

AFTER 18 YEARS OF SUFFERING

An Ontario Farmer Finds a Cure at Last in Dodd's Kidney Pills.

The Direct Cause of His Trouble Was a Strain in the Back Which Affected His Kidneys—Dodd's Kidney Pills Cured Him.

Ardoch, Ont., May 7.—(Special).—Mr. Ami Jeanneret, of this place, gives a very interesting account of his experience with Dodd's Kidney Pills. He says:

"I hurt my back and strained my kidneys and for 18 years I suffered on and off intense agony. I was subject to attacks of rheumatism and lumbago. My joints were stiff, my muscles cramped. I lost my appetite, my flesh began to fall away, my nerves were shaken. I could not rest or sleep at night and I was sinking into a deplorable condition when I was advised to try Dodd's Kidney Pills. I used six boxes and I am now as strong and healthy as ever I was. I am certain I owe my cure wholly to Dodd's Kidney Pills."

Cashier Gets Ten Years.

Mitwaukee, Wis., May 7.—Henry G. Goll, former assistant cashier of the First National Bank of this city, who was convicted on nineteen counts in the United States District Court a week ago of misappropriation of funds of the bank, yesterday afternoon was denied a new trial by Judge Quarles and sentenced to ten years in the military prison at Fort Leavenworth, Kas.

WHY SUFFER FROM RHEUMATISM?

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it, hoping only for a short relief from suffering, have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett, of Yum Yum, Tennessee, U. S. A., writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." Sold by all druggists.

Present For Hon. Mr. Lemieux.

Montreal, May 7.—Hon. Rodolphe Lemieux was dined at the St. Denis Club Saturday evening by a non-political gathering and presented with a fine oil painting of Champlain's arrival at Quebec.

King Leaves Paris.

London, May 7.—King Edward will arrive from Paris this evening.

A GOOD FAMILY LINIMENT.

Every family should be supplied with a bottle of Chamberlain's Pain Balm. For cuts, bruises, burns, scalds and similar injuries, which are of frequent occurrence, there is nothing so good. It soothes the wound and not only gives instant relief from pain, but causes the parts to heal in about one-third the time required by the usual treatment. As it is an antiseptic all danger from blood-poisoning is avoided. Sold by all druggists.

Great Sums of Gold.

New York, May 7.—More than \$13,000,000 in gold is on board vessels which left various European ports for America Saturday, and probably as much more is on board ships already on the way, which will land here next week.

POOR AIM OF ASSASSIN

Saves Life of Vice-Admiral Dou-bassoff From Bomb.

Governor-General of Moscow Had Back Burned, Leg Bruised and Was Thrown From His Carriage Among Horses' Heels by Explosion—Coachman's Skull Fractured, a Sentry Killed and Several Bystanders Hurt.

Moscow, May 7.—A bomb was thrown at the carriage of Vice-Admiral Dou-bassoff, Governor-General of Moscow, as he was being driven to the palace yesterday. Access to the palace is barred.

Vice-Admiral Dou-bassoff's life was saved by the poor aim of his would-be assassin. The bomb exploded on the pavement several paces to the rear of his carriage, hurling the mutilated corpse of the terrorist several yards backward and tearing off the arm and the face of an aide who was descending from the carriage. Gen. Dou-bassoff was thrown from his carriage and under the horses' heels. His back was burned and his leg bruised, but he was able to walk unaided into the palace. The coachman's skull was fractured and he was taken to a hospital. Several bystanders were injured, and a sentry was killed.

Grand Dukes in Danger.

London, May 7.—A despatch from Paris to the Exchange Telegraph Co. states that the Grand Dukes Vladimir and Alexis of Russia have been advised that they will be running a great danger if they remain in Paris. It is understood that they will leave immediately.

Parliament to Be Free.

St. Petersburg, May 7.—The Associated Press was enabled to give Saturday night the policy of the new Ministry on the all-important agrarian question.

The Government will not attempt to dictate to, or even direct, the Parliamentary majority. Instead, it will propose the formation of a Parliamentary commission upon which the responsibility of elaborating an agrarian project will fall. This is virtually equivalent to accepting the decision of the Constitutional Democrats. As a matter of fact the Parliament will be permitted to act freely as long as it does not assail the fundamental laws of the Russian state. The Emperor may, however, interpose in threatened impeachments by the victorious majority of Government officials.

Another One Goes.

News was received at the session of the Constitutional Democratic congress last night of the assassination of the Governor of Elizabetopol in revenge for his savage repression in the Caucasus.

Cheer Assassin.

A feature of the session was the picturesque scene when the news was received of the attack upon Governor-General Dou-bassoff at Moscow. It was then supposed the attack had been successful. The convention took a recess and cheered the assassin and the deed for 10 minutes.

Count Witte For Paris.

London, May 7.—The Daily Telegraph's St. Petersburg correspondent says it is reported that Count Witte may be appointed Russian ambassador to Paris.

Chinese Recruiting in Manchuria.

London, May 7.—Official confirmation has been received at the War Office from Harbin of the report that the Chinese Generals Ma and Yuan Shi Kai are increasing their forces in the south of Manchuria.

It is stated that recruiting is going on in the district of Ninguta, that Chinese troops from Manchuria have been sent to Kirin, and that twelve hundred horses, which were bought during the Russian demobilization, are concentrated at Jialantun. In China volunteer militia is being formed. Thousands of young men are enlisting and meet twice a week for drill.

REVENUE SHOWS INCREASE.

All Departments Assist For Ten Months Ended April 30.

Ottawa, May 7.—The statement of the Finance Department for the ten months of the current fiscal year up to the end of April shows a revenue of \$63,808,355, expenditure on consolidated account \$45,243,499, and capital expenditure of \$10,421,765. As compared with last year the revenue shows an increase of \$6,677,848, the consolidated fund expenditure of \$1,330,841.

For the month of April the revenue of \$4,732,736 represented an improvement of \$1,093,053 over the corresponding month of last year. The expenditure of \$3,642,118 on consolidated fund was an increase of \$34,577 and the capital outlay of \$1,285,432 was \$379,834 larger than last year, chiefly on account of railway subsidy payments.

Every revenue producing branch of the public service contributed toward the improved showing.

CRUSHED COUPLING CARS.

Harry Johnston, Young Brakeman, Badly Hurt at Orangeville.

Orangeville, May 7.—While coupling cars in the station yard here about 6.30 Saturday night Harry Johnston, a C. P. P. brakeman, was caught and badly crushed between two sections of a freight train. The engine stopped a short distance as Johnston stepped between the cars it started again. The couplers catching him fairly in the abdomen and small of the back.

He was at once taken to the home of his grandparents, Mr. and Mrs. Jas. Keyes, where he is now lying in a state of collapse from his injuries and the nervous shock. Johnston is about 20 years of age. His father, who was an engine driver, was killed near Brampton a number of years ago.

Later—Harry Johnston died from his injuries at 1.15 yesterday morning.

Few wild animals are left in New Zealand. The Government takes good care of the country and seeks to add new varieties. Among recent importations are chamois from the Austrian Alps, which ought to flourish in the mountains of New Zealand.

Charles Flint of Canada, N. H., is the owner of a biscuit which was given to him by a sovereign of his visit to the frigate Constitution in 1855 when the vessel was lying in the harbor at Portland.

The biscuit is oval in shape, three inches by two, two inches thick. Palladium, a rare substance little used in the active agent in automatic gas lighting devices. The latest novelty in vegetables is a black potato, which has been sent to a well known seed merchant of London. This eccentric tuber came from the Congo and is said to have an excellent flavor. It is especially recommended for ornamental cookery and in salads.

In altering an old hotel in New York city it has been found that the beams, floor boards and woodwork are of solid mahogany. The structure would prove a perfect mine of wealth if it could be razed, but the owner refuses to allow this to be done under any circumstances.

Jan. 1, 1872, Ebenezer Drake of Mechanic Falls, Me., placed \$50 in a savings bank for the benefit of a cemetery association. The money is not available until it has increased to \$100,000. It now amounts to \$200, and it is figured that the association will get the money in 2053.

Because of lack of funds work on Lippincott's Dictionary of the English Language has ceased. Twenty American scholars, working fourteen years, representing an outlay of \$400,000, have reached the word dog. J. Bertram Lippincott, its projector, expected to finish the work in five years.

Australia's different states, having agreed to prohibit the sale and growth of opium, the Commonwealth Government has prohibited the importation of opium except for medicinal purposes. All the states will lose revenue by the prohibition. The loss to Queensland alone is estimated at \$80,000 yearly.

Mount Matutu, on the island of Savaii, Samoa group, has covered thirty square miles of land around it with lava, and a stream twelve miles wide is flowing into the sea. The lava is thrown up 1,200 feet and at latest accounts had increased the height of the mountain since Aug. 21 by 3,000 feet.

Ed. Poole of Lynn, Mass., has two pets which probably cannot be duplicated in a day's journey. One is a peacock which lives in a little house in the back yard. The other is the companion of the crow, a big rat. The rat occupies quarters in the crow's house, and they eat from the same dish. Both, too, are largely engaged in avoiding cats and dogs.

The height of the great Victoria falls of the Zambesi river, in South Africa, is much more than double that of Niagara falls, but the average volume of water flowing over the African precipice is so much less than that of the Canadian river that in horsepower the Victoria falls probably average only about 15 to 20 per cent. as much as the Canadian cataract.

Off Gibraltar the British channel fleet has been practicing night firing at a novel target. It is shaped like a destroyer and is outlined with incandescent lamps that can be switched on or off at will from the towing boat. The idea is to make the practice as realistic as possible. Out of the darkness the "destroyer" suddenly springs, giving the gunners only a few seconds to take aim before she disappears again.

The great Croton dam, which will hold New York's water supply, has been completed after ten years of continuous labor. The last stone was placed by Comptroller McLean in the presence of the city officials. The dam is nineteen miles in length and varies in thickness from a mile at the breast to a quarter of a mile at the wings. The dam is 260 feet deep, reaching below the surface of the earth an enormous distance.

BURDOCK BLOOD BITTERS

This remedy will drive out all the impurities from the blood and leave the complexion healthy and clear.

Miss Annie Tobin, Madoc, Ont., writes: "I take great pleasure in recommending your Burdock Blood Bitters to any one who may be troubled with pimples on the face. I paid out money to doctors, but could not get cured, and was almost discouraged, and despaired of ever getting rid of them. I thought I would give B.B.B. a trial, so got two bottles, and before I had taken them I was completely cured and have had no sign of pimples since."

Burdock Blood Bitters has been manufactured by The T. Milburn Co., Limited, for over 20 years, and has cured thousands in that time. Do not accept a substitute which unscrupulous dealers say is "just as good." "It can't be."

How Little Savings Roll Up.

If a parent deposits \$1 at the birth of the child and adds at each succeeding anniversary of the birthday a number of dollars equal to the number of years, the amount by the time the son or daughter is twenty-one years old, computed at 4 per cent interest, compounded semi-annually, will equal \$300. This would be a substantial nest egg to begin life with.

The man who deposits only 25 cents a week, drawing 4 per cent, compounded semi-annually, will have to his credit at the end of five years \$78, at the end of ten years \$162, at the end of twenty years \$408 and at the end of forty years \$1,204. The man who saves \$5 a week at this rate would be worth at the end of forty years the snug fortune of \$25,868.

The Baby Sick?

Then probably it's a cold. Babies catch colds easily and are very susceptible.

Not a cold, but a fever. You can't tell the difference. You can't tell the difference. You can't tell the difference.
