

THRESHERS' SUPPLIES.

We call attention of Threshers throughout Canada, who are close SPOT CASH buyers, to the following list of supplies. The rubber goods which we offer below are made by the well-known Canadian Rubber Co., of Montreal and Toronto. They need no recommendation from us as their goods are first-class in every respect. We give prices right here. Our terms are very simple. We send no goods unless the money is sent with the order. Send money by registered letter or P. O. order. Our system of doing business is very exact, but our prices are correspondingly low.

ADVANTAGES OF USING THE LOADER.

No fixed number of persons is required to operate the Loader, but it may be handled by one, two or three, to suit the circumstances. If a man is without help, he can load with the machine as fast as if he had a man pitching on by hand. If he had a boy to drive, he can load AS FAST AS IF THREE MEN WERE PITCHING ON. If a third person is at hand, two men on the wagon can (with the machine) load A TON IN FIVE MINUTES. In fact, the speed of the Loader is only limited by the ability of the men on the wagon to place the hay.

HAY TEDDER

Prof. Shaw, of the Ontario Agricultural College, says: "That with a small boy and a horse, his Tedder would do the work of ten men turning by hand." After the Tedder has gone over the new mown grass, it leaves it in such a position as to catch every passing breeze to aid in drying it. Hay cured by the sun is bleached, and is little, if any, better than over-ripe hay. Hay cured by a Tedder from its fresh green color will sell from \$1.00 to \$1.50 more than that which is left to cure in the sun, and is worth to the farmer that much more for feeding purposes. Write to us for our article on Hay Making.

1859. THE 33rd YEAR. 1891.

The London Mutual Fire Insurance Co. OF CANADA.

The "Old Pioneer" of cheap Farm and Residence Insurance in Canada continues to do the largest business on such classes of property, and on more liberal terms than any other Company. HEAD OFFICES: Richmond St., London, Ont.

James Grant, President; Daniel Black, Vice-President; W. R. Vining, Treasurer; Cameron Macdonald, Asst. Secretary; L. Leitch, Inspector; D. C. Macdonald, Manager.

Amount of Insurance in Force 1st January, 1891 \$42,863,744.

ASSETS.—1st January, 1891, \$383,277.96 LIABILITIES.—Losses adjusted in 1890, not due till 1891 (since paid), 12,596.67 Re-insurance Fund, 289,918.11 Deposited with the Government in Debentures, 52,693.00

OUR MEMBERS WILL NOTE: 1.—The London Mutual has always acted independently; it inaugurated cheap Fire Insurance, and has never joined any combine to raise rates, but gives insurance at just its cost. 2.—Only non-hazardous property is insured, so that it is not obliged to take large premium notes from its members as other Mutuals do, who insure property specially hazardous, and in consequence take heavy notes, which go to swell up an apparently large capital. 3.—The conditions of Insurance are most liberal, no mere technical advantage has ever been taken of a member; it extends the full benefit of its Policies to losses of property and animals in the fields, on the road or elsewhere in custody of the owner or his servants from loss by lightning. Permits the use of steam threshing engines on liberal terms.

SPECIAL NOTICE—DOMINION CHARTER. Members will note that this Company is the only fire Mutual specially chartered by the Dominion Government, and has the largest deposit of any Mutual in Canada, notwithstanding it confines its business to non-hazardous property. By reason of its special charter it does not come within the Ontario Insurance Act, which discriminates against the premium note members in favor of the cash system insurers. All our members are placed on the same footing, and in this respect the "London Mutual" is placed far ahead of all other Mutuals. Our Agents cannot but impress this upon all intending insurers. Patronize the "good old Company" that for over one-third of a century has done you such good service, and induce your neighbor to do likewise. 307-a-O
