The Guide's "Farmers' Market Place" is planned so as to co-operate with the readers in
affording them an economical opening to wider markets. A glance at this page will show the
many departments into which it is divided. This affords the prospective buyer a quick method
of referring to the section in which he will find offerings in the line he intends to buy. Naturally
he will look over all the advertisements in that particular section before making his choice.
This means that every advertisement will be read by every prospective buyer. This is the
strong advantage of this classified section.

Advertising rates are given at the top of this page. Send in your order now accompanied by
the amount for the number of times you wish your ad. to run, and let The Guide demonstrate
to you, as it has to hundreds of other farmers, how it can sell.
