**By ROBSON BLACK**

Secretary,

The Canadian Forestry Association,  
Booth Building, Ottawa.

---

A first edition of 25,000 copies of "A Matter of Opinion" has been distributed throughout Canada by The Canadian Forestry Association, to settlers, railroad employees, campers, fire rangers, etc. The Canadian Forestry Association is not a Government body, nor affiliated with any special interest. It works for forest conservation through widespread publicity. If you are interested in forests from any angle, write the Secretary and secure helpful and interesting publications.
