NOTICES OF 'THE WISDOM OF THE KING

Rev. James Bennet, ST. JOHN, N. B.

EVIDENCES of deep and serious thought throughout the volume."-Belfast News etter, Jan. 24, 1871. "Succeeds well in seizing on the salient points of the words of the Royal Preacher, and in bringing them home to present duty."—Glasgow Daily Review, Feb 6, 1871. "Characterized by directness of aim, sound sense, and right appreciation of the sacred writer's meaning."—The Preachers' Lantern, London, Feb. 1871.

"It is a good book of sterling value."-The

"The production of a highly cultivated mind.
. We have read several works on Eccleiastes, and well remember the pleasure with which years ago we perused the Royal Preacher, but for fine criticism, comprehensiveness of thought, striking illustration and unastentatious, yet elequent and foreible style, The W.S. DOM OF THE KING, we think, surpasses them all."

—St. Croix Courier, March 6, 1871. "The volume is not an unworthy companion Dr. Buchanan on the same book."—The Holist (London), April 1971.

"This is a bright, breezy book, both interesting and instructive. We can most conscientiously commend this book generally, as one of the most sprightly, attractive and instructive works of its kind that his fallen under our observations of the most property of the property of the most property of the property of the

6th, 1871. "Every portion of the work indicates ex-tensive scholarship and mature thought."-Belfast Northern Whig. April 8th, 1871. "The force, raciness and robust manliness of Mr. Bennett's style and mode of treatment will arrest attentin and excite interest in quarters where preaching or writing of the average quality would fall flat and dead."—Home and Foreign Record. Morch, 1871.

Foreign Record. March, 1871.

"So plain yet so suggestive, so practical yet so profound are these Lectures that while ou read them you feel their deep truth and reality; that you are in contact with realities both visible and invisible; that you are in close contact with the beating heart of nature and humanity, and that all their life and hope flow full and free from God alone." Fredericton Head Quarters, March 1st, 1871. "The writer is evidently well acquainte with the literature of his subject, and that a with the literature of his subject, and that acquaint ince reveals itself almost unconsciously in every page. There is no ostentation of reading or learning, but there is everywhere the gleaming forth of light which cannot be hid. The style is simple, intelligible, graceful. It shows at once that Mr. Bennet is a man of literary culture, who can express his thoughts with scholarly chasteness and good taste. We could not open a page without meeting some thought vigorously expressed. The work is eminently fresh and readable."—Pres. Witness, Hubitar.

"He reveals in the treatment of his themes strong common sense, a firm grapp of thought, a logical acumen and a clear insight into human character. Even when dealing with trite ideas he imparts to them a novelty and interest by which they are lifted into an importance they searcely deserve. The style throughout is lucid, pure, compact, forcible,—and it is his own—the garb of his own thinking. We have met in our perusal of the book with numerous paragraphs of finished and brilliant rhetorie—fine specimens of pulpit oratory. He is never tame nor tiresome. We have not found one slip shod sentence in the volume."—Christian Visitor, (Baptist) March 6th, 1871. "He reveals in the treatment of his themes

"We were not prepared to find him writing n such a finished style and issuing such a rolume as 'the result of certain preparatiors nade for an evening lecture to his congregation." If all his pulpit performances are equal othese, his people have reason to rejoice in the Providence which guided his steps to them." Evangetical Witness, May 1st. 1871.

Evangelical Witness, May 1st. 1874.

"This is a remarkably thoughtful, solid book Mr. Bennet is evidently at home in Metaphysics and Ethics, and he is a shrewd observer of human nature in its ordinary manifestations; consequently he ranges over the lessons of the Preacher with a power of illustration which shews his mastery of the subject. The style is close and direct, and yet so lucid, that any reader may understand eyery sentence in the volume. It will, we doubt not, take its place, as it ought to do, among, our household expositions of this treatise of observation and Jewish wisdom."—The Presbyterian (Philadelphia), May 20, 1871.

phia), May 20, 1871.

'The lessons to be learned are drawn with a master's band, and are expressed with a combined force and beauty that we have rarely seen surpassed in the production of any author. The ordinary reader will find noth ng that is above his comprehension, and yet it would be difficult of find a common-place thought or form of expression. A combination of these requisites we deem the highest merit a writer can possess.

'We will be much disappointed if the book do not command a wide circulation. Wherever a sound literature is felt to be a deside attum. The Wisdom of the King has but to be known to be prized as a work that the world will not willingly let die."—Saint John Telegraph and Journal.

"THE WISDOM OF THE KING is well worth careful reading. Indeed you cannot read much of it at once. There is a constant play of fancy about the thoughts, and often the very words, that is admirably suited to the Scripture book, of which this is an exposition, but which demands such constant attention on the reader's part that he gets tired, for he does not know where it is to end. The style is compact, lucid, often sparkling and epigrammatic, the sentence cut sharply, but with a poetic fullness of original illustration that redeems them from all hardness."—Halifax Monthly Record, (Church of Scot land).

"Each chapter is so well done, so lucid, yet concise in its exposition, that it is sometimes difficult to determine which is the best and most interesting.—Stewart's Quarterly, St. John.
