country whose rela-

tions to Canada are becoming very close.

Capt. Jaffray Eaton is representing The Globe with the Q. O. R. in England, the only exclusive press correspondent on the trip.

Mr. W. J. Jeffers, another member of the staff of The Globe, is at present on a pioneering trip in the Gowganda, Elk Lake and far north country. Mr. Jeffers is exceptionally equipped for such an expedition having spent several years in the mining camps, America and South Africa.

Mr. M. O. Hammond, Editor of the Illustrated Magazine Section of The Globe is contributing letters on the political situation in the United States. These will be continued during the next few weeks, Mr. Hammond's instructions being to travel wherever good "copy" from a Canadian viewpoint can be secured. It goes without saying that not in fifty years has so much interest been taken by Canadians in United States politics as is the case at the present time.

The Globe is trying to live up to its record in the matter of keeping its readers posted aside altogether from the ordinary sources of local and telegraphic news.

STORIES AT LESS THAN A CENT APIECE

In the fifty-two issues of a year's volume The Youth's Companion prints fully two hundred and fifty stories. The subscription price of the paper to Canada is but \$2.00, so that the stories cost less than a cent apiece, without reckoning in all the rest of the contents— anecdotes, humorous sketches, the doctor's weekly article, papers on popular topics by famous men and women.

Although the two hundred and fifty stories cost so little, they are not cheap stories. In variety of scene, diversity of incident, skill and truth in character-depicting, they cannot be excelled.

The Announcement for 1911, beautifully

illustrated, giving more detailed particulars of these stories and other new features which greatly enlarge the paper will be sent to any address in Canada free with sample copies of current issues.

Every new Canadian subscriber receives free The Companion's Art Calendar for 1911, lithographed in twelve colors and gold, and if the subscription is received at once, all the issues for the remaining weeks of 1910.
