

317693-1B

Ottawa, 17th June, 1919.

Sir:-

In compliance with a request made to the Hon. A.W. Charlton in November last, (file No. 272050-1B,) this Department received from you a report of Indian patients in residence at the Toronto Free Hospital from January 1st, 1919 to March 31st, 1919. The report was prepared in a satisfactory manner so as to show the condition of each case. I wish to suggest however, that future reports (which should be submitted quarterly) show the name of the Indian Agency from which each patient was sent or the name of the Indian Agent who sent the patient to the Sanitarium.

Your obedient servant,

The Superintendent,
Toronto Free Hospital
for Consumptives,
Near Weston, Ont. Asst. Deputy and Secretary.
