

SHROPSHIRE SHEEP —AND— COLLIE DOGS.

A choice lot of Ewes bred by Mr. David Buttar, Couper, Angus, Scotland; two Shear Ewes, imported last season, and their produce. Also Collie Dogs just imported. 296-r-O.M

HAVING more stock than we care to carry over winter, we are prepared to make exceptional inducements to those wanting Percheron Stallions or Mares, or Jersey Cattle. We have aimed to select only those animals whose breeding would seem to guarantee the best results, and whose physical condition would justify that opinion. In breeding we have followed strictly the best lines, and are confident that an inspection of our stud will convince you that we have succeeded where many have failed, and can now show an accumulation of first class animals unexcelled by any in proportion of GOOD ones to total number. We have stallions for sale ranging from one to seven years old, but would call especial attention to those from five to seven years. A portion of them have been bred and raised on the Island of Jersey, and their breeding is as good as the best, and a few of them in appearance through their breeding is measurably true of the mares. We have a small secret stock of a number of cows of fashionable strain that we wish to dispose of. We will make prices on these animals that will secure speedy sale. The good ones at reasonable figures, much lower than we think the same quality can be had elsewhere, and those of lesser merit, but whose breeding is all right, at prices very low. We also have a stock of good work horses, and so low that any one having a few mares to breed and wishing to improve their stock can afford to purchase. Terms will be made to suit. The prices ought to insure cash sales but we will extend any reasonable credit to responsible parties. Address LOG CABIN STOCK FARM, 1664 Woodward Avenue, Detroit, Mich; City Office, 4 Merrill Block.

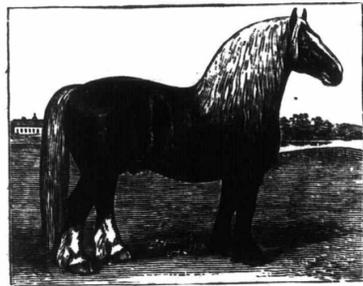

STOCK GOSSIP.

In writing to advertisers please mention the Farmer's Advocate.
Mr. Arthur Johnston, of Greenwood, Ont., in a note to this office, confirms what visitors to the well known herd have been saying, viz: "That the Greenwood Herd was never in better form, and that there are at present in the herd a greater number, as well as a greater variety, of desirable young things than ever before." Mr. Johnston says: "Plenty of young bulls for sale, and others coming forward." New catalogues for 1891 will be read for delivery about 1st February, 1891. As these catalogues contain a great amount of information, and as Mr. Johnston sends them free, they are well worth writing for by every farmer in the Dominion. An account of recent sales will be published in the ADVOCATE in February.

Messrs. D. G. Hamner & Sons, Mount Vernon, write us that: "A recent importation of eight head of Shrop ewes of high quality has just been added to the Hill Home flock, which now numbers forty head. Representatives from this flock were winners of ninety prizes at the recent fall fairs, and the following sales were made: R. Metzler, Addington, one ram; J. Riddle, Manitoba, 2 shearing rams; G. A. Newcombe, York State, 2 ram lambs; C. E. Palmer, York State, ram lamb; T. H. Hubbs, Prince Edward, ram lamb; T. L. Haggard, Prince Edward Island, 2 ewe lambs; H. Inksetter, Copetown, ram lamb; D. Ronald, Galt, ram lamb; S. B. Lynes, Norwich, ram lamb; W. Lapierre, Paris, ram lamb; G. Robinson, Paris, ram lamb; J. Bauslaugh, Simcoe, ram lamb; S. C. Carpenter, Simcoe, ram lamb; W. McAllister, Paris, ram lamb; W. S. Parish, York State, shearing ram; P. Clement Vanessa, ram lamb; W. P. Meade, Busby, N. Y., six ewes; J. Shepherd, Brantford, ram lamb; G. McWerrow, Wisconsin, two shearing ewes; D. Tetter, Burford, ram lamb.

We are informed by Messrs. Graham Bros., Claremont, that the past has been the most successful show season they have yet experienced since they commenced the importation of Clydesdale horses, beginning with the Toronto Spring Stallion Show, where they won first in aged class, 1st and 3rd in three-year-olds, 1st and 2nd in two-year-olds, and sweepstakes for the best horse at the show. At Toronto Industrial Exhibition they won first in aged stallion, 3rd on three year old, 1st on two-year-old, and sweepstakes for best Clydesdale stallion. In mare and filly class they carried 1st on three-year-old filly, 1st and 3rd on two-year-old filly, 1st and 2nd on yearling filly. Sweepstakes for best Clydesdale mare at the show, also 1st for best pair of mares or geldings. At South Ontario and East Durham Society's show, held at Whitby, they won five firsts being all the classes they showed in, together with a sweepstakes for best stallion, and sweepstakes for best mare. At Markham they won eight firsts, winning in every class they competed in, with the addition of the two sweepstakes prizes, one for stallion and one for mare, and finished up the show season by winning first at the National Show at New York, with Macneillage; also silver cup valued at \$100 for the best draught animal any breed, age or sex. They also state that they have made three importations this season, which are superior in breeding quality, as well as numbers, to any year since they commenced business. To Mr. Robert Davis, Toronto, they have sold the three-year-old stallion Gilroy, and the mares and fillies, Lady Dunmore, Barr Bell, Edith, Sweetheart, Bessie Bell, Harriet, Sally, which were so successful at last fall's shows. To Mr. N. R. Clarke, St. Cloud, Minn., they sold Second Choice that won 1st in his class at the Chicago show, also Lady Muir, the first prize yearling filly at Toronto.

In a letter enclosing an ad., Mr. C. W. Brown, Meadowdale, Ont., writes as follows: "The Cleveland Bay is my favorite horse, and is growing very fast in public favor. I have one family and one strain on the dam's side, and I have bred these to none but the best imported stallions. I started to exhibit as far back as 1878, and have exhibited different members of my stud every year since, and have always been successful in winning prizes, having been awarded the diploma three times for the best carriage mare of any age, and once for the best coach stallion over four years, with King Fairfield. This horse, although young, bids fair to out do any of his ancestors as a sire of prize winners. This horse was entered for the herd prize at Toronto Industrial for stallion and five of his get, but owing to circumstances over which I had no control, the exhibit was not made, although five of his get were shown during the second week, and were awarded five prizes in their respective classes, namely: First for 2-year-old filly, second for 3-year-old filly, first and third for 1-year-old filly, and third for 1-year-old stallion. At the County Show held in Brampton, Peel County, First for 3-year-old filly or gelding, first for 2-year-old filly or gelding, first and third for 1-year-old filly or gelding, and second for spring colt. At County of Halton Show—First for 2-year-old filly or gelding, the only one shown. At Toronto Township Fall Fair—Second for 2-year-old filly or gelding, first and third for 1-year-old filly, and first and third for spring foals. Also at the County of York and Township of Vaughn Exhibitions held in Woodbridge—First on 2-year-old filly or gelding, first and second on 2-year-old filly or gelding, first and second on 1-year-old filly or gelding, and first on spring foal. These facts go to prove that King Fairfield has few if any equals as a sire of carriage colts, a point which should not escape the attention of breeders of light horses. Stallions have left my stud, and are doing service in New York, Illinois, Indiana and Michigan."

BLAIR BROS., Aurora, Ill.

Every animal recorded and guaranteed. Visitors welcome. Catalogues on application. Stables in town. Address as above. 301-e-OM

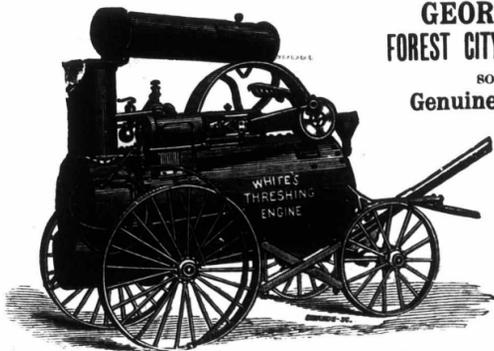

The Razor Steel, Secret Temper, Cross-Cut Saw

WE take pleasure in offering to the public a Saw manufactured of the finest quality of steel and a temper which toughens and refines the steel, gives a keener cutting edge and holds it longer than by any process known. A Saw to cut fast "must hold a keen cutting edge."
This secret process of temper is known and used only by ourselves.
These Saws are elliptic ground thin back, requiring less set than any Saws now made, perfect taper from tooth to back.
Now, we ask you, when you go to buy a Saw, to ask for the Maple Leaf, Razor Steel, Secret Temper Saw, and if you are told that some other Saw is as good, ask your merchant to let you take them both home, and try them and keep the one you like best.
Razor steel is no longer a guarantee of quality, as some of the poorest steel made is now branded silver steel. We have the sole right for the "Razor Steel" brand.
It does not pay to buy a Saw for one dollar less, and lose 25 cts. per day in labor. Your saw must hold a keen edge to do a large day's work.
Thousands of these Saws are shipped to the United States and sold at a higher price than the best American Saws.
MANUFACTURED ONLY BY
**SHURLY & DIETRICH,
GALT, ONTARIO.**

GEORGE WHITE & SONS, FOREST CITY MACHINE WORKS, LONDON, ONT.
