You Need More Protection

IF you are a good business man, as well as a good Churchman, you must admit that the time has come for you to put on more life insurance. You know that for your own and your family's protection it is necessary to carry nearly double the amount you needed before the war. The high prices of foodstuffs and other necessities are still going up—not coming down, as expected—and unknown factors, like the "Flu," must be reckoned with.

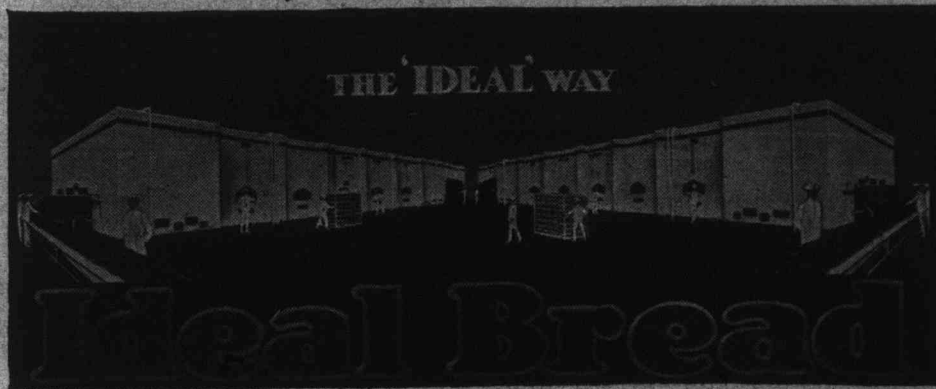

The re-construction of business, after the war, also calls loudly for more protection to cover the menace that threatens your Capital. To keep pace with the much keener, increased competition, increased investment must be made, and more capital must be tied up in plant and other non-liquid assets. In the event of your death, a serious problem presents itself. Life Insurance, sufficient to cover all loss, offers the only ready solution to it. A Fifteen or Twenty Year Payment or other Policy in The Continental Life will just meet your needs. Don't delay, but

See your nearest Agent of the Company, or write to either of the undersigned at Head Office for full particulars, stating your age at nearest birthday.
