

CHEAP EXCURSIONS

\$10 FOR ROUND-TRIP TICKETS

To the FAMOUS CARROT RIVER VALLEY

During June and July the Canadian Northern Railway will sell excursion tickets from any station in Manitoba to Melfort and return for \$10.00. Tickets good for 30 days, with stop-over privileges. Tickets may be purchased at any Canadian Northern station, or at our office.

THE CARROT RIVER VALLEY is the most fertile part of the Great Saskatchewan Valley. Two-thirds of the country is open prairie. The soil is a black loam, varying from one to four feet in depth. The running streams in every township furnish an abundance of pure water. The prairies are covered with a rich growth of luxuriant grass. There is absolutely no alkali or stone. These splendid natural conditions have made this district famous for years for its enormous yields of a No. 1 hard wheat and its especial adaptability for diversified farming. Because of the building of the Canadian Northern Railway through this marvelously rich country, giving this district railroad facilities for the first time in its history, this section of Western Canada will be settled quickly and prices will advance rapidly.

FIVE NEW TOWN-SITES JUST PUT ON THE MARKET:
TISDALE, STAR CITY, RIVERSIDE, KINISTINO and MELFORT

The new thriving towns offer splendid opportunities to the business and professional man in every line.

Free Homesteads

Good Free Homesteads of 160 acres each can still be had near railway stations. This year will be the last chance to secure good free lands within a reasonable distance of the railway. Write for maps, printed matter, price lists, etc.

An All-Steel Rake

is the one you should use on your farm. No part of it is affected by the weather if it is necessary for you to leave it exposed.

THE FROST & WOOD "TIGER" RAKE

is a strong and durable machine—one that will stand all kinds of hard usage and work on rough land.

Frost & Wood "Tiger" Rake. Built in 8 ft., 9 ft., 10 ft., and 12 ft. sizes.

The "TIGER" FRAME is very strong and rigid. On all sizes, except the 8 ft., the frame is trussed, giving it additional strength.

The TEETS are bent the proper shape for doing the best work, and are all tempered in oil and tested before leaving the factory.

The AUTOMATIC FOOT-LIFT is the simplest on the market. It acts right in the middle of the Rake where the load is balanced, not at the ends where the load is uneven.

Send now for Illustrated Catalogue "F" and get posted.
