CREW ABOARD GERMAN STEAMER RIOTS; FIFTY PASSENGERS KILLED

New York, Sept. 3.—A riot aboard the German steamer Bluecher, at anchor in the harbor Pernambuco, Brazil, in which three of the Bluecher's crew and fifty of her three hundred stowaway passengers were killed, were described today by passengers aboard the Brazilian steamer Sao Paulo upon her arrival here from Pernambuco. She had aboard, the Sao Paulo's passengers asserted, several million dollars for London and 300 Spaniards and Portuguese in the steerage. When Pernambuco was reached the stowaways insisted that the ship proceed to her destination and upon the refusal of the Bluecher's officers to do so, a riot was started. The bodies of the stowaway passengers who were killed were thrown overboard, according to the Sao Paulo's passengers. Nine German ships were tied up at Pernambuco when the Sao Paulo sailed.

BRITISH OFFICER TELLS OF GERMAN REPULSE IN FIGHT NEAR COMPIEGNE

Paris, Sept. 3.—Paris again today showed its remarkable adaptability to circumstances. Though all allusions to such a contingency had been strictly forbidden in the newspapers, that the government would be transferred to Bordeaux was an open secret several days ago among the journalists, and public officials and in military circles. Among these persons the effect of the announcement had been largely discounted. The public, after its first surprise, is viewing the situation with composure, and tonight there seems to be a better feeling all around. Military secrets are being so well guarded that all reference to them is largely speculation; but it is a reasonable supposition that General Joffre prefers to accept a decisive battle against the Germans in front of the forts and the entrenched camp of Paris. The Temps this evening printed another article in which it predicts final success for the allies. The newspaper's reasons for its optimism are contained in the following resume of the situation as the Temps sees it: Diminution of pressure by the enemy on the extreme left of the allied line, absolute inactivity in the centre, and the progress of the French troops in Lorraine and on the right bank of the canal, which passes a few miles north of Lunville, in the Department of Meurthe and Moselle. These circumstances are taken by the Temps as evidence that the enemy has been hard hit and is suffering from losses in men and lack of supplies. The Liberte quotes an English officer who arrived here this morning from Pierrefitte, twenty-eight miles southwest of Pau, as saying he was wounded in a fierce battle near Compiègne in which the Germans were driven back several times with heavy loss. He said that the moment he was wounded by a shell the French and English offensive was successful over a front of several miles, the Germans retreating toward the left.

GOLDSWORTHY FOUND GUILTY

The trial of the case of the King vs. Chamberlain Goldsworthy was commenced yesterday morning in the county court before Judge Forbes and the following jury, Allan Turner, L. J. McDonald, J. F. Pender, A. G. Gilmore, Robert D. Campbell, H. C. Brown, G. H. Arnold, E. J. Wall, Tremaine L. Guard, D. McArthur, Edward J. Cronin and Leveret Belyea. The charge on which this prisoner was tried is that of breaking and entering the premises of W. H. Thorne & Company and stealing therefrom a sum of money and a quantity of guns and ammunition. The evidence of Abraham E. Day, John H. Braman, Thomas Patrie, Robert A. Sancton and Fred Lucas was heard in the morning in behalf of the crown. When the court resumed in the afternoon John LeLacheur, Donaldson Hunt, William Goldsworthy and Ida Orr testified for the accused. Counsel then addressed the jury and after his honor charged that body it retired at 5.05 and returned a verdict of guilty on all three counts in the indictment at 6.05. The jury strongly recommended mercy. H. O. McInerney appeared for the crown and R. G. Murray for the accused. The court adjourned until Tuesday morning at eleven o'clock.

MINISTER OF MILITIA HAS WORD TO SAY TO CRITICS

Ottawa, Sept. 3.—Col. the Hon. Sam Hughes, minister of militia and defense, issued the following statement tonight: "Many splendid officers throughout the country are being annoyed by contemptible insinuations against the courage and zeal of many officers and men in the service who cannot get to the front. "The British government, in response to the offer of Canada to assist, agreed to accept twenty-two thousand five hundred men. The government of Canada transmitted that call to the militia of the country. The minister of militia laid down at the very outset: "(A). That every man must go voluntarily. "(B). That he, the minister of militia, or his officials would not ask and have not asked any man to go unless he volunteered. "(C). That no man would go who was not physically well qualified. "(D). That no man would go whose wife or family objected. "There are seventy-five thousand regularly enrolled volunteers in Canada, and seven hundred thousand men who have had considerable training in past years. "The response to the call is shown in the fact that where twenty-two thousand five hundred men were asked for, there are today on the grounds at Valcartier upwards of thirty-two thousand men, besides the Princess Patricia's regiment, one thousand men, and the regiment at Bermuda, one thousand men, all practically ready to take the field. "There are today upwards of one thousand officers more than are wanted at Valcartier, gentlemen occupying the highest positions in the business and political affairs of the country, anxiously seeking positions which they cannot obtain. There are thousands more at home who have applied and been refused. "It is an easy matter for every coward who could not be dragged to the front with logging chains, or who could not be induced, under any circumstances, to go, to creep at these officers and men of the force who wish to go but cannot possibly go. "The minister of militia has, personally, refused thousands of officers the privilege of going for various reasons; some were physically unfit, some had large families, and others would have left their families in distress. "These officers and men may be recruited later, but for the first contingent, none such are taken. "In response to the call for twenty-two thousand five hundred men there are today at Valcartier, within three weeks of the issue of the call, thirty-two thousand men; that is, about ten thousand more than are wanted, or were asked for, in the field, besides six thousand six hundred men in service, garrisoning fortresses, bridges, public works, etc., throughout the dominion; one thousand men in the Princess Patricia's regiment, and one thousand men going to Bermuda, a total under arms today of forty thousand men. "In addition to all these there are one hundred and fifty thousand men at their homes, who have volunteered and who are ready to march at a moment's notice to the front. "Col. Hughes also said: "It has been somewhat of a puzzle to the minister of militia and defense why officers who have been insulted throughout the country by a few cowardly critics did not withhold them as did Major Sam Sharpe, M. P. of Bridge. "Major Sharpe long ago wired to the minister volunteering to go. He was notified of the conditions but, in spite of all opposition, persisted in his offer to go and is now in camp. It has been learned that Major Sharpe might not pass the medical requirements, but in spite of everything he insisted upon going into the camp in the hope that he may serve at the front. "He has the blessing of the minister of militia and defense for withholding the cowardly critic. Others similarly situated will also have it. A coward is impervious to any decent treatment, the only way to reach him is by means of a rawhide."

GOV'T TO PAY \$20 MONTH TO WIVES AND FAMILIES OF MEN AT VALCARTIER

Ottawa, Sept. 3.—The government has approved of a separate allowance of \$20 a month being paid to wives and families of married men serving with the Canadian expeditionary force. This will be paid direct to the wives and families of those men at Valcartier after the contingent sails. The government reserves the right, however, of withholding the allowance from any who are in receipt of pay from two sources. In addition, men may assign por-

PREDICTS BIG SUCCESS FOR THE EXHIBITION

W. L. Crighton, of Canadian Government Railways, compliments officials on excellent work.

"Your St. John Exhibition authorities are certainly to be complimented on their efforts to make this a banner year in the history of their association. I have only just returned from the Big Canadian Exhibition at Toronto," said W. L. Crighton, of the Canadian Government Railways, "and can safely state the arrangement of booths in your main building will not suffer in comparison with that of Toronto in originality of design and artistic merit. Judging from the varied nature of the displays your exhibition should prove an excellent medium for introducing Maritime products and possibilities to Maritime people, and will no doubt result in a better appreciation of home industries. The Government Railways are advertising the reduced fares to St. John at all stations on the line which will be an important feature in inducing thousands to visit your exhibition and incidentally note the substantial growth of your city. "We shall also be in evidence in your chief building. Again speaking of the Canadian Government Railways' display at Toronto of which a thirty foot electric map of Quebec, Maritime Provinces is the chief feature. Mr. Crighton received the following despatch from the Toronto representative: "Had visit from Minister of Marine and Fisheries and Minister of Trade and Commerce. Both expressed pleasure and compliment on exhibition of their pay to their wives and families, and rolls of the assigned pay are now being prepared and as soon as received, the assignments made by men to their wives and families will also be issued direct from Ottawa. This special separation allowance of \$20 per month to married men is in addition to the pay of \$1.10 per day for a private."

NEW BRUNSWICK TO GIVE MILLION BAGS POTATOES

Fredericton, Sept. 3.—The province of New Brunswick will make a donation to the Imperial government of 1,000,000 bushels of the best New Brunswick potatoes for the use of the armies to the front. This gift which will entail an expenditure of upwards of \$50,000 has already been tendered the Imperial government through His Excellency the Governor-General and has been accepted with grateful assurances that it is most welcome. This gift will be a purely New Brunswick gift. Care will be taken to secure the very best varieties of New Brunswick potatoes and they will be sent forward as soon as possible. These food gifts of the different provinces are an important addition to the army commissariat and New Brunswick found out before tendering its offer that it would be gladly received.

Seven Thousand ests armed and intense, Hamilton man reports.

Hamilton, Ont., Sept. 3.—Mander Heming, an ex-aid is busy engaged in organizing a guard, told a startling story of a small army of German soldiers at Buffalo. "The German section there is 1,000 strong," he said, "and we have information that there are 7,000 armed men in Buffalo alone, who are being fed from the New York State. The cry is often heard in quarters in the states, 'God da.'"

Every city in Canada should have a home guard up for the shortage, that in military quarters when call comes for troops to order. Special to The Standard Ottawa, Ont., Sept. 3.—Sam Hughes, minister of Militia, tonight in a speech to the House of Commons, said that 7,000 armed Germans in Buffalo invaded Canada.

FOR HOME AND COUNTRY VOLUNTEERS ARE REQUIRED

The 62nd Regiment, St. John Fusiliers, formerly on a peace footing, and lessened in strength by a large number of its members offering for Overseas Service, is now to be recruited

TO FULL WAR STRENGTH

At the present time instructions from Ottawa state that this enlistment is to be without cost to the public. This means that until later instructions are issued no pay will be allowed for any drilling that may be done. It is, however, anticipated that before long remuneration will be granted to those who may now volunteer for Home Defence, and that such remuneration will be at the rate of one dollar per day. Such enlistment means:— That in case of necessity the regiment may be called upon, or a certain portion of it may be called upon for service in defence of Canada. That in event of such a call, the men under arms will be remunerated at the rate mentioned above. That under the existing military regulations, no person enlisting for militia service, or in home defence, can be ordered for foreign service, but will remain in Canada. That those who now enlist for home defence and who may hereafter desire to offer for foreign service, will have the benefit of the training they may now receive and will thus be more acceptable than any who are lacking in such training. That the duty of each member of the British Empire is to perform that which falls to his lot, and that at the present time such duty and such opportunity to serve is offered to all who may desire to enlist.

THE 62nd REGIMENT NEEDS 500 MEN These Are for Home Defence Only and May Not Compelled to Serve Overseas

They are required to bring this regiment to a war footing, according to instructions from Ottawa. There are many men in St. John at the present moment who perhaps may feel that this call does not mean them. THINK IT OVER.

You Owe a Duty to The Empire--You Owe a Duty to Canada--You Owe a Duty to Your Home

This enlistment means service in defence of The Empire, of Canada, and of your home. It is your duty to offer for such service as every true born Canadian, should be proud to perform.

WE NEED YOU — CANADA NEEDS YOU — THE EMPIRE NEEDS YOU

Do not longer delay, but hand in your name and be prepared to do a man's duty for your country in its hour of peril. Apply at once. A recruiting officer will be on duty continuously at the 62nd Regiment Orderly Rooms, the Armories.
