LOCAL NEWS.

Mr. Fenwick advertises this week
the loss of a valuable spaniel dog.

Rev. Jas. Puller will preach in St.
Paul's Church on Sabbath evening at
7 o'clock.

Quarterly services will be held in
the Methodist Church the first Sunday
in August.

color; ornamental brass buttons.
Please return to Mrs. F. Foley, Far-
mersville.

A. E. Donovan arrived home last
week from a business trip to western
Ontario. He reports the trade out-
look gloomy, on account of the poor
crops.

Mr. H. Kincaid is recovering from
the effects of his recent accident, and
is able to hobble around a little. He
hopes to be fully recovered in a week
or two.

The firm of Moles & Ackland an-
nounce a dissolution of partnership.
The business will be carried on by Mr.
Moles, whose obliging manners have
made him popular.

Want of space prevents our giving
an account of a three days' outing at
Charleston Lake. We are also obliged
for the same reason to hold over a let-
ter from Mr. Nash, on the subject of
the "North Church" dispute.

This is the last week in which to
get fourteen photos for a dozen at
Knapp's Photograph Gallery. The
business will be in the gallery for the
rest of the week. Do not miss this
opportunity of securing a lot of good
photos at a low price.

The Central Canada Exhibition will
open at Ottawa on Sept. 24th, and
will continue until Sept. 29th. The
premises offered amount to \$10,000.
Extensive preparations are being made
for the exhibition by the directors,
and every effort will be made to en-
sure success.

The Gannaque Reporter says there
are fewer people on the River St.
Lawrence summer resorts than there
have been for several years. A good
many cottages in the vicinity of Gan-
naque are yet unoccupied, and the
hotels and summer resorts are far
from being crowded.

A steady rain of several hours' du-
ration on Thursday last, another heavy
fall yesterday, and copious showers
to-day, have put an end to the long
drought. While the rain came too
late for most of the crops, it will pro-
ve invaluable in causing a plentiful
growth of pasture, which is so badly
needed.

On Saturday morning last Mr. John
Whaley, a resident of North Augusta,
was thrown from a load of hay, and
died from the effects of the fall. He
had for many years been a much re-
spected resident of the township of
Augusta, and was a brother of Peter
Whaley, of Unionville, and Isaac
Whaley, of Delta.

Our census taker finished his
enumeration a few days too soon, for
if he had waited until this week he
could have added three more to the
list. Mrs. John Rappell presented her
liege lord with a pair of twins, a boy
and a girl.

Mrs. Mahlon Wilcox gave birth to a
son. We hope to be able to report
progress in this direction again in the
near future.

A number of people in this town
are greatly puzzled to know what use
is made of butter-milk in the cheese
painting business. That it performs
some important function in the art of
giving to new carriages that beautiful
gloss which is so much admired, is
evident from the persistence and fre-
quency with which a certain ap-
prentice to the trade in search of but-
termilk for his boss.

We can imagine, but can hardly
describe, the feeling of surprise which
overcame a certain young man in our
town who a few mornings ago found
himself in the bedroom of a married
woman, who had not yet left the arms
of Morpheus. The next time he de-
livered anything at that house, which
he is accustomed to do every morning,
he was very careful to take bearings
so that the location of the bedroom
and hall doors was perfectly clear to him.

Problem for the reader:—Put down
in figures the year in which you were
born, to this add 4; then add your age
to your next birthday, provided it
comes before January 1, otherwise
your age at last birthday; multiply
result by 1,000; from this deduct
677,423; substitute for the figure
corresponding letters of the alphabet
as A for 1, B for 2, C for 3, D for 4,
etc. The result will give the name by
which you are popularly known. No
"rats" about this.

The Rear Yonge and Escott Veneers
List for 1888 was turned out by the
office last week, and the Township
Clerk has distributed copies of it in

On Saturday morning last, at Hay
Bay, where the city on a head of
Hay. When he reached the corner of
Princes and Chatham streets his
waggon broke down, the front axle
having broken close to the wheels.
He did not examine his waggon,
but started to the city to get
another one. He left his horses feed-
ing in the load of hay. Some men
passing the hay saw smoke issuing
from under the waggon. They ex-
amined it and found that the front
of the front axle around which one of
the wheels revolved had been burned to
a cinder, and that the hay had caught
fire. The friction in the wheel must
have been powerful. Old farmers who
heard the story of the fire say they
never experienced such a thing—

lad, belonging to Mr. J. B. Lan-
don, who was caught by the wheel

her ankle dislocated. Dr. Hanna was
called in, and her injuries pronounced
as such to cause no serious alarm. As
it is, Miss Steacey got a bad shaking
up and narrowly escaped being
killed.—Gannaque Journal.

will be given if returned to me.
