Right Hon. Arthur Meighen -2-

of the people of this Province, who are now fully imbued with the belief that we are not receiving our rights, and never have. We believe that there has been gross discrimination from the beginning. We shall need some very clear cut definite statements that these elements of unfairness will be redressed, and we shall need guarantees, as the French say.

I trust that as the days pass, and you have fuller information, some of which at least I shall send you, you will come to realize our position, and be able to express yourself much more definitely than you have in the letter I have just received.

Yours respectfully,

*H. S. Congdon*
