

### No Crop Produces Profits Like a Maple Grove

Take any crop that you grow and figure out how much profit you have left after paying for ploughing, seed, fertilising, cultivating, harvesting, labor, keep of horses, wear and tear on machinery, etc. Add to your cost a month of hot, dry weather and you are lucky to come out even.

Now go to your nearest neighbor who has a sugar bush with up-to-date equipment, and ask him to tell you honestly how much syrup and sugar 100 average size maple trees will produce, how much he sells it for, and what it costs to make it.

You will find that, acre for acre, a sugar bush will produce a bigger profit than any other crop that you grow—and with less cost for equipment, with less labor, and in less time—besides the sugar season comes at a time of the year when no other work can be done.

Maple products are now higher in price than at any time in the history of the industry—let us show you how to produce the highest quality syrup and sugar and obtain the highest prices.

Ask us to-day to send you the fullest information about sugar making without cost to you.

## This Gilson Engine will cost you nothing

You need an engine—get a Gilson on our new easy payment plan, and it will pay for itself. You have the work for it to do this fall and winter, help is scarce and high-priced—save yourself a lot of worry, and enjoy that "feeling of security" which is such a definite part of the staunch, reliable Gilson Engine.

Gilson Engines have long enjoyed an indisputable reputation for dependability, power, simplicity and economy. This year finds us with an even more attractive proposition for the discriminating buyer. Prices of everything you have been buying have been soaring, but by careful management, we are able to furnish Gilson Engines at remarkably low prices. Write to-day for catalogue, price, and easy payment plan, stating what size you are interested in.

# GILSON

Mr. H. Tutton, of Branchton, Ont., writes,—

Gentlemen,—I have had my Gilson 6 h.p. Engine for eight years and it is equally as good as new now, after doing all our work. In all this time, I have had absolutely no expense for repairs. I would not be without it for anything. I can chop a bag of the heaviest grain in four minutes—mixed grain and oats in less time. I also use it on the circular saw, rip saw, cutting box, etc. All these jobs it handles easily, with great strength. Compared with other makes around me, I am perfectly satisfied with its economy of fuel.
