Buckley Corner, N.S., Nov. 9th, 1897.
Messrs. Brayley, Sons & Co., Montreal.

Dear Sirs,—After twenty years' experience in country store keeping (and during that time I hardly need say I have sold all kinds of patent medicines) I find that Dr. Wilson's Herbine Bitters have made more cures and given better general satisfaction than any I have ever sold. I use the Bitters as a family medicine, and find by doing so I am on the right track as my doctor's bills are nothing. I sold all I ordered from your representative; please ship me another gross at once. Yours truly, THOS. LAWSON.

After many years' experience a man who has sold medicines of all kinds and used them too, comes forward and says none have ever equalled Dr. Wilson's Herbine Bitters.

Now is the time for you to use Dr. Wilson's Herbine Bitters if you are troubled with any of the diseases which arise from a disordered liver, kidney or stomach.
