when a maiden fair stood.
Did every polite thing a gentleman should,
When leaving he helped her get into her hood,
But he wouldn't do that for his wife.

He offered his arm to the fair Mrs. Brown,
But he wouldn't do that for his wife.
He gallantly carried her parcels from town,
But he wouldn't do that for his wife.
He helped her alight from the trolley car then,
Didn't stand on the platform to smoke with the men,
But sat down beside her. I'll say it again
That he wouldn't do that for his wife,
No man is polite, let me venture to say,
If he isn't polite to his wife.
Fair women deserve all courtesies—true,
And enough for her no man is able to do,
But the man who's a gentleman right through and through
Is a gentleman first to his wife.

Oxydonor!
Victory Over Disease

Many prominent citizens of St. John have been successfully cured, from the use of our marvelous little machine.

Call at our office, and you will learn their names and hear their grateful reports.

Oxygen is the natural enemy of disease and the greatest power in aiding the restoration of health, strength and vigor.

Oxygen, as instilled into the system by Oxydonor has helped thousands to regain health, where drugs have failed.

Oxydnor, will cure children as well as adults. This is what Mr. Gallagher, has to say regarding our Oxydonor:

This is what Mr. Alex. Leveque says regarding Oxydonor:

Mr. I. Roth.

Dear Sir,—In reply to your letter of the 12th inst., will say that your Oxydonor No. 2 has done more for me than I can put down in this letter. I have been suffering for over 20 years with rheumatism and general debility. I tried everything that money could purchase. I spent hundreds of dollars for different kinds of medicine but nothing helped me. I was so far gone that I did not care whether I lived or died until a friend recommended your Oxydonor. I bought one and have been using it for four weeks, as you know. Now I . say that I am able to do all the work put to me. I never felt better in my life. It has also been used in my family for dyspepsia with best results. I heartily recommend this wonderful instrument to all sufferers.

Yours truly
ALEX. LEVEQUE,
Eel River Crossing, N. B.

Oxydonor applies to every disease with wonderful effects.

Remember Dr. Sauche is originator and inventor of Oxydonor.

Beware of imitations. The genuine Oxydonor has only one cord. Not being an electric device it does not need two cords to make an electrical circuit.

The genuine is patented by the Canadian government, and Dr. Sauche's name is plainly stamped on every original instrument. Look for the name and be sure you get the right one. We have the original, the only genuine instrument in the market.

TRIES SUICIDE WHEN COURT FREES "JILTER"

"I Want to Die," Cried Girl as Guard Drags Her From Edge of Pier

New York, July, 23—Rose Martini, a pretty girl of eighteen, struggling on the edge of the East One Hundred and Twelfth street recreation pier late yesterday afternoon with a guard, who prevented her from ending her life in the East river riveted the eyes of hundreds on the breeze-swept resting place.

"Let me die!" she cried, piteously. "Let me die, or I will kill the man who made me hate to live!"

Th girl, who had slipped under the ropes and reached the edge of the pier before Joseph Winfield, a powerful guard, designed her intention, was dragged back from danger and taken to the East One Hundred and Fourteenth street station. There she was detained on a charge of attempted suicide.

The story that Rose and her friends told involved a double jilting. Two men—John Roceo, a drug clerk, of No. 235 East One hundred and Ninth street, and James Martini, Rose's brother—are implicated. The latter, it is claimed, had been "keeping company" with Mary Roceo, John's sister, but decided she was not suited to him, and married another girl.

John, who has been looked upon by Rose as her finance, then decided that he would even up matters by jilting his sweetheart. He stopped calling upon her about a month ago. Then Rose had a warrant issued for John's arrest, alleging that he had abused her confidence. He was summoned before Magistrate Breen yesterday and discharged.

As soon as Rose heard the decision of the Magistrate her head fell in despair. She immediately took a street car to the recreation pier and clambored out on the edge to drown herself. "I want to die," she wrote in a hastily scribbled note, "because I cannot live and have the man I love."

At the police station Rose refused to be comforted. She repeated her threat that she would have revenge upon Rocco.

AMUSEMENTS FOR OURSELVES AND OTHERS

THE LION AND THE GIRL.

A well known local critic who witnessed a rehearsal last night of The Lion and The Girl, the Canadian play to be produced in the Opera House on Monday and Tuesday evenings, by Miss Sadie Calhoun and a local cast, expressed the opinion that it was as strong a production as he had ever seen here and would rank with The Climax and other plays of class. There are six characters in the play, and the parts are all powerful. Miss Calhoun, George Lund, Godfrey Kenney, Rupert E. Walker, A. E. McGinley and Frank Corr are the participants in the play, and Miss Annie Edwards and George Brown will be seen in specialties between the acts. Then there will be the Grey Bonnet Girls seven in number who will present a new and attractive specialty. The Artillery Band, under whose auspices the production is to be made, will be in attendance and render music. Seats are selling rapidly, and there is every indication of a crowded house on both evenings.

NICKEL TODAY AND MONDAY.

Today, it is announced, the Nickel will be on hand as usual with a very interesting week-end programme, in which Miss Betty Donn, in concert selections, George Lund in film lectures, and a fine list of motion pictures will be put on. The picture bill includes the war-time drama, Mid the Cannon's Roar, the western story, Way Out West; the ghost drama, The Saving Drill on the Atlantic Coast.

On Monday the Nickel is to introduce to its patrons another new singer in Miss Mildred Prescott, Contralto, whose opening number will be "When the Bells Are Ringing, Mary," the late New York novelty. The fine Biograph production, A Midnight Cupid, will be the leading film feature, followed by four other pictures, including comedy, drama and farcial stories. Miss Betty Donn will enter upon her farewell week in several new numbers, in the rendering of which she will be daintily costumed.

SPLENDID PERFORMANCE AT THE GEM

As had been confidently expected, the audiences which attended the popular Gem theatre yesterday afternoon and last night, were thrilled with the portrayal of the great Kalem Indian story. The Cheyene Raiders, in which their minds were taken to the western prairie, where scenes and objects of fascinating interest met their gaze, and they were delighted with the tale silently told in the movements of the Kalem players. The people were also delighted with the historical picture, Reconciliation of Foes, when actual scenes of ancient Rome, in he days of the gladiators, were unfolded before them, and an interesting drama enacted.

Plenty of rollicking fun was given in the film Cook Making Sauce, while a stirring dramatic story was told in the picture, called The Masqueraders' Party. This afternoon a matinee will be held, and to every child attending souvenirs will be given. Miss Ellis is receiving considerable praise for her rendering of the old favorite, "Sleep, Kentucky Babe," which she will give again today.

MUSICAL COMEDY ACT AT "LYRIC" NEXT WEEK.

Bert. Smith, the celebrated musical comedian will be the vaudeville attraction at the "Lyric" next week. Mr. Smith is said to be a master of almost every instrument known to the musical world, and is also a very clever comedian. His great trick work on the violin and banjo will undoubtedly be a revelation, while his playing on various instruments will be sure to prove popular. This act is claimed to be one of the best single acts yet presented, and no doubt will be a big drawing card, and a source of delight to both young and old. Today is the last opportunity of hearing Paris Chambers, the world renowned cornetist.

THE CROPS.

(Charlottetown Guardian.)

The Winnipeg Free Press, one of the best in Canada, tells fully about the crops in the prairie country. Southern Manitoba has suffered greatly from the drought, and the crop there may be about eight bushels per acre. Southern Saskatchewan has suffered less, while the northern and central portions promise excellent crops. Southern Alberta crops may be counted an almost total loss, while the northern part of the province has generally good crops. The Free Press counts on 90,000,000 to 95,000,000 bushels of wheat in the three provinces, "enough for bread and seed and a fair amount for export, and the quality will be high." It is added that "the oat crop will be light and the barley crop generally unsatisfactory."

Considering how good everybody says he is, this is a dreadfully wicked old world.

The great amount of good you will receive from the OXYGENATOR cannot be estimated in dollars and cents. A greatful possessor writes: "Had we known of and possessed an OXYGENATOR a year ago we would have saved $800.00, so I assure you it is the best investment we ever made in our lives."

Sickness in a household is an endless expense, and particularly where there are children. With the OXYGENATOR first cost is only cost, as there is nothing more to buy and it costs nothing to operate it. Oxygen is nature's most abundant and freest vitalizer, and the OXYGENATOR makes available for your sick body this healing agent. Medicine and attendance for one illness often costs more than the price of the OXYGENATOR, and with the latter you can treat all future cases without a cent's more cost.

Frederick A. Baynes, inventor of the Baynes Incandescent light, writes: "Since May, 1908, I have owned an OXYGENATOR and during this time I have not spent one cent for doctor or medicine in my family of six."

MORNING LOCALS

At the private hospital yesterday, two delicate operations were performed by Dr. Edward Archibald, of Montreal, assisted by Dr. Corbet and Dr. Bishop of this city. As a result it is believed that William Young, nine year old son of Mr. and Mrs. Elmer Young, West End, will be cured of a disease that made him a cripple and John Murray will be cured of a disease that he has had for the past few years.

Peerless Lodge No. 19, I. O. O. F. at their annual meeting this week held the annual service for departed brethren.

True Blue L. O. L., No. 11, West End, celebrated its 66th anniversary last evening.

James Reid, M. P., of Charlo, N. B., who arrived in the city yesterday direct from Campbellton, says that money is most needed there now. People he said were practically living in the open and scantily sheltered from the cold and rain.

J. C. Manzer, of Andover, who arrived in the city yesterday from Havana, Cuba, says that the demand for potatoes this year there will be greater than ever before. Last year New Brunswick shipped through this port 125,000.

Some scows that were being towed by the tug Hunter, yesterday, collided above the reversible falls with a raft of logs in tow of the tug Captain. The scows were forced on the rocks and later broke a drift and went through the falls. They were later caught but were much damaged.

Wilson J. Crowe was yesterday appointed to the place of inspector of the new paving operations in Main street, made vacant by the resignation of James L. Carleton. In speaking of the matter, yesterday, City Engineer Murdoch said that there had been much friction between Mr. Carleton and the contractors for which he said there could be no reason, as all that was necessary, if he thought things were not going on right, was to report to the engineer. Mr. Murdoch said that there were some matters arranged between himself and the contractors, which he did not tell Mr. Carleton, of, namely, that though the specifications called for the laying of concrete close up to the street railway tracks, as it had already been placed there by the company in laying their rail, it was not to be removed. Mr. Carleton insisted that they live up to the letter of their specifications.

A commercial man named L. R. Patterson, is reported to have lost a valise last night in front of the depot, where he left it for about five minutes, while going back into the station. No trace was found as to the identity of the thief.

John A. Bermingham, traveling secretary for the Brotherhood of St. Andrew, for Canada, is expected to reach the city today and will commence on Monday evening to conduct meetings in the interests of the local chapter. The secretary comes to the Maritime Provinces for the first time. His first meeting will be held in Trinity church at 8 p. m. Monday.

The Westmorland County Rifle Association held their annual shoot yesterday on the Moncton Range. The first prizes in all matches were won by Moncton men.
