SPORT NEWS OF A DAY, HOME AND ABROAD

OWLING

On Black's Alley.

In the City League last night at Black's, Ramblers played the Market Men, beating them three points to 1. The scores were:

Team	1st	2nd	3rd	4th	5th	6th	7th	8th	9th	10th	Total	Avg.
Ramblers	90	85	82	86	88	84	87	89	83	86	864	86.4
Market Men	86	84	79	82	80	83	81	85	82	80	808	80.8

Market Men—Total Avg. 80.8. Ramblers—Total Avg. 86.4. Market Men—Total Avg. 80.8. Ramblers—Total Avg. 86.4.

In the Commercial League T. S. Simms Company were asked the game and points, who did not.

T. S. Simms & Co., Ltd.—Total Avg. 80.8. Ramblers—Total Avg. 86.4. Market Men—Total Avg. 80.8. Ramblers—Total Avg. 86.4.

onight in the City League the Tigers play Insurance and in the Commercial League, Macaulay Bros. will play W. H. Smith & Co., Ltd.

Speedy Walsh Here.

Walsh, the youngest professional in the City League, arrived in the City yesterday. St. John is his home but for several years he has been in the States. Within the next two weeks he expects to leave either for the States or for the City League. On his last visit here he made several records in the City League, which have never been broken. He will give exhibitions at K's during his stay. Tonight he will play C. L. Wilson.

OKED.

Boston Team W.

Jan. 29—Boston Athletic Association from St. Jacques Hockey Club played at the Boston Arena tonight, scores were 5 to 1.

In Upper Canada.

The Upper Canadian hockey games night Quebec defeated Ottawa 5 to 3. The Wanderers won from the Temu-6 to 2.

CRING.

Is Discharged.

Jan. 29—Magistrate Giesman discharged from custody John B. Bugler on the receiving ship Hans at the New York Navy Yard, who had been arrested at the New York Navy Yard, who had been arrested at the New York Navy Yard.

LETIC.

Jan. 29—Young Shugrue of city, outwitted Leach Cross, a local right, in seven out of ten rounds at the South London Harriers' Club, last President Willie, who said that the was the pioneer in international athletic made the startling proposal that Olympic games should be open to amateurs and professionals.

don, Jan. 30—At the annual dinner of the South London Harriers' Club, last President Willie, who said that the was the pioneer in international athletic made the startling proposal that Olympic games should be open to amateurs and professionals.

FROM THE TREE TO THE PLATE

FOR GOOD ROADS

(Continued from page eight.)

the byways better as those in charge of them would strive to make their roads as good as the trunk roads. He told of the good roads in parts of the United States and the good they have done country. He referred particularly to the road from St. John to Hampton, and pointed out that it was a disgrace. The trunk roads would not go near his residence, but just the same he believed that the whole province would benefit by the establishment of these trunk roads.

F. W. Wallace, formerly a councillor of Sussex, pointed out that according to the constitution, there must be a road before there can be a trunk road. He pointed out that the trunk roads would not go near his residence, but just the same he believed that the whole province would benefit by the establishment of these trunk roads.

The next resolution was moved by Percy W. Thomson and seconded by W. B. Tennant. It was that any grant made by the Dominion government for highway purposes, be devoted to the construction and maintenance of trunk roads as above designated.

This resolution called forth criticism on the part of Mr. Sharpe, of Kings county, who moved that the money be devoted to other roads besides these trunk roads. When the amendment was put it was lost and the original motion was carried without anyone objecting.

Patrol System Urged.

R. B. Emerson moved that it be urged that the patrol system for the repair and maintenance of roads so far as possible, especially on main roads, be adopted in the province. This was seconded by E. R. Folkins and was carried without discussion.

F. W. Wallace, of Sussex, then moved that a provincial good roads association be formed. This was seconded by S. L. Peters, of Gagetown.

It was decided that W. B. Tennant be president of the new association and the following committee was selected to nominate officers for the new association: Messrs. Carr, Prescott, McAuley, Higgins, Richard, Regan, Peters, Marks and Dr. Pennington.

While the committee was in retirement it was decided that the convention take the form of a newly formed organization to prepare a memorial, including the resolutions passed at this meeting, and circulate it throughout the province for signatures and then form a delegation to go to Fredericton and place them before the legislature when it is in session.

H. D. Buchanan, editor of the Bury East, spoke of the needs of the improvement in the provincial roads. He had been in Europe and found that the automobile owners had been instrumental in having built the fine roads which are found in all parts of European countries.

There followed a general discussion on the roads of the province. Many of the people from Westmorland spoke of some of the bad roads seen there.

Those who attended the convention and registered their names as delegates were as follows: James Anderson, E. R. Folkins, Harold Price, Edward Killip, A. Prig, Dr. H. G. Folkins, J. W. Smith, D. Floyd, Thomas Gilliland, H. Mackin, F. E. Sharp and John E. McAuley, Kings county; S. L. Peters, Gagetown; William Golding, Lunenburg; C. D. Goodill, Rolling Dam, Charlotte county; Henry Shillington, Simonds; T. A. Goggin, Egan; H. G. Cowell, Woodstock; F. G. Richard, Wellington, Kent county; A. J. Boudage, parish of St. Louis, Kent county; J. C. Prescott, Hopewell, Albert county; James T. Allaby, Central Norton; H. H. Cochran, Bloomfield; A. B. Carson, Richibucto parish, Kent county; W. E. Marks, Moncton; Percy W. Thomson, J. Royden Thomson, R. B. Emerson, R. D. Peterson, C. B. Allen, T. P. Regan, W. F. Burditt, W. B. Tennant, St. John; F. W. Wallace, Sussex; A. D. Murray, Pennington; W. G. Jones, Moncton; S. J. Shanklin, St. Martins; Oscar Hanson, Little Lepreau, Charlotte county; S. L. F. Harrison, Moncton; J. E. Humphrey, Dr. Pennington, H. W. Church, Petitcodiac.

Besides these there were many others who attended the meetings without being officially credited as delegates.

At the close of the convention the thanks of the meeting was tendered to W. F. Burditt, the chairman.

"In a battle of tongues a woman can always hold her own." "Yes, but she never does."

ICE SPORTS DRAW MANY; ARE MUCH ENJOYED BY ALL

all present irrigation ditches, both government and private.

Water will be taken from the government storage reservoirs in the Cascade mountains. The company proposes to supply water not only for its own lands but for others within reach of the canal to be built.

Had Weak AND Dizzy Spells.

Those feelings of weakness, those dizzy spells and "all gone" sinking sensations, which come over some people from time to time, are warnings that must not be heeded.

They indicate an extremely weakened condition of the heart and a disordered state of the nerves.

One dizzy spell may pass off, but the next may be more serious.

Those who are wise will start taking Miltur's Heart and Nerve Pills, before their case becomes hopeless. They have no equal for reviving and strengthening the heart, and invigorating the nerves.

Mrs. A. E. Martell, Rockville, N.B., writes:—"I was troubled for a long time with a heart, had weak and dizzy spells, could not sleep, and would have to sit up the greater part of the night. At last I got a box of Miltur's Heart and Nerve Pills and they did me so much good I got another, and after taking it I could sleep as well as before I was taken sick. They are the best medicine I ever heard of for heart or nerve trouble."

Price, 50 cents a box; 3 for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Great Irrigation Project.

Spokane, Wash., Jan. 30—The largest irrigation project in the west is being worked out by the Northern Pacific railroad, which is making surveys by which it intends to place water on 200,000 acres of land between Ellensburg and Kennewick, in eastern Washington. The land is above
