N.B. and P.E.I. Conference.

ST. STEPHEN, JUNE 30.

DEAR ADVOCATE.

The Tenth Annual Session of the N. B. &amp; P. E. I. Conference of the Methodist Church of Canada is now in session in this pretty little town, which gives so much evidence of the good taste of its people, in extensive tree planting, many of the streets being beautifully shaded with many varieties of trees, while not a few of the residences, some of them costly, are surrounded with well kept grounds in which shrubs and flowers of almost every hue are seen in great profusion. In these laudable attempts to improve where Nature has already done her part, the New Brunswickers have evidently followed the example of the neighboring city of Calais, which with its well kept roads, handsome residences, beautiful gardens and streets, and regular lines of state trees, is exceedingly attractive, especially to the stranger who comes in the evening to see the place, and who has his own native town or other places where the same excellent taste is not evidenced. Calais, which deserves the title of the garden city of the Maritimes, is not nearly so wide here as is the Miramichi at Chatham or Newcastle. The close proximity of the American and Canadian boundary lines gives ample scope for the operation of the smuggler and many stories are told of daring exploits and well planned schemes to defraud the revenue of two countries. A large staff of officers is kept on duty here, who keep a sharp look out upon teams crossing the bridge and the boats crossing the river. But sometimes these officers are outwitted. One story is told of a well known operator who endeavored to run over the rails to the American side. He had just landed one box on American soil, when a detective appeared on the scene with the exclamation, "Now I have you, sir," when the other coolly lifted the box down into the boat again, and then returned to the Canadian side, leaving the officer somewhat chagrined, and doubtless wishing that he had waited until he could have made a false in full. But smugglers do not always succeed in escaping the clutches of the detective and a prospective "make" is spoiled, subjecting the operator to considerable loss.

THE ST. STEPHEN METHODIST CHURCH

In which the Conference is being held is a handsome brick structure, costing between twenty and thirty thousand dollars. It occupies a central position, and is the fourth erected by the congregation. It was dedicated the last time the Conference held its annual session here in 1876, at which time the Rev. J. H. Sprague, A. M., Secretary.

The church has been carrying a debt of about \$2,000, the interest of which has been regularly paid by the ladies of the congregation. The earnest wish has been to have the debt wiped out before the Conference met this year, and efforts have been made in this direction. After the usual service of the morning, the Rev. Robt. Duncan entered into a

HISTORY OF THE CHURCH

from the time the first church was built in 1790. That church, he said, was torn down to make room for a more commodious structure. In 1806, which remained until 1809, and was then removed to Water street, where it was utilized as a furniture factory, and was afterwards destroyed by fire on the 14th of May, 1817, during what is known as the "great conflagration." As soon as the old building was removed, the congregation entered upon the erection of the present

A HANDSOME BRICK EDIFICE,

which was finished in 1870 or 1871, costing \$20,000. This church remained until the winter of 1876, when a fire broke out in a store near the church, and the late George Maxwell, from which the church caught, and was destroyed, nothing being left but a pile of ruins. The only remaining structure, which was the only one left standing, was the present handsome brick building, cost in the vicinity of \$25,000, and is said to be the best building of the kind on the river, the only exception being the handsome and more costly Congregational Church (a wooden structure) on the Calais side.

Zachariah Chipman, Esq., a leading member of the church, also spoke briefly at the meeting, and then the Rev. Mr. Sprague, after a short prayer, was recommended to the pulpit for the morning.

Two candidates for the Ministry were received on trial, Bros. A. P. Taylor, of Apohaunt, and John Clements, of Alberton, P. E. I.

To the question—Who has died since the last conference—the name of Edward Hezekiah McKewen was brought up. The Conference rose and sang the 368th hymn.

"Happy are the faithful dead," etc., followed by touching prayer by the Rev. John Clark, A. M., the scene being most touching, and the determination of the people, work on a new church was commenced almost before the smoke of the rains had cleared away from the building, the present handsome brick building, cost in the vicinity of \$25,000, and is said to be the best building of the kind on the river, the only exception being the handsome and more costly Congregational Church (a wooden structure) on the Calais side.

T. Teed, the President-elect, to Tryon. These are all familiar names to Northern people.

On Tuesday evening the Missionary Committee met. The laymen present elected W. E. Dawson, Esq., of the town of Miramichi, to be representative to the General Board of the Missionary Society.

A vote of thanks was passed to Rev. Robt. Duncan for the address and paper, and in a manner which he had attended to the duties of Secretary-Treasurer.

THE FIRST CONFERENCE SESSION.

The Conference opened at nine o'clock on Wednesday morning, Rev. J. S. Phinney, president, in the chair. The session opened by singing hymn 735, "And are we yet alive?" The Secretary, Rev. Mr. Weddall, read a portion of Scripture, Rev. F. Smallwood and Rev. Dr. Picard offered fervent and appropriate prayers.

The Conference proceeded to the election of President. At the first vote fifty seven ballots were cast; Rev. S. T. Teed received twenty-four, Rev. Stewart twenty, Rev. Messrs. Reid, Cowperthwaite, Burwash, Lodge, Shenton and Comben. On second ballot Mr. Teed received twenty-five, and on third ballot he was elected President.

The President-elect was cordially welcomed to the platform by the retiring officer, Rev. Mr. Teed said he hoped the brethren would exercise indulgence towards him, and that he would be glad to be remembered to find himself placed in so honorable and exalted a position. The position to which the brethren had elected him was one to which he had never aspired. His highest ambition had been to perform the ordinary work of the Methodist minister and to do it to the glory of God, and as far as possible to the satisfaction of the brethren. He aspired to no other position, and he was glad to be remembered to find himself placed in so honorable position he expected and he knew he would have the prayers of the brethren for his success in his prayers. It would be his earnest endeavor to discharge the important duties of the office with fidelity and faithfulness, and with all the ability God had given him.

The worthy president, for whom the deepest respect is entertained by the brethren, was received on trial in 1856 and was ordained in 1857. His appointments have been as follows—1856, Grand; 1857, Grand; 1858, Grand; 1859, Grand; 1860, Grand; 1861, Grand; 1862, Grand; 1863, Grand; 1864, Grand; 1865, Grand; 1866, Grand; 1867, Grand; 1868, Grand;
