### GOSSIP.

The searcher who thinks of nothing but his bicycle caught a cold, which left him with a very sore throat. He decided to see a physician. "Well," said the doctor, cheerily, "what seems to be the matter?" "I can't say exactly," was the reply in a heavy whisper; "but it feels and sounds as if I had a puncture in my inner tube."

McAllister recently returned from abroad with a fellow actor, who was terribly seasick. "One morning," said McAllister, "Blank came out of his state-room and ran into a lady who was coming along the passageway, clad in the scantiest raiment. She screamed and sought a place of refuge. 'Don't be alarmed,' groaned Blank. 'Don't be alarmed, madam, I shall never live to tell it.'"

An English journal expresses a wonder whether the pronunciation of some of the ignorant classes is the worst. For instance, the groom says, "Arry, 'old my 'oss." But the Curate says, "He that hath yaws to yaw, let him yaw." And the doctor's wife says, "Jawge, please go to Awtah and awdah the hawse; and don't forget to look at the fiah." And the vicar says, "If owah gwacious sovering lady wur-ah to die!"

The late Ambrose L. Thomas, of Chicago, once told a story about two doctors.

"To illustrate my point," he said, apropos of an advertising error, "I'll tell you about my friend, Bones."

Bones was taken ill, and, his family physician being out of town, a specialist was called in.

But the family physician unexpectedly returned, and he and the specialist entered Bones' chamber together. They found the man in a high fever and partially unconscious. Each put his hand under the bedclothes to feel Bones' pulse, and accidentally got hold of the other's hand.

"He has typhoid," said the first physician.

"Nothing of the kind," said the other.

"He's only drunk."

### TRADE TOPICS.

Many customers write of the satisfactory results Absorbine gives in removing blemishes, curing lameness, etc. You try a bottle. Price \$2, at druggists, or delivered. Manufactured by W. F. Young, P. ### EDUCATION OF YOUNG WOMEN.

The education of the daughter of the farm is one of the problems of the modern family. The home is the security of the state. The young women of today are the homemakers of tomorrow. Schooling in the usual subjects and even in domestic science and art is not sufficient. The wise parent sees the need for home-like surroundings and safeguards to character, such as those which Alma Ladies' College, St. Thomas, is prepared to offer to its students. Beautifully situated, with a long and honorable record as an educational institution, it is gratifying to know that under the wise direction of Principal R. L. Warner, last year was perhaps the most successful, educationally and otherwise, in its history. We can confidently speak of the equipment and staff as being most excellent in character. At the recent valedictory exercises, the diplomas were distributed to a large class of graduates by Rev. E. L. Pigeon, B. A., B. D., the medals and prizes being presented by his Honor Judge Colter, and the address given by Principal Merchant, of the London Normal School. We would advise readers who have daughters to educate, to apply to Principal Warner, St. Thomas, Ont., for a copy of the College Yearbook, giving full information.
