GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, restless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, teeth bad, has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, "figs" and in a few hours all the foul, undigested food, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

10-CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Head-aches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which scours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

THE CHEVROLET

You may have heard of the Chevrolet—the car that has taken the public by storm in the United States. Well, that is the car we now offer in Canada—only this is to be a distinctly Canadian Chevrolet—not just Canadian in name, but made by an all-Canadian company—every share-one million dollars of good Canadian money—every feature of its manufacture completed in a Canadian plant by Canadian workmen.

Let's start with the engine—the heart of the car—and in case of the Chevrolet, a "heart" with a dependable action, quiet and smooth running to the last degree, its valve-in-head motor drives with a steady stream of power. Up the steep hills the Chevrolet climbs with ease—already they're calling it "The Wizard of the Hills." It has been found that the lever remains in high gear 95 per cent. of the time.

The feeling of ease and security you have in a Chevrolet comes from its low centre of gravity. It "clings to the road," although it has especially high road clearance; so that, on any kind of roads, you have good control of the car, and an upset is not to be feared.

You won't TIRE in a Chevrolet—whether in front seat driving or in the tonneau reclining. First, because it's roomy—seats five people comfortably. Second, because it has cantilever springs on REAR and double-acting, patented FRONT springs—no shock-absorbers necessary. Third, because it's comfortably unholted in fabricoid.

Transmission, selective type, with sliding gears; three speeds forward and reverse. Not necessary to be continuously "pushing the low gear lever" with the foot. On hill work you simply set the hand lever in low, high or intermediate—the motor does the rest.

The price, \$710, includes full equipment and a speedometer. Tires, 30x3 1/2 all round; mohair top and dust hood; clear vision, rain-vision ventilating wind-shield. And an Electric Lighting and Starting System that is designed and built into the car as an integral part of the car. This is important. The lighting system includes dimming attachment.

This 26-horse-power, 5-passenger Touring Car is ready for you now—and you had better get your order in at once. Agencies have been established in all the principal cities and towns of Canada.

MAP OF Carleton County

The man who does not advertise because he doesn't know how to write an advertisement should quit eating because he can't cook.

(We will gladly help you prepare your advertising.)

This beautifully printed map, in four colors, large wall size, on a scale of 1 7/8 inches to the mile, shows the parishes in different colors, all the highways, railways, lakes, rivers, brooks, every post office. Every Carleton Co. home should have one.

This map was issued at a cost of hundreds of dollars by The Observer last year. It is The Observer's tribute to Carleton Co.

It was issued to be sold at \$3.50. Price is now reduced as follows:

School and Office Edition
Formerly \$3.50, now \$1.75
House Edition, formerly \$1.25, now 50c
(Sent postpaid)

The difference in editions is very slight, only in the matter of mounting.

Send for the 50c Map Today.

The supply will not last long, and when exhausted a map of Carleton Co. will not again be available for a generation.
