Has no Equal as a Butter and Milk Producer

Milk cows need food rich in nitrogen for two reasons: To rebuild the ordinary waste of tissue and to secure the protein necessary for the milk. This is why, as a producer of butter and milk, nothing can equal

"MAPLE LEAF" OIL CAKE MEAL

(FINE GROUND OR NUTTED)

This splendid food is so rich in protein that British farmers send four thousand miles to secure it. It increases the flow of the milk and adds to the richness of the cream. Made by the old process and guaranteed absolutely pure.

The Blackest Page in History.

"The Munsterbergs, the Bernstorffs, the Ridders, and all the subsidized agents of the German Government are persisting in their frantic appeals to the Journal and many other newspapers in the attempt to curb the honest and heartfelt indignation of the American people. These representatives of German 'culture,' together with the Kuhn Loeb of the commercial world, in their fatuous 'patriotism,' or blindness, believe that the newspapers are responsible for the most spontaneous and universal protest that the American people has ever made in its history.

"If German money, or the specious arguments of German professors, could change the course of every newspaper in the United States to-morrow, the sentiment of the country would still remain the same. For the German Kaiser and his Government have been convicted, not by the false reasoning of the American press, not by lies or special pleading, but out of their own mouths. America needs only a single justification for her attitude. She finds it in the one word—**BELGIUM.**

"William of Germany and his people have an account to square with God that no sophistry can wipe out. For they have wilfully, and in their mad passion for conquest, turned a fair land into a shambles, taken a peaceable little nation by the throat, torn it into bleeding fragments, and crushed its very heart beneath its iron tread. The stories of individual German atrocities may not all be true, though there is proof that many of them are. But whatever is true and whatever is false, this one thing stands out, so overshadowing in its monstrous cruelty and barbarism, that it forces the hoarse cry of 'GUILTY' from every man and woman in the world whose being throbs with a spark of human love or the spirit of justice.

"The preservation of Germany's national power, her boasted military machine, her position in art, and the sciences, and commerce, are no longer dependent for preservation on her victories in the field. They are destroyed already, and she will toil on towards the light through many generations of bitter years before she rises from her knees again.

"Not because great armaments will have beaten her down—not because she has been hurled back in her crusade of butchery and invasion. No. But because, purporting to be a great civilized race, worthy of 'a place in the sun,' she has proclaimed to the world that a treaty is only a scrap of paper, and, by the hand of a paranoiac who poses as the chosen of God himself, has deluged with the blood of murdered thousands a land whose peace she had sworn to protect and hold inviolate.

"All the tramping of Germany's legions, all the thunder of her bombs and batteries cannot drown out the cry of one little Belgian child."—Providence Journal.

Gossip.

D. BROWN & SONS' SHORTHORN SALE.

In buying Shorthorn cattle by auction, there is a wide difference on the score of future success in purchasing animals from a herd that has never been fitted for show purposes, but has for many years been kept in good thriving and breeding condition, and on the other hand, in purchasing animals loaded with fat and stabled all their lives. In the former case, a man is reasonably sure to get a regular breeder that will go on and prove a source of profit, and when this class of cattle are richly and fashionably bred, and young in years, the risk of a non-profitable purchase is reduced to a minimum. This is the class of cattle that will be sold at the big sale of Duncan Brown & Sons, at Shedden, in Elgin County, on Wednesday, Nov. 4th, thirty-five of them, and all three years of age and under, and in the nicest kind of condition. They are a straight, well-balanced lot that will enhance the value of any herd in Canada into which they may go. Remember the date, also that conveyances will be at Shedden Station, first stop west of St. Thomas, Michigan Central and Pere Marquette Railway, on morning of sale.
