Relatives acted as pall-bearers and interment was made in the old Catholic cemetery.

The funeral of Miss Ellen Murray, North End, took place from Messrs. Fitzpatrick's rooms yesterday. Rev. H. L. Coughlan officiated at service in the Cathedral. Interment was in the new Catholic cemetery.

## WILLING TO PAY FOR BETTER STREETS

Council of Board of Trade Decide there Should be Improvement at Once—Willing for Bond Issue to Meet Cost.

At a meeting of the Council of the Board of Trade, yesterday morning, several matters of general interest were discussed. Among the after-war problems taken up was the question of good streets and it was the unanimous opinion of those present that St. John was to take her right place in the march of progress it was necessary to get busy and build decent streets, and they expressed themselves as being favorable to a sufficient bond issue to do the work properly.

They also passed the following resolution in regard to the carrying of Imperial trade through Canadian ports:

Resolved, that the situation that has arisen in consequence of enemy submarine attacks upon peaceful merchant ships sailing out of United States ports, and of the attitude assumed by the United States government towards these enemy seacraft, demands that instant action should be taken to secure the carrying of commerce designed for Great Britain and her Allies through the ports of Canada, where it can be assured the protection of the British and Allied navy without the danger of international complications arising.

And further resolved, that this council urges upon the government of Canada, in co-operation with the home government, the importance of hastening the development of the open ports of the Maritime Provinces, so as to care for this commerce in summer and winter; and it also calls upon Canadian shippers to route their shipments through Canadian ports, thus assuring them necessary sea protection and at the same time strengthening and up-building Canadian ports and railways, towards the development of which vast sums of the public moneys of Canada have already been expended.

And further resolved, that the Boards of Trade of Canada be asked to co-operate in this movement, and that our representatives in parliament be requested to urge the matter upon the attention of the government so as to secure immediate action.

## MARRIAGES.

Stevens-Long.

At the home of Mr. and Mrs. J. E. Walker, 2600 Chippewa street, New Orleans, on Oct. 9th, Miss Elizabeth Viola Long, daughter of Mr. and Mrs. J. W. Long, Lancaster Avenue, was united in marriage to Frank L. Stevens, of West St. John. The bride, who was given away by her father, looked charming in a travelling suit of grey, and carried a bouquet of American beauty roses. The young couple were attended by Capt. Macpherson, of the S. S. Amelia, of which the groom is first officer, and Mrs. Walker. After the ceremony a dainty luncheon was served. Mr. and Mrs. Stevens will spend their honeymoon in the south. The captain and members of the ship presented the bride with handsome leather purse, silver mounted, and inside a substantial gift of money. The friends of Mr. and Mrs. Stevens, who are popular on the West Side, will unite in wishing them every happiness in their future life.

## "Although I Had Little Faith in Them"

That is the feeling of hundreds who have been helped by Gin Pills. They admit after the cure that when they used Gin Pills it did not seem possible that such a simple remedy could relieve such severe suffering. The line above, for instance, is from the letter of Mr. E. P. Harbert, Pleasantville, recommending:

## Gin Pills FOR THE KIDNEYS

He says, in part, "I suffered from kidney trouble for several years. I have tried numerous remedies and used medical prescriptions without having permanent relief, my case being chronic. I decided to try Gin Pills although I had but little faith in them. The first dose gave me relief. Since I have taken a box of these pills and I find myself completely cured."

If you have lame back, swollen joints, constant headaches, urinary troubles, stone, constant thirst, remember Dr. Harbert's experience and try Gin Pills.

At all drug stores—50c a box, or 8 boxes for \$2.50.

## CONVENTION OF MARITIME BAPTISTS WILL OPEN TODAY

Ministers Institute Met Yesterday with 100 Delegates in Attendance—Important Business Transacted.

The 71st annual convention of the Maritime United Baptists will begin today in the German street church and continue until Wednesday. Yesterday the ministers' institute was held with about one hundred delegates in attendance. The first session was held at 10 o'clock in the morning, the president, Rev. L. H. Cranford, in the chair. After the opening exercises had been concluded the following were appointed as a nominating committee: Reva P. H. Beale, J. H. Jenner, Milton Addison, J. S. McFadden and M. L. Greg.

The report of the treasurer showed a balance of \$9.26 on hand. The first paper was read by Rev. M. B. Puryear, pastor of the Cornwallis street church, Halifax, on "The Place of the Holy Spirit in this Dispensation." The Holy Spirit was an integral part of the church and His guidance should always be sought in all the activities of the church, especially in connection with work for the young. The Holy Spirit was the world's great God, but it was only through the Spirit that they could be rightly interpreted. Faith in God meant that the soul was bound to God by a sense of dependence on Him and this faculty of faith was made possible and quickened through the Holy Spirit. The Holy Spirit in this era was just God seeking to express Himself through His church and was a real vital fact precious to every devout soul.

A vote of thanks to Mr. Puryear for his excellent paper was moved by Rev. D. W. Cranford and seconded by Rev. D. J. MacPherson.

Dr. A. K. DeBello discussed briefly the paper of Mr. Puryear and voiced the hope that there might be a growth in the plant from God's seed during the convention.

A very interesting figure at the convention was Deacon Charles E. Sanford, of Berwick, N. S., who is 88 years of age and has attended practically every convention. At the afternoon session the following officers were elected for the coming year:

President, Rev. D. J. MacPherson, St. John; 1st vice, Rev. N. A. Harkness, Wolfville, N. S.; 2nd vice, Rev. C. R. Freeman, Charlottetown; 3rd vice, Rev. O. N. Chipman, Hampton, N. B.; secretary-treasurer, Rev. H. F. Wentworth, St. John.

A paper on "Philosophy and the Christian Ministry" was given by Prof. Simon Spilde, Ph. D., of Acadia. He said that the work of the Christian ministry was revelatory in its character. Jesus had come as the revealer of God's ambassador sent forth to preach the revelatory gospel. Christ had used various agencies in revealing God, the principal of which had of course been His personality. He said: "He that hath seen Me hath seen the Father." But while this was true He was also said that the universe bore testimony to and revealed God. Philosophy was the science of the universe and included within its scope a study of the ultimate realities of the universe, together with men's knowledge of those realities. Religion was the mother of philosophy. One of the greatest dangers attending the preacher's office was the tendency to intolerance and the study of philosophy was admirably adapted to offset this danger.

A good constructive course of philosophical reading for the preacher was the following: Huxley, "The Problems of Philosophy"; Thilly, "A History of Philosophy"; Hermann, "Bucklen and Bergson"; Bowne, "Personalism"; and Perry, "Present Tendencies in Philosophy."

The evening session was held at eight o'clock, and after the devotional exercises the new president, Rev. D. J. MacPherson, called on Rev. H. W. Pierce, who delivered Van Dyke's parable, "The Lost World," which is a parable of a man of olden time who under the preaching of John of Antioch had embraced the religion of the Christ, but becoming dissatisfied had gone back to the old pagan faith, but who was eventually brought into the field again through the illness of his only son. The speaker of the evening was Dr. A. K. DeBello, pastor of the First Baptist church, Boston, who will conduct the devotional exercises of the convention. He had as his subject "The Worth of the Person in the Work of the Ministry." He said: "Personality was that the man was himself and the highest development of the inner life. Personality also included self-impartation, we were not persons in the true sense of the word unless we could impart personality to others. A man must realize himself fully and then must give himself fully to be a true personality."

There could be any true self-realization except through spiritual connection with Jesus Christ, and through Him with God. In finding God the soul found itself in the truest and best sense of the word.

As preachers how could this personality best be developed? One way of doing this was by meditation and careful study along some chosen line of thought which would enrich the life. To grow a soul was the biggest work in the universe. To this end he would advise the reading of only the best books and the listening to the best music. He did not believe that it paid any preacher to play to the gallery for he could not get any real lasting results in that way. It was much better to be a minister to his congregation than to be a silver-tongued orator.

It was the business of the minister of the Christian church to form and

fashion souls and win them for the Kingdom of God.

Soul winning was the redemption of the person by the redeemed. Great wisdom was needed in the winning of souls and the man who really won souls was very wise. The influence of the spirit was also needed if the work was to be successful.

The preacher needed to develop the pastoral instinct, the 100th sheep was out on the hills and he was responsible for its safety and should be prepared to go out after it and bring it back to the fold.

## TOWN PLANNING EXPERT EXPLAINS WEEK'S WORK

A meeting of the Town Planning Commission was held yesterday afternoon in the Board of Trade rooms at which Mr. Adams explained the work done during the week in connection with drafting the proposed plan. The area that had received the most attention was Lancaster, and the north and west of the city. Lines of the existing main arterial roads and the proposed new main arteries had been studied on the ground.

Consideration had been given to the question of setting aside certain areas to be restricted for residential purposes only. Any suggestions which had come before the commission would be submitted to the owners of the land involved and any objection they might make would be carefully considered before the scheme was submitted to the provincial government for approval. Mr. Adams said he hoped to be able to return to the city next week to resume the survey.

**Magical Effect of Simple Face Peeler**

To maintain a clear, white, youthful complexion, there's nothing so simple to use and yet so effective as ordinary mercuric wash, which you can get at any drug-store. Just apply the wax at night as you would cold cream. In the morning wash it off with warm water. If you've never tried it you can't imagine the magical effect of this harmless home treatment. It causes the old worn-out scurf skin to come off in minutes, a little at a time, and soon you have entirely shed the offensive cuticle. The fresh young under-skin now in evidence is so healthy and girlish looking, so free from any appearance of artificiality, you wonder why you had not heard of this marvelous complexion-renewing secret long ago.

Equally magical in its action is a simple wrinkle-removing lotion made by dissolving an ounce of powdered succin in a half pint of witch hazel. Bathing the face in this for two or three minutes immediately affects every line and furrow and improves facial contour wonderfully.
