The case of Rev. D. G. S. Conroy formerly of Winchester, vs. the Toronto College of Music which was before the Civil Assizes at Toronto last week was dismissed. Mr. Conroy claimed \$1000 as damages on account of alleged refusal by the company to carry out a contract to employ him as a teacher of elocution at the college.

The terrible mistake made about a year ago by a Montreal doctor when the latter removed the good eye from a patient upon whom he operated has just been repeated by a Chicago physician who undertook to remove a diseased eye from a young girl whose sight was injured by an arrow shot. By mistake he took out the wrong eye. She will be blind for life.

The serious nature of the illness that has prostrated Mr. W. H. Merrick for several weeks brought the following members of his family to his bedside last week: Mrs. Algure and Mrs. O'Laughlin of St. Catharines, Messrs. Wm of Montreal and George of Toronto. Mr. Merrick's present condition is not considered critical, though slight hopes are entertained of her ultimate recovery. His sons returned to their homes this week.

Chamberlain and Chalmers Singleton will take part in the service.

Russell, Henry Thomas, and E. C. Sliter. Miss Carrie Hill and Miss E. Elliott will read papers on subjects connected with the S. S. and Mr. C. A. McLean of Brockville will give one of his popular and instructive "chalk talks." The singing during both services will be a special feature, for which the Canadian Hymnal will be used. Mr. and Mrs. Geo Lewis and children of Brockville were in Athens last week, visiting at the home of Mr. and Mrs. W. A. Lewis, Reid street.

Mr. and Mrs. W. Towriss very agreeably entertained a large party of young Athenians who drove to their pleasant home on Wednesday evening last.

Recorder: Mr. H. S. Moffatt of Jasper, formerly of Addison, met with a peculiar accident last Saturday night. It seems he was driving from Smith's Falls to his home and in the darkness got into the Rideau river. The horse was drowned, but Harry managed to scramble out none the worse.

Another industry which is being developed in Ontario is the cultivation of frogs. In his annual report, Mr. Bastedo, the Deputy Commissioner of Fisheries, calls attention to the increasing demand for this delicacy in the American market. A considerable number of people in this province, he says, have in view the establishing of froggeries. Bullfrogs of good pedigree are in demand. This new line of industrial effort should prove a bonanza to some enterprising Athenian. There are two or three lakes in the immediate vicinity of Athens that could be converted into the froggiest kind of froggeries and a wild-ricery and wild-duckery could be run in connection. There might be more music than money in the frog business, but since a departmental official discusses the matter seriously it is worthy of consideration.

The Patriotic Concert.

The adjourned public meeting to arrange for holding a patriotic concert was held in Lumb's hall on Monday evening. Mr. J. P. Lamb was elected to preside, and after explaining the object of the proposed concert he invited a discussion on the subject. Several propositions were made relative to the character of the entertainment, but all had to be dismissed on account of the lack of a suitable hall. Finally, on motion of Mr. Joseph Thompson, seconded by Dr. Cornell, it was unanimously resolved to have an entertainment, and a committee of management was appointed, consisting of Messrs. Geo. E. Judson, E. S. Clow, and H. W. Kincaid, with power to add to their numbers. A number of ladies graced the occasion with their presence, took part in the discussion, and showed themselves to be most heartily in accord with the proposed patriotic demonstration.

Obituary.

Samuel Rabb died at his residence, Athens, on Monday, 9th of April. Deceased was a native of Ireland. Emigrating, he settled in Bastard, near Toledo, where he followed his vocation of teaching, and in 1849 married a daughter of John Blakely, known as Colonel Blakely, who was one of the first to take up arms at the time of the Fenian Raid. Mr. Blakely was also a surveyor. Mr. Rabb followed his vocation of teaching for 33 years, during which time he was inspector of schools. Deceased was in politics a staunch Conservative and in religion a Presbyterian, from which church was delivered his funeral sermon by Rev. J. J. Cameron, assisted by Rev. E. W. Crane of the Methodist church. The family consisted of six boys and four girls, viz.:

John Rabb of Lombardy, William and Robert of Perth, Abraham of Frankville, David of Toledo, and Richard of Portmore; Mary, wife of Albert Morris; Charlotte, wife of G. F. Gainford; and Ella and Elizabeth, deceased. The pall-bearers were, by his request, his six sons, but owing to Abraham being unable to get home his place was filled by his nephew, John McEwan.

Mr. Rabb had attained the ripe old age of 85 years, of which 50 years was married life. During his sickness he realized from the first his time had come and only seemed waiting, waiting to hear the welcome call—"Child, come home."

Seed Potatoes.

The undersigned offers the Early Fortune potato for seed. It is one of the strongest growers among the early varieties, both as to early ripening qualities and enormous productiveness. Of strong, vigorous growth, it is handsome in form and its color resembles the Early Rose. I find they yield, under the same cultivation, three times as many as the Early Rose from the same amount of seed planted. Although Early Fortune was planted three weeks later than the Early Rose, they matured at the same time.

N. B.—Anyone wanting these seed potatoes, can have same at greatly reduced prices from what is generally asked by the leading seedsmen.

Mr. Hawkes, lumber inspector, and J. Randolph, buyer for the McLaughlin Carriage Company now located at Ganaoquo, were in Athens last week where they bought and loaded nine cars with lumber (purchased from the farmers of the surrounding country). The logs were drawn to Spicer's mill during the winter and sawn and piled ready for inspection. The inspector speaks very highly of the quality of the lumber and says the company will probably arrange to purchase a much larger quantity next season. The loaded cars will go through to Oshawa and be piled in the company's yard for working up in their new factory, which is expected to be ready for occupancy early in August. About two car loads was sawn at Saunders' Mill which was loaded on cars at the same time.
