CANADIAN CONTRACT RECORD

3

THE SMITH CONCRETE MIXER

The cut shows our No. 5 Smith Mixer on skids with engine connected—dumping position—This is the popular outfit with contractors mixing concrete in large quantities—Capacity 300 yards per day. . . .

We furnish mixers in sizes and styles to suit all classes of concrete work.

W.H.C. MUSSEN & CO.
MONTREAL, QUE.

St. Hubert street, cost \$11,000; Joseph and Edward Letreille, two three-storey dwellings, Esplanade ave., cost \$20,000.

HAMILTON, ONT.—At a special meeting of the hospital governors last week, the idea of building an addition to the hospital was abandoned for the present.—The Bay Front Committee of the City Council will ask the Dominion Government to build the breakwater on the bay front 10 feet wide and to place it in a depth of 14 feet of water, also to make the slip at the foot of Catharine street 100 feet wide and 300 feet long.—The following building permits were granted last week: James Holden, addition to John Temple's livery stable, Catharine street, cost \$4,000; E. J. Guest, five brick dwellings, corner of Main and Margaret street, cost \$1,000 each; William Brass, residence on George street, between Bay and Queen street, cost \$2,400; Ald. Allen, two houses on Severn street, cost \$1,500 each; Mrs. Robert Martin, residence on Magill street, between York and Barton streets, cost \$2,000.—Charles D. Haines, a large railway contractor, of New York, addressed the City Council on Saturday last regarding a proposal to construct an electric railway from Hamilton to Brantford by way of Ancaster.

WINNIPEG, MAN.—James H. Cadham, architect, has taken tenders on the erection of a brick business block on Smith street.—A. & W. Melville, architects, have prepared plans and taken tenders for an apartment block on Balmoral street for F. Ashford.—C. J. Brown, City Clerk, is this week taking tenders for construction of an asphalt pavement on Logan ave., from Nena street to C. P. R. track, and on Sargent street, from Young street to Maryland street, also for the construction of sewers and granolithic sidewalks.—It is proposed to construct an asphalt pavement on Shore street, from Portage ave. to Broadway, cost \$4,025, and on St. James place, cost \$4,150.—J. Woodman, architect, is taking tenders on a building on corner of Portage ave. and Donald street.—Bids will be received by Stewart Mulvey up to Thursday, October 6, for supplying single school desks required by the Public School Board during the next two years.—The Board of Directors of the Provincial Agricultural College have instructed S. Hooper, architect, to prepare an estimate of the cost of the necessary subsidiary buildings, such as dairy, stables, principal's residence, etc. No contract will be awarded for the main building until the approximate cost
