

## HAD BOTTLE IN PATROL WAGON

That Is Tale Told in Mixed Up Police Case

Arrests Follow Trouble Occurring in German Street Last Night.

A series of arguments and a fight in German street last night about 11 o'clock resulted in Daniel Maynes, Harry Wilson, Kenneth Mason and John Dean appearing before Sitting Magistrate W. Grant Smith today to answer different charges.

Maynes was charged with fighting with Mason; Wilson with having liquor in his possession, and Mason with fighting with Daniel Maynes; also with threatening to assault Laurence Cullinan as he was walking along German street. Dean was held on a charge of drunkenness. All except Dean pleaded not guilty.

### POLICEMAN'S STORY.

Policeman Thomas told of being summoned to German street near Duke and of finding the four defendants there with a report of fighting borne out by the appearance of Maynes' face. He took the four to the central station in the patrol. After an investigation Wilson and Dean were permitted to go as he said there was nothing against them at the time.

These two men left by the front entrance of the station and the witness and another officer followed. He said they saw Dean enter the patrol closely followed by Wilson. The men were again captured on leaving the patrol, and Wilson was held on a charge of drunkenness. A charge of drunkenness was laid against Dean.

### CALLS IT TRAP

Mason at this point said that it was all a trap and the officer had known the bottle was in the patrol and had rushed out the back door to catch them. He denied entering the patrol but admitted that he had had the bottle in his hand when captured but said he did not own it.

Magistrate Cullinan said that he was walking along German street when he saw trouble going on and he asked Dean about it. Mason told him to go on or he would strike him. He later accepted the advice and walked away. He looked back and saw some one of the three hit Maynes and he fell. He could not swear which one hit him. He added that he did not want to press the charge of threatened assault against Mason.

The Sitting Magistrate here asked if there was any further evidence against Maynes and Mason and on receiving a negative reply he dismissed the case against each of them. He imposed a fine of \$5 on Dean on his plea of guilty to drunkenness.

The case against Wilson was then postponed for further witnesses and to enable a test to be made of the contents of the bottle. Later, however, he again appeared and changed his plea to guilty and was fined \$50 or three months in jail.

## FIREMAN GIVEN TWO RUNS LAST NIGHT

One Family Suffers For Second Time—Store in Fire Grip.

Fire which broke out about 3.30 o'clock this morning in a store occupied by D. M. Lawson at the corner of Queen and Carleton streets practically ruined the entire stock and badly gutted the section occupied by the store. The building is owned by the Eastern Trust Company. The damage is fully covered by insurance. Mr. Lawson says his stock also is practically covered by insurance.

### SECOND TIME

The household of James Gould seems to have been particularly unfortunate within the last eight months having suffered on two occasions from the effects of fire in the house in which their flat was located. A blaze which broke out a little after last midnight near the foot of Erin street destroyed their effects and made the premises practically untenable. The first time on which the family was flooded out of house and home they lived in Exmouth street, near the corner of Prince Edward. This morning's fire was in an unoccupied flat above them. The origin is not definitely known although it is supposed to have caught from a chimney.

**STILL ALARM**  
A still alarm was sent in for a chimney fire in Victoria School Annex this morning about 3.30 o'clock. Firemen McCuskey and Purling and Detective Kilpatrick entered the building by means of a window but were unable to reach the roof. They stayed and watched the chimney until the fire turned itself out. No damage was done.

## Case In Court Over Furniture Store Kept Open After 6 P.M.

A charge of keeping his furniture store open for business after 6 o'clock on the evening of Oct. 23, 1925, contrary to the by-law governing the closing of furniture stores in Saint John was laid against Jacob N. Brager, of Brager Bros., King Square, by Sergeant Detective Power and the case was commenced in the police court this morning.

Sergeant Detective Power said that on last Friday evening about 8.30 o'clock in consequence of a telephone message he went to the defendant's store. He said there were people in the store at the time and he spoke to the defendant about the store being open at that time. The defendant informed him that the store was always open

on Friday and Saturday evenings. He told the court that, at the request of the Retail Merchants' Association, the store had been warned before this case. The defendant said that other stores were allowed to be open and he did not see why his furniture store should be discriminated against. He did not see how they could do such a thing for one particular line only. He considered that the law was a "joke." However, he said that if the law was there he would be forced to engage counsel and investigate the matter.

At the request of the defendant, who expects to be out of the city for a week or so, the matter was allowed to stand temporarily.

## SUBURBAN TRAIN CHANGES MONDAY

Board of Trade Gets Word of C. N. R. Service Improvement.

Word was received by the Board of Trade this morning that the changes in the suburban train table between Saint John and Hampton, agreed upon at a recent conference of suburbanites and railway officials, would go into effect on next Monday, November 2.

These provide that No. 19, now due here at 1.45, will arrive at 2 p. m., making all the suburban stops between the city and Hampton, when flagged; that No. 143, now due here at 9 p. m., will arrive at 8.15, three-quarters of an hour earlier, and that No. 186 will leave Saint John at 11 p. m. instead of 10.30 as at present.

The first is to give suburbanites an opportunity to come into the city in the early afternoon to shop. The earlier arrival of the evening train will allow those living along the line to come into the city for an entertainment in the evening, and the later leaving time of the late train gives them an opportunity to get home afterwards.
