Coun. Doyle said the system was wrong.

By-road commissioners should live where the money is needed most. So far as his experience went, Chatham officers were more Chatham

The Warden-I'm clear of them

The following County Accounts were reported by Coun. Swim and passed-Dr. Wilson Board of Health, \$33.50; Geo. Burchill, jr., \$8.35; Geo. Sothart, \$1.25; D. & J. Ritchie & Co., public wharf, \$59.50 Wm Irving, \$30; telephone for almshouse, \$25: Calvin Craig, supplying clothes to and caring for a poor man who was rescued from drowning and subsequently sent to the almshouse. \$8; Calvin Craig, board of prisoners in Chatham lockup, \$15.30; J. F. Benson, adver tising \$7; Dr. Desmonds account for \$19.34; for two certificates of lunacy given to persons in Rogersville included \$2; travelling expenses for each trip. The committee recommended that if be paid less \$10. Coun. Connors said the law al-

lows 10 cents a mile to a doctor going to a lunatic. The bill was held over for fur-

ther inquiry. On J & A. McMillan's bill, \$11 the committee said the account should specify what had been re-ceived It was a loose way of doing business. Mr. Lawlor might know what had been received but the Council did not and the bill was held over for a detailed state-

ment of account. On the bill of Robert C. Boies \$3 40 for witness fees, the Auditor had reported that he could get no information, and the committee information, and the committee soon as we receive your subscription we will send you a certificate of the PRESS BUBLISHING ASSOCIATION, suggested that Justice Niven should pay the fees.

Coun. Campbell moved that the Valuators be heard. Carried.

Mr. Morrison said they had made the valuation, to the best of their ability, and prepared a scale for the parishes but none for the towns. He did not think it necessary to make an claborate report. The documents were all there and would speak for themselves. If Council thought it better to make a scale for the Towns they would do so.

Mr. Betts had tried to do his duty as a valuator as honest'y as possible between the parishes. He had done the best he could to be fair to all sections. Others might take diff-rent vie s of the values of property but he hoped the county would be satisfied with what he had done.

Mr Lawlor said the documents were before them. He and his colleagues had been hard at it a'd had done the best they could to arrive at a just valuation.

Cour. Saunders moved that the Valuators' books be received before the Council.

This was not seconded. Coun. Connors-In view of the fact that the Valuators have all the intermation it would be easier for them to make up the scale than for a committee of Council to do so. I move that they be requested to prepage a scale for the country without. the towns, and one for the towns

and parishes.
