DAWN MILLS.

The Shurpe Bros. had the misfortune to have their house and contents totally destroyed by fire last Wednesday night, themselves and family having a narrow escape. It was a bad loss, and it is to be hoped that some steps will be taken to show sympathy for them in a substantial way.

Thomas Elgie was elected councillor to fill the vacancy in the Camden council by a majority of three. Not much interest was taken, a very small vote being polled.

The stone and brick work on the Town Hall is completed and the woodwork well advanced. When finished it will be a nice building and a credit to the Camden council.

Mr. and Mrs. C. West, of Ridge-town, were visitors at Frank Giffards last week.

W. J. Neely, of Toronto, is calling on friends in the neighborhood.

Some of the farmers are preparing to thresh.

Thomas Elgie and A. Trehan have purchased a traction engine.

'T WAS A GREAT RACE

But the American Defender Sped in by a Mile.

Canadian Boat Led For a Considerable Portion of the Contest—Jarvis Again Got Over the Line First—Adele Was Troubled on the Return Journey With Her Sails—Start So Speedy Patrols Failed to Keep Up.

Rochester, Aug. 13.—Skipper Hanan and his crew of the defender, Seneca, drove another rivet into the fastenings that hold the Canada's Cup at the Rochester Yacht Club house, by sending the Seneca over the finish line about a mile ahead of the Adele yesterday afternoon. It was the second of the series and both have gone to the Yankee defender; on Saturday, in a light breeze, that finally died down to a complete calm, and yesterday in winds that varied from 8 to 12 miles an hour.

The start yesterday was made early, a slight delay being caused in placing the buoys. They jockeyed for half an hour near the starting line while the buoys were being placed and when the whistle was sounded both were throwing spray on the imaginary line. Jarvis again got the windward position and the tinders caught the challenger going past the line at 11.30. Five seconds later Hanan and the Seneca flashed over and they were off for a nine-mile frolic before the wind.

Almost straight out into the lake they went, the Adele seemed to realize she was sailing towards home and was daring the Seneca to catch her before she could get there. The dare was accepted and they rushed away so fast that the sailing craft in the fleet, although some of them are speedy, seemed to be dragging anchors and over the stern that carried the judges and the patrol boats had to keep chug-chugging to keep along near the racers.

The Seneca gradually crept up and finally passed the challenger, but it was a merry race, with odds for none and when they made ready to turn the mark, Jarvis obtained the windward place and slowly the large sail of the Adele carried her past the Herreshoff boat.

They rounded the stake boat: Adele at 1.05.20, Seneca, 1.05.36. Then the Seneca was pointed towards the land of Uncle Sam and it was then that the Seneca was to play tag with the defender. Some trouble was experienced with the sails on Adele and her crew was kept busy getting canvas out of the water. When her big sail caught the wind squarely she raced like a hawk, but when it got in trouble she dropped back very noticeably. They were about an hour running out and it was figured that they would be about two hours coming back. These calculations were not far from the results, although the Seneca made the water fly faster as she neared the finish. The Seneca struck a jell when about half way home, and the Adele almost overtook her. But it was the Seneca all the way, on the last half of the run home, and she gradually widened the gap from 300 yards to half a mile and when she crossed the line she had a lead of a mile.

To-day the third of the series will be sailed over a triangular course. If the Seneca wins there will be no further races and the Canada's Cup will remain on the American side of the lake.

NABBED YANKS.

American Poachers Were Arrested North of the Canadian Soo. Sault Ste. Marie, Ont., Aug. 13.—Five Americans were arrested at Moore's Point, three miles above the Canadian Soo, on Saturday for poaching in Canadian waters, a gasoline launch and rowboat and a certain amount of fishing tackle being among the confiscated property.

The arrests were made by local Game Warden Calbeck and Fisheries Inspector Hand. The men were brought to the Canadian Soo and fined \$10 each, and were then allowed to go. The boats will probably be disposed of by public auction, in accordance with the law governing such cases. When arrested the men had no fish in their possession, and it is supposed that all the catch was thrown overboard at the approach of the officers.

The operations of the American poachers have been going on for some time, and the local minions of the law have decided to put a stop to it.

SUMMER COMPLAINT.

One of the Commonest and Most Dangerous of Diseases.

Everyone Should be Prepared for it with a Bottle of Dr. Fowler's Extract of Wild Strawberry.

Very few people escape an attack of Summer Complaint. It may be slight, or it may be severe, but nearly everyone is liable to it.

You cannot tell when it seizes on you how it may end.

Let it go for a day or two only, and see how weak and prostrated it will leave you.

There is only one safe way to cure it and that is by Dr. Fowler's Extract of Wild Strawberry. It has been on the market for sixty-two years and has been proved and tried by you are not experimenting when you buy it.

Do not accept a substitute or imitation, as many of these are positively dangerous to life and health. Insist on having Dr. Fowler's.

Mrs. Norman H. Eisau, Ship Harbor, N.S., writes: "Last summer my baby was very bad with Summer Complaint. I tried most everything for him, but nothing seemed to help. One day a neighbor called in and told me to try Dr. Fowler's Extract of Wild Strawberry, so I got a bottle and after a few doses my baby was cured. I shall always keep it in the house."
