TEACHERS CLOSE SESSION AND TOUR ST. JOHN BY STREET CARS

Educational Institute, Which Ended Yesterday, Voted One of Most Successful Ever Held—Text Book Committee Appointed—Resolution on Death of Principal Crockett

One of the most successful of the 28 Teachers' Institutes held in the Province of New Brunswick was brought to a close yesterday afternoon. The morning session of the third day of the Teachers' Institute was devoted to papers by Dr. W. C. Keirstead and A. M. Belding and the election of the executive committee, and a representative to the Senate of the U. N. B. At the afternoon session the result of the balloting for the text book committee was announced. The resolution committee brought in their report, and Dr. H. Y. Bridges introduced a resolution of appreciation of the services of the late Dr. Crockett in the educational life of New Brunswick.

A. M. Belding, who discussed "Schools and Social Centres," brought to the notice of the teachers, with the expert judgment and skillful arrangement and treatment, a new problem in civic life. Mr. Belding illustrated his talk by facts gathered from centres in both Canada and the United States and aroused keen interest in his important work.

Miss Edith Magee took exception to some of the things Mr. Belding said in his paper, and a rather spirited debate took place, and Miss Magee presented some good arguments for her side of the case. She does not favor social centres.

At the close of the addresses, the fifth session of the Institute was devoted to the election of an executive committee and to the choosing of a representative to the University Senate, with the following results: Executive, Dr. H. S. Bridges, H. H. Hagerman, W. J. S. Myles, Dr. C. B. Foster, Miss Ella Thorne, G. J. Oulton, Miss Bessie Wilson, W. M. Barker, Miss Stella Payson and G. J. Marr.

Representative to the Senate of the U. N. B., Mr. J. Frank Owens, B. A., Principal of St. Patrick's Hall, West End, and graduate of the U. N. B. A. S. McParlane, the retiring representative to the U. N. B. Senate thought that the Institute should advise their representative in the Senate as to action to be taken in their interest, and contended that the term of office was not long enough for the best results.

At the afternoon session the first business taken up was the passing of the following resolution, introduced by Dr. H. Y. B. Bridges, principal of the Normal School, Fredericton: Whereas it has pleased Divine Providence to remove from this life William Crockett, formerly president of this Institute, full of years and honor. Therefore resolved that this Institute place on record the high appreciation of Dr. Crockett's distinguished career in New Brunswick, both as teacher and administrator, in the cause of education, and also the deep regret felt by all interested in the work of teaching and instruction at the ending of a career which has influenced for good perhaps more than any other in the province.

N.B. TAKING POLICE RAID MORE THAN IT CONTRIBUTES "DOPE" JOINT

Executive of the Patriotic Fund in Session Yesterday—No Action on Question of Raising More Money.

A meeting of the executive of the Patriotic Fund was held yesterday afternoon at the Board of Trade rooms. Matters of routine were talked over and the question of more money for the fund was discussed, but nothing definite along that line was done.

One county in the province was mentioned as drawing over \$500 per month from the fund and all they had contributed was \$2,000. E. A. Schofield said that money from Kings county would soon be coming in now as they had sold the bonds issued for the contribution to the Patriotic Fund and would have the money shortly.

A letter was read from H. B. Ames in regard to the fund and calling attention to the fact that New Brunswick was taking out more than it paid in. While admitting that the province was taking more than it had paid in, Mr. Allan said that the amount was not as large as claimed by Mr. Ames.

Narrow Escape for Four Street Railway Men When Tower Wagon Turned Turtle.

The four men who work on the tower wagon of the street railway which is used in repairing the power wires for the street railway, had a narrow escape from death or serious injury yesterday afternoon. While the wagon was coming down King street the front axle suddenly snapped and the wagon tumbled over toward the north side of the street.

On the wagon at the time was the driver, Robert Fleet, Frank Shannon, Arthur O'Brien and Thomas Fleming. Mr. Fleet kept the horses under control and there was no runaway. The other three men jumped from the wagon as the top neared the ground and luckily escaped with slight injuries. Mr. Fleming was the worst injured, being cut about the face. He went to the hospital and had the cuts dressed and then went to his home. It was a narrow escape that none of the men were worse hurt as they were about fifteen feet in the air on the top of the wagon.
