**Banish the Hand Pump**

In primitive countries woman is regarded somewhat as a  
beast of burden. She is subjected to all sorts of drudgery,  
does practically all the work, and her lot is hard and dis-  
couraging. This custom is rightly regarded as inhuman  
and uncivilized.

Yet thousands of women in this country today are  
shackled to the old-fashioned hand pump. In many cases  
they carry the water considerable distances after pumping  
it. The amount of time and energy lost is incalculable.

**Empire Duro Water Systems**

ing toil of pumping and carrying water. They have brought  
comfort, cleanliness and health where drudgery, dirt and dis-  
ease prevailed before.

Duro systems give you all the con-  
veniences of city water service. Run-  
ning water under pressure in kitchen,  
bathroom, toilet, garden and barn is at  
your service.

—Duro system is easily installed in  
old or new homes and costs less than  
a day to operate. Driven by either  
electric motor or gasoline engine.

Duro Systems are made in many sizes and  
styles. Ask us for an estimate of cost.
