As the market value of the several articles supplied by the Department changes from time to time, the price list cannot be made permanent, but will be altered, as circumstances require; the prices now fixed will hold good, until the end of the current financial year.

BOOTS.

Cobourg boots will be issued on re-payment at \$1 50 per pair, when applied for in numbers not less than 50 pairs, for actual use by the members of any Corps of Volunteers.

When any Volunteer Corps placed on actual service is sent away from its permanent Head Quarters, boots will be supplied on application being made for the same by the Commanding Officer, to be paid for by a stoppage from the men's pay of 25 cents a week for short boots (price \$1 50) or of 35 cents a week for long boots (price \$2 50.)
