Simplicity Recommends These Blouses to Autumn Shoppers

Lingerie Voile Blouses relieved by dainty valenciennes lace trimming, or if a touch of color is preferred some of these can be found here as well as a fine style in dainty checked voiles. Prices range from \$1.35 up to \$7.50.

A VOILE BLOUSE SPECIAL to-morrow or while they last, in five different styles, neat embroidered fronts with lace trim collars in good quality voiles. Specially priced \$1.95.

Georgette Crepe is always a favorite fabric for Blouses and this selling is no exception. While most of these Blouses are engagingly simple in fashioning there are several quite elaborate models also featured. And, as every Blouse display must include offerings of Crepe de Chine, that attractive material is well represented, too.

A Few Brevities

A number of the hockey enthusiasts around Owen Sound have a scheme on foot, which, if it materializes, will do much to boost the game in Owen Sound this winter. It is proposed to lease the Westside Rink and run it as a hockey rink exclusively. The promoters of the scheme hope to organize a Public School League, with two boys' teams, and two girls' teams in high school, as well as a Sunday School League.

Simpson Boyle, the midwest rider connected with the racing establishment of Col. Edward R. Bradley, was the outstanding star of the jockey brigade at Louisville, Ky. Oldtimers assert that he is the first apprentice uncovered in the last twenty years on the Kentucky turf that possesses the natural skill of the great Isaac Murphy. Little Boyle has been riding less than a year, but, unless some unforeseen accident halts his climb to fame, he will be the leading jockey in this country in 1920. He will accompany the Bradley horses to New Orleans and should be one of the stars of the coming winter meetings at the Crescent City tracks.

Manager Laidlaw of the Argonaut Football club, announced that his club would carry out its protest lodged Saturday at the conclusion of the game with the Tigers, of Hamilton. He contends that the Tigers' last try should not have been allowed, as the player carrying the ball ran into touch before crossing the goal line. He also alleges that spectators interfered with the game.

The Montreal Gazette says: "After his return last night from Hamilton, where he had officiated Saturday at the game between Argonauts and Tigers, 'Silver' Quilty declared that he was through as an official in the Interprovincial Rugby Football Union. Quilty told a number of his former team mates that he would not again take the abuse from any team that he was subjected to at Hamilton.

"He stated that when a decision was given against the Hamilton team that there was always a dispute, not only from the players, but from some of the spectators who surged out on to the field of play. He continued by pointing out that such conduct would surely shorten the life of the Interprovincial Union and that he did not want any more trips to Hamilton. 'In fact,' said Quilty, 'I do not want any more games to referee, as I work for the love of the sport and abuse is not sport.'"

TROUBLE FOR FULTZ
George F. Johnson, owner of the defunct Binghamton International League team, is up in arms against President Fultz, of the International. When the club quit at the end of the season, Johnson released all his players outright, and several of them signed elsewhere for next season. Fultz put the whole lot on the reserve list on behalf of the league. Says Johnson:

"I presume the owners of slaves had a right to free them. They did, at least, when slaves were black. I presume I had the right to free the players I was supposed to own by right of purchase. If I did not, then I never owned any players, and if Mr. Fultz is right there will be a fine row in the International League."

Toronto has signed two of the players, O'Rourke, and Riley, and long ago, so informed Fultz.

MANITOBA SENIOR HOCKEY
Winnipeg—Two leagues will control senior hockey in Manitoba this winter as the result of a meeting held on Saturday to endeavor to place the seven teams wishing to play senior hockey. The Winnipeg League will be composed of the Winnipeg, Victoria and Monarchs, with a possibility of Portage la Prairie being included. The Manitoba Hockey League will be composed of Brandon, Selkirk and Falcons of Winnipeg. The winners will play off for the Manitoba championship.

ROSE BREAKS WORLD'S RECORD.
Norman Rose broke an American and a world's swimming record (open water) at Honolulu in the annual fall swimming meet. He swam 500 yards in 11 minutes 22.5 seconds, breaking the American record by 14.2-5 seconds. He then continued swimming to 1,000 yards, which he did in 12 minutes 44.5 seconds, breaking the world's record by 7.5 seconds.

GUELPH RADIAL WOULD PAY AS A FEEDER LINE

REPORT PRESENTED BY HYDRO COMMISSION.

Commission Will Take Charge If Asked, Sir Adam Says.
Guelph, Nov. 3.—At a special meeting of the City Council, held this afternoon, the report of the Hydro Electric Power Commission on the Guelph Radial Railway, what it would cost to put in a fair condition and how the service might be improved was presented. Sir Adam Beck accompanied by Mr. Gaby, chief engineer, arrived from London in time to address the Council and speak on the report.

It was an exhaustive report, going into a great deal as to operating expenses, etc. It stated that to put the road in fair running condition, an expenditure of \$150,000 would be required. Three different methods of operation were outlined, two of which dealt with a ten-minute service with a new one-man cars, and the other with a 15-minute service, cutting down the mileage. In each case the net loss annually would be from \$5,000 to \$7,000. The opinion of the engineer was that the Guelph Radial Railway line, operated as a separate line, would be a losing proposition to the extent of from \$5,000 to \$7,000 per year.

Would Pay As Feeder.
Sir Adam addressed the Council at some length. He told them that if they wanted the hydro commission to operate the road for the city all they had to do was to ask them to do so, but that the city would have to assume all financial obligations. He believed that the commission could operate it better and at less expense than at present. His principal argument, however, was that it could be made a paying proposition if it were operated in conjunction with the proposed system from Hamilton to Galt and Kitchener and he was assured by his engineers that such a system could be made to pay even if they had to parallel the G.T.R., which he did not think they would have to do.

He announced that a general meeting of all the municipalities interested in the system from Hamilton to Galt and Kitchener would be held at Galt on Thursday afternoon, when the complete report for a line from Galt past Puslinch Lake to Guelph and said that such a line would be a feeder to the Guelph Radial and would assist in making it pay.

Ready to Operate.
He told the Council plainly that the matter was entirely in their hands and that the commission was prepared to do whatever was asked of it. He made it clear that there must be a general system in order to make the small lines pay.

The Council ordered the report sent to the railways and manufacturers committee to be considered and to report to the Council at the earliest possible moment, the mayor to call a special meeting to consider such report. The whole Council will attend the meeting at Galt on Thursday afternoon.

CATARH COLD BRONCHITIS
Cured Without Drugs
It is really impossible to treat Catarrh unless by inhaling the soothing germ-killing vapor of Catarrhose. Its rich fragrant essence are breathed from the inhaler to every sore, diseased spot in the breathing organs. Not a single germ can escape the healing fumes of Catarrhose which acts on the infected linings of the nose and throat just as an antiseptic would act on a cut finger. You see Catarrhose soothes, cleanses, heals. It cannot fail to reach and cure Catarrh; it's simply a wonder on weak throats, bronchial coughs, deafness buzzing ears and all other symptoms of Catarrhal cold. Get Catarrhose today. Complete outfit costs \$1.00 and is sufficient for three months' use. Smaller sizes 50c all dealers or the Catarrhose Co., Kingston, Ont., Canada.

THIN, NERVOUS PEOPLE NEED BI- TRO-PHOSPHATE

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

Eminent specialists state that one of the best things for the nerves is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

By strengthening the nerves, weak, tired people regain energy and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health.

CAUTION—Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so, that many people report marked gains of weight in a few weeks. These taking it who do not desire to put on flesh, should use extra care in avoiding fat-producing foods.

TOMMY PERRY SUCCUMBS TO BLOW RECEIVED IN RING

Thomas Perry, Chicago bantam-weight boxer, who was injured in his bout with Sam Marino of New York here, died at Emergency Hospital, Milwaukee, where he has hovered between life and death for three days. Death was caused by a fracture of the skull, according to Coroner S. N. Franklin.

Perry was injured about one minute before the termination of a ten-round bout. Up to the time of the accident he had outboxed Marino in every round, according to newspaper men.

GRAND TRUNK BILL PA BY A VOTE

SIX DIVISIONS TAKEN IN

SENATE AMENDMENT EXPE

Ottawa, Nov. 5.—The third reading of the Acquisition Bill was carried at 2.30 this morning, a government majority of 31, after the defeat of James A. Robb, chief Liberal whip, had been reversed.

The Bill now goes to the Senate and should the royal assent by the end of this week or early next.

It was a day and night of divisions, the number of fewer than six times to record their votes. To return the Grand Trunk Bill to the House amendment asking that the guaranteed shares be a bitration if the Bill gets through at all. In such a case the government will accept the amendment.

ADM. ORDERS WERE NOT FOLLOWED

STRIKE FOR S

LONDON, Nov. 5.—A Parliamentary paper with secret evidence in the inquiry into the sinking of the Lusitania, shows that Captain Turner, of the liner admitted that he disobeyed the instructions of the admiralty in steaming only at the rate of 18 knots an hour. Had he gone faster the Lusitania would have reached the bar at Liverpool before the vessel could cross it owing to tidal conditions.

Captain Turner also testified that he had not steered a zigzag course at full speed, as the admiralty had ordered, because he thought this order applied only when a submarine had been sighted.

FARM PRODUCTS CANNOT DROP

WITH GRAIN HIGH

WINNIPEG, Nov. 5.—"As long as the price of grain remains high and farmers are forced to employ inefficient help, the price of hogs and other natural products of the farm will remain high," W. W. Fraser, Provincial Live Stock Commissioner, declared today.

"Shipment of hogs into the stock yards all this season has been very light from the three western provinces and shows a curtailment in raising of this animal on farms."

"The situation is becoming alarming and a feeling of unrest is prevalent among livestock men as to where the supply of hogs will come from. The shipment of cattle to the Union stock yards during October passed all records. The receipts were 75,000 head of cattle. This number equals the amount shipped for the first four months of the year."

FINNISH VOLUNTEERS TO ATTACK PETROGRAD

HELSINGFORS, Nov. 5.—20,000 volunteers have secretly enlisted in Finland to join in the attack on Petrograd. A newspaper says the men will be supplied with arms and equipment either by the allies or General Yudenitch, and urges the government to take preventive steps.

MEANING OF 48-HOUR WEEK

WASHINGTON, Nov. 5.—An important feature of the 48-hour week draft convention was disclosed before the International Labor conference yesterday. The plan does not mean an eight-hour day or even 48 hours spread over five and half days. It means that the workers shall not labor more than 48 hours in any one week.
