Court La Tour will meet this even-ing in Foresters Hall. Election of delegates to High Court and initia-tions. A full attendance requested.

Our new cutter knows how to put style into men's clothes. There is more style and quality in Pidgeon's clothes than in any other kind, and besides the prices are lower.

Miss Rdna McGowan, the tride-to-be of Mr. Leo Howard, of the C. P. R. Telegraph Company at Calgary, in a happy event which will take place on Wednesday morning, was tendered a farewell supper last evening at the residence of Mrs. T. J. Cronin, Mccklenburg street. About twenty lady friends were present, and after ample justice had been done the elaborate supper, a musical programme was carried out, and a very enjolable evening was spent.

A Germain street family were caused great annoyance in the vicinity of 11 o'clock last evening by the actions of an individual who persisted in gazing into the window. A gentleman from the house after several unsuccessful attempts accosted "Peeping Tom." One blow on the jaw sent him to the earth. The individual became excited and again returned to the house. The police were summoned, but before their arrival the peeper had made his escape.

A peculiar accident happened on Sunday last which came near costing Mrs. L. M. Calgrin, of 129 Broad St., her life. While dressing for the street Mrs. Calgrin accidently swallowed a common sized black-headed pin which for a while lodged in her throat and caused her great pain. Doctors Broderick amd Bentley were immediately sent for. After working for some time they falled to locate the pin which had apparently gone down to the stomach. Nor have they been able to find the dangerous morsel since. Mrs. Calgrin is not feeling any bad effects from the pin now and the physicians do not anticipate any serious consequences.

Mr. Alfred Dever, foreman of the Standard press room, left by last evening's Montreal rain for Omaha, where he will represent the St. John Pressmen and Pressmen's Assistants' Union, No. 36, at the 21st convention of the International body of that name. Mr. Dever will be the only one present from New Brunswick at the union's deliberations.

Lieut, G. H. McLean of the 8th Princess Louise's New Brunswick Hussars, returned yesterday from St. Johns, P. Q., where he had been taking a course of instruction in the cavalry school. Lieutenant McLean's course was cut short on account of the Royal Canadian Dragoons going into camp yesterday.

Diver Edward Lahey arrived home on the late train last night after locating the body of Robert Hannan, in the St. Croix river. Hannan was drowned about two weeks ago, and after the diver had walked about a mile up and down the river bank he located the body in a deep hole. He took the remains to Vanceboro, from which point they were taken to St. Stephen.

Miss Edna McGowan, the bride-to-be Miss Edna McGowan, the bride-to-be more companist during the coming holiday season. The Centennial grounds will be fully the fully sasistance in former seasons, has again consented to act as accompanist during the coming holiday season.

The Centennial grounds will be fully equipped for the enjoyment of the young ones. The swings, sand plie, blocks and rings will again be found ready for use. Croquet and basketball will also be played. The latter sport is especially relished by the larger boys and girls attending the playground. There will of course be the usual large number of teeters.

No formal opening of the playground will take place.

No formal opening of the playground will take place.

The cost of maintaining the playgrounds during the coming season promises to exceed the balance now in the treasury of the Women's Council. Funds will probably be solicited and a large amount should be collected. In the event of there not being sufficient funds forthcoming the playground will be closed. The members of the committee are deserving of much credit for their untiring efforts to establish a playground.

When the customary sum of \$300 to assist in defraying the expenses was refused by the common council the school board was appealed to by the committee and asked to assume control of the playgrounds. The question was discussed at a recent meeting of the board when a decision was reached that it would be unadvisable for the board to take over the grounds. A reason advanced was the lack of an amount in the estimates to defray the expense.

amount in the estimates to defray the expense.

It should be recognized that of the thousands of children who receive the two months vacation during the summer months, there are many hundreds who cannot possibly go to he country. Many, of course, prefer the city's pleasures. However, for the convenience of these children there must be playgrounds. Last year there were in operation the Centennial and Winter street grounds, as well as the Every Day Club grounds. It was found even then that the accommodation was by no means too large. There was an average attendance of 300 at the Centennial grounds ,while on a fine afternoon as many as 600 have been present.

Miss Peters, convenor of the playground committee, is in atteadance at the quin-quennial gathering of the Inernational Congress of Women, which is at present meeting in Toronto. Mrs. D. P. Chisholm is arranging for the opening.

ing for the opening.

It is not expected that a full committee meeting will be held until after the opening of the Centennial grounds.
