30 PERCHERONS

Also Shires, Hackneys and Clydes, have just arrived with our new importation from Scotland, England and France, of high-class stallions and mares. Many of them prizewinners in their native lands. Bred by the best breeders. Percherons, blacks and grays, weighing 1,600 to 2,000 pounds. Shires at two years old weighing 1,700 pounds. Clydes, bays and blacks, 4 and 6 years old, weighing 1,800 to 2,000 pounds, bred by the best in Scotland. Our Hackneys are bays and chestnuts, combining size, quality and breeding that cannot be beaten. We have a few first-class young stallions that we will sell at cost, to make room for our next importation; and all for sale at reasonable prices.

The La Fayette Stock Farm

J. Crouch & Sons, Props., La Fayette, Ind.

Largest importers in America of German Coach, Percheron and Belgian stallions. Over 200 head on hand at all times. All have the best of bone, style and action, and on which we will put a gilt-edged guarantee they must be satisfactory, sure breeders. Won more prizes in the American show-ring in 1906 than all other importers combined. Our guarantee is the best. Terms to suit buyers. Importations arriving every few weeks insure prospective buyers a large selection from which to make a purchase.

J. CROUCH & SON, La Fayette, Ind.
La Fayette is but six hours' ride from Detroit via Wabash Railroad.

Just got in 100 head of Percheron and Belgian stallions and Percheron and Belgian mares.

Clydesdales, Percherons and Hackneys

I have still on hand 19 Clydesdale stallions, 4 Clydesdale fillies, all imported; Scotland and Canadian prizewinners; 3 years old, that will make 2100-lb. horses of choicest quality and richest breeding; 4 black Percheron stallions, 3 years old, big, flashy, quality horses, and 6 Hackney stallions, 1st-prize and championship horses among them. Will sell reasonable and on terms to suit.

GOSSIP.

C. CURRIE'S YORKSHIRES AND TAMWORTHS.

In the village of Morriston, one and one-half miles from Schaw Station (C. P. R.), and nine miles from Guelph, is the home of Mr. C. Currie, one of Wellington's leading farmers and breeders of Yorkshire and Tamworth swine. Mr. Currie enjoys a splendid trade in his pure-bred pigs, which is easily accounted for, as they are the kind the trade demands. The Tamworth stock boar is the massive 800-pounder, Cold-spring Victor, a hog of grand type, strong bone, smooth and even, and a capital sire. Second in service is Newcastle Choice, champion boar at Guelph three years in succession, all breeds competing, sired by Red Tom, dam Newcastle Queen, winner of Silver medal at Toronto for three years. As might be expected from such rich show-ring breeding, this hog shows a wonderfully perfect form, and is full of quality. Among the brood sows is the extra choice one, Thrifty Pink, champion sow at Guelph last fall, all breeds competing, sired by Royal Conqueror. Also in breeding are three of her daughters, second- and third-prize winners; among them, a trio of mighty sweet sows. Another of the extra good brood sows is the 600-lb. Morriston Molly, a sow not only of great scale, but of wonderful smoothness and evenness throughout. In younger ones are several sows ready to breed, and a number of others not quite so old, every one of them a choice individual. There are also a few young boars left. The Yorkshires are of equally as high a standard. The stock boar is Imp. S. H. Charm 2nd, a boar of splendid proportions, on strong bone, and with well-rounded quarters. Among the dozen or more brood sows are three imported ones that are hard to equal in any herd, as they have great size, even quarters and a good depth of side. Several of the others are the get of S. H. Jubilee. For sale are sows bred and ready to breed, and younger ones, and boars all ages. Mr. Currie reports trade as continually increasing, and sales numerous and satisfactory. Pairs and trios of either breed can be supplied not akin. Write him to Morriston P. O., Ont.

A. DUNCAN & SONS' SHORTHORNS.

One of the nicest little herds of Shorthorns in the country is that owned by Messrs. A. Duncan & Sons, of Carluke, Ont., about midway between Caledonia and Hamilton. About midsummer, the Hamilton-Ancaster and Brantford electric road will pass within 2½ miles of the farm, which will make it more convenient for visitors to the farm. At present, in their splendid stables are about 20 head of really high-class Shorthorns—the low-down, thick-fleshed, early-maturing and good - doing sort, representing the Marr Roan Duchess and Bracelet families, and others tracing to Imp. Beauty, by Snowball. The bulk of the older ones are the get of Imp. Major Alpine; those two years and under, the get of Imp. Greengill Archer, an Orange Blossom-bred son of Archer's Heir, dam Imp. Cranberry 4th. This bull is a massive, even, extra-doing roan, and left a heap of grand good stuff for Mr. Duncan. Lately, as a herd-header, was purchased a roan yearling Claret-bred son of that great show bull, Mildred's Royal, one of the very best sons of that sire of champions, Imp. Royal Sailor, dam Imp. Crocus. This youngster bids fair to eclipse his great sire as a show bull of a high order. All the heifers are being bred to him, among which are an exceptionally good, thick pair of two-year-olds; one a Roan Duchess, the other a Bracelet, a pair hard to turn down in any show-ring. Another is a three-year-old roan, a daughter of Imp. Major Alpine. She, too, is comely to look upon. A coming show heifer, fit to enter any ring, is a red five-months-old, by Greengill Archer, and out of a Roan Duchess dam. And another that impressed us, a superior youngster, is a roan three-months-old heifer calf, a Bracelet, by Greengill Archer. In young bulls, there is only one left, a roan four-months-old, out of a Roan Duchess cow, and by the same sire. This calf looks like a show model of a high order, and should make something extra good. Anything in the herd is for sale, and the stuff is No. 1. Write the Messrs. Duncan, to Carluke P. O., Ont.
