ELGIN CO., ONT.

ST. THOMAS.—We are having a dry time. A sewers now vould be of much benefit as were now vould be of much benefit and the state of May are looking full, but the staw will, are looking full, but the staw will, are looking full, but the staw will, are looking full, but the staw will be made to the start of many the start of many the start of many the start of many the start of t

MARQUETTE DISTRICT, MAN.

EDMONTON DISTRICT, ALBERTA,
EDMONTON—Confidence in the agricultural resources of this season been fully institude and even this season been fully institude and even there was buring the early summer there was buring end of the growing crop was never in success of the growing crop was never in the growing ample reserve where the proposition, which have developed unusually favorable evop control of the early favorable evolution. EDMONTON DISTRICT, ALBERTA

NEW WISTMINSTER to. B.C.
CAMP SLOUGH — Haying has commenced. The small fruits are being rushed to the cannery. Therops are looking well owing to the amount of rainfall. Stock looks well. Land is still selling for \$200 an acre.—J. C.

GOSSIP

pened this way: I noticed the advertisements of one of the big electrical supply
houses and got trovered. I wrote these
people for their booleand, I wrote these
people for their booleand, I wrote these
people for their booleand of the people of their booleand of rural telephone companies,
sometiment of their booleand of their people of their booleand of their people of their pe

for anything."

For anything is a consistent of the constant o

It's a surprising thing to me that more "It's a surprising thing to me that more farmers don't organize telephone companies of their own. I believe they are doing is now more generally than they used to but there are lots more that would and could organize if they only knew how simple it was lo get started, and how great the benefits were.

"If there's one thing that I would ad-

simple it was to get started, and how freet the hencits were. The thing that I would advise more another, it would be for vise more amounted in the work of the same farmer and find out what they have to tell him and find out what they have to tell him There's no reason either, why one man there is no expect the same to the promonerous and a

AYRSHIRE NEWS

Farm and Dairy is the official or-gan of The Ganadian Ayrshire Breeders' Association, all of whose members are readers of the paper. Members of the Association are in-vited to send items of interest to Ayrshire breeders for publication in this column
