

Finest Sleeping Cars in America

Wider and Higher Berths

Perfect Ventilation

On a C.P.R. sleeper you don't nearly knock your scalp off when you sit up—berths are higher.

On a C.P.R. sleeper you have plenty of room at both ends—berths are longer and wider.

Fresh air and a fresh feeling in the morning.

Rubber Talks

Mr. Purchaser:

When you go into a store to buy a certain article which you require, and which is made of rubber, do you always ask to see the "Jacques Cartier" Brand stamped on what you are purchasing, or do you simply take whatever is offered you by the salesman? Probably you will answer, "I never thought of enquiring." But the next time you are buying think of what we have told you and insist on having THE BEST. It bears the stamp "Jacques Cartier," guaranteeing to you absolute satisfaction or money refunded.
