Madam,-

Upon receipt of your letter of the 6th instant stating that you had applied to Mr. Agent Sims for your Robinson Treaty annuity money for 1901, but that you had received no reply from him; that gentleman was written to by the Department and requested to report in the matter. He states that he did not receive any inquiry from you on the subject referred to. I may add that you should always communicate with the Agent before writing to the Department on matters affecting your interests.

Your obedient servant,
