

Miramichi and the North Shore, etc.

A CARICATURE of the Scott Act election ballot was published in last week's Advocate.

The Barque Zo Belaita has been towed on the Tabernacle shore and is now en route for Pictou, in charge of the tug St. Andrew and St. Nicholas.

FARMERS who are in want of potato-diggers or thrashing-mills, will find it to their advantage to apply to Mr. Alex. Robinson's Carriage & Sleigh Works, Chatham.

LOST—A gold watch, set with aqua marina stones was lost on Monday between Miramichi and the residence of Mr. Pierce. The loser will be glad to pay a reward for its recovery. Apply at the Advocate office.

MILK ACCIDENT—Mr. John Knowler, one of the lands employed at the Sawmill, had his left leg badly injured yesterday morning by a piece of edging which fell from an edge saw and penetrated the blood from side to side, breaking the fibula bone.

THE MARQUIS-SANIER WEDDING, which was celebrated last week, took place at the Canada House, Chatham, on Monday morning and the happy pair received the warm congratulations of a host of friends.

FRANK STREVEN—C. W. Fraser, station master at Amherst, and Miss Bell Stevens, daughter of James Stevens, of Richibucto, N. B., were on Friday last the principals in an interesting event in which the twin became one.

NARROW ESCAPE—Alan Kerr, son of William Kerr, Esq., who is one of our leading young athletes, was jumping over a bar at Mr. Jas. Edgar's, Napin, last Wednesday evening, when he broke it and it entered his flesh at the lower part of the body and penetrated obliquely upwards eleven inches.

LOOK HERE. Do you feel blue and dejected? Do your back and feet ache from nerve and muscle, and have you been disappointed in finding a remedy that will afford certain and speedy relief? If so, go at once to any drug store and buy a bottle of Polson's Nervine.

CHANGE OF TIME-TABLE. By a change in the time-table of the Canada Eastern Railway, which came into effect on Tuesday, 20th, the hours for leaving Chatham for Fredericton are now—

NO CHOLERA—There is no truth in the rumors abroad yesterday and to-day that a case of cholera had been discovered at "Yvesmouth."

THE TRUTH IS THAT there is cholera at Bangor. A despatch to the Globe says the report arose from the fact that a man in a camp near Moosehead Lake was taken sick, removed to his home at Bangor and died.

THE CARROLL SAFE—The steamer "Carroll," from Halifax, departed on Saturday at 6 p. m., 70 miles southeast of Ségou, and lay by her side, it being too rough to render assistance. On Sunday at 7 a. m. the steamer was boarded and supplied with provisions, and then taken to tow by the "McKenzie." The latter vessel is the target of the cholera epidemic, and one of the fastest sailers. Capt. Brown, of the steamer "Carroll," says much credit is due to both the captain and the crew of the "McKenzie."

ANOTHER OLD RESIDENT of Miramichi, in the person of Mr. Connell, fell ill on Sunday at 10.30 with cholera, and died on Monday at 7 a. m. The patient was in the last stages of the disease when he died.

THE CARROLL SAFE—The steamer "Carroll," from Halifax, departed on Saturday at 6 p. m., 70 miles southeast of Ségou, and lay by her side, it being too rough to render assistance. On Sunday at 7 a. m. the steamer was boarded and supplied with provisions, and then taken to tow by the "McKenzie." illegally fished and its valuable stock of salmon destroyed. In a few years salmon will, through the greed of the fishermen and under existing departmental neglect, become as scarce in the Southwest as has been in the Northwest, a few years ago, owing to the same causes. The Department is fully warned in both cases, but with no effect. The present policy has been productive only of lawless methods in killing off the salmon supply in the great nursery for that fish, which the Southwest affords.

When the natural and inevitable result has been realized—as it will be in a few years—we shall have the officials at Ottawa who are largely responsible, blaming others, instead of themselves, for the existing lack of efficiency in guardianship and of intelligent regulations. This will follow widespread prohibitions of the coast, usually followed when Ottawa incompetency has reached the end of its working.

Death of Councillor Campbell. Mr. John Campbell, of Beloit, one of the councillors for the parish of Ludlow, died at his home on Thursday last, and was buried on Saturday. He was a member of Court Holywell, Fredericton, of which he attended the obsequies in a body, being joined by the Beloit Court in paying their last respects to their departed brother. Quite a large number of leading men in the County were also present with Mr. Campbell's neighbors at the funeral. Deceased will be much missed in Ludlow, as he was well-informed and public-spirited citizen.

Teachers' Institute. We understand that an interesting session of the Northumberland Teachers' Institute will be held in Chatham last week. We were precluded from having a reporter in attendance for the reason that those in charge of the arrangements for the meeting pointedly withheld their announcement from the Advance. The Secretary stating that he did not think it necessary to convey information respecting the meeting to the public through the paper. We do not think that the teachers of the County, generally, are in sympathy with the action of the Institute management in the matter, and therefore make no explanation. In the earlier days of the Institute we gave much space to the directing public attention to its meetings, and had efficient reporters present at its deliberations and gave a good deal of space to interesting reports therefrom. Since that time the Advance has expressed views on the subject of protection or free trade, or prohibition, or some other subject, with which some moving spirits connected with the Institute do not agree, and they have concluded that the paper is "worth shucks." We charitably hoped that those excellent people will, in good time, handily by the enlightening process of education and have their mental horizon and views of life enlarged.

What happens they will not seek to understand. The Teachers' Institute, under the leadership of Mr. J. Edgar, of the Advance, but place that excellent organ in the paper on their old time, friendly footing.

Look Here. Do you feel blue and dejected? Do your back and feet ache from nerve and muscle, and have you been disappointed in finding a remedy that will afford certain and speedy relief? If so, go at once to any drug store and buy a bottle of Polson's Nervine.

Montreal, Sept. 16.—Rev. Dr. Leonard, Bishop of Ohio; Rev. Dr. Nicholson, Bishop of Milwaukee; Rev. Dr. Elliott, of Washington; and Archbishop Carey of Saratoga, delegates from the Protestant Episcopal Church of the United States, were heard to-day before the Provincial Synod of the Church of England in Canada, now in session in Montreal. The delegates received a most hearty welcome. The Right Reverend Dr. Leonard, Bishop of Ohio, advised the Synod that he and his colleagues were interested in the American Episcopal Church in the Apostolic Church of the Church of Christ in Canada. He figured the magnificent ultimate success of the movement toward Christian unity to which such meetings as this would lead. He urged a strong appeal for true ecumenicalism, without which Christianity is empty and futile, he outlined the happy relations which had existed between the two branches of the church in America. Bishop Nicholson alluded to the close relationship which must always exist between Canada and the United States, and stated that the St. Clair tunnel, but a greater, stronger bond was the sympathy shown to American Christians by the reception given to this delegation to-day. He spoke of the life of our great nation in a common thought, the dear old Church of England. The Church was to be learned and gained by these reciprocal visits. The delegates to the Synod were also greeted by their brethren in the province. The maintenance of the good old English nomenclature in ecclesiastical records and usages was especially pointed out. The delegates also pointed out the importance of the Synod in the United States. Canadian churches might see the glory of the American Church of England, and the reaching of incomparable solidarity, incompatible with that of any National Church in America, and far reaching as the Republic itself; and that to any American was an exultation as the exultation of His Canadian brethren might also profit by ecclesiastical mistakes in the United States. Among those who ventured to mention the vestry system, the Rev. Dr. Elliott, of Washington, and the Rev. Dr. Nicholson, of Saratoga, also delivered brief addresses.

At the meeting of the Provincial Synod on Friday the following lower province men were elected to serve on the board of management of the Domestic Missionary Society: New Brunswick—C. Partridge, Archbishop Keble, Thos. Brown and J. T. Wilde; Fredericton—Canon Brigstocke, Canon Fotheringham, W. M. Jarvis and A. P. Tippett. A report also presented recommending the formation of five new dioceses in the ecclesiastical province of Canada, the minimum sum required to do this being placed at forty thousand dollars.
