

10354

At Toronto, September 16, 1906.

Dear Dr. Eby:

I thank you for your letter of the 13th instant, which I have received here today.

I am much pleased with the form in which the Peace Society has shaped its petition, and I feel confident that the step taken will receive the hearty endorsement of the people of this country.

I enclose \$5.00 as a very small contribution toward the expenses of the Society in circulating the petition. I make the contribution a small one, in the first place because my resources are limited, but secondly, and chiefly, because I think that small donations from a large number of people should be encouraged, rather than large donations from a few, and by helping to set an example in this direction, I hope I may be helping along the purpose of the Society itself.

With kind regards, believe me,

W. L. Mackenzie King,
Sec. Canadian Peace & Arbitration Society,
88 College Street,
Toronto.

Yours sincerely,

(Sgd.) W. L. MACKENZIE KING.
