Railway Commission Issues Orders to Conductors.

(Special Despatch to the Times.) Ottawa, Sept. 15.—The Canadian Railway Commission to-day made an order directing all railroads in Canada which do an international business to direct their conductors to prevent undue interference with passengers in Canada by United States immigration officials.

TEA TABLE GOSSIP.

Finch Bros' fall opening display to-morrow and continues the following days of the week.

The woman who left a parcel on a farmer's wagon yesterday on the market can have it by giving the necessary identification at the police office, City Hall.

A tree fell across the street car tracks on Barton street east, just below Sherman avenue, this morning, and blocked traffic for about an hour. It did not break the wire, but fell in such a manner as to block both tracks.

Miss Kennedy, 33 King street west, who has ransacked the best markets in the world for exclusive millinery for the ladies of Hamilton, cordially invites them to-morrow to see her selections. They are really beautiful, and are from the hands of master designers. No expense has been spared to get the best.

The steamer Modjeska has been chartered to take out the Manufacturers' Convention delegates to-morrow for a three-hours' trip on the water. She will then be out of commission until she resumes her next season's trips.

DUFF BILL.

Council Comes to Agreement With Its Solicitor.

Barton Township Council held a meeting in Reeve Gage's office last night. The most important matter dealt with was the account of W. A. H. Duff, solicitor for the township.

In the dispute between the township and the city over sewer and water claims, the solicitor's charges were reduced to \$1,426.44. His charge for an examination services, which was originally \$375, was reduced to \$304. The total amount owing to Mr. Duff after the reductions had been made amounted to \$1,730. This amount the solicitor agreed to accept, and the question was settled amicably.

Mr. W. Crockett was present, and requested the council to install five gas lamps on Trolley street and Sherman avenue. This matter was left in the hands of the Board of Commissioners to investigate and report at the next meeting.

Mr. J. M. Eastwood petitioned the council for two gas lamps on Blake and Main streets, the township to pay for the gas and other expenses. This matter will be dealt with in the near future at a meeting of the committee.

At the last meeting of the council the rate of taxation was struck at 50 cents on the hundred dollars. Some of the members thought this too high, and expressed their desire to have it reduced. The former rate was 21 cents, and before making such a raise permanent the council will apply to the treasurer for a statement of what has been expended and what is still required in order that they may have a basis to work on.

STRUCK OFF.

Webb vs. St. Mary's and Western Not Tried Here.

At Osgoode Hall yesterday there two motions were heard:

Webb vs. St. Mary's & Western Railway Co. (No. 1)—W. R. Wadsworth, for plaintiff, moved for an order to strike case off list at Hamilton sittings. C. A. Moss, for defendants, contra. Order made. Costs in the cause.

Webb vs. St. Mary's & Western Railway Co. (No. 2)—W. R. Wadsworth, for plaintiff, moved for an order extending time for reply. C. A. Moss for defendant contra. Order enlarging time for one week. Costs in cause to defendants.

IN HAMILTON.

Fine Exhibits of Local Made Goods on James St.

Attention has been drawn to the fact that several of the merchants on James street north, east side, between King and King William streets, have put in made-in-Hamilton and made-in-Canada windows as a mark of progress in Canadian-made goods. The principal object, however, is in honor of the convention of the Canadian Manufacturers' Association, that the delegates may see that Hamilton believes in pushing its own enterprises first. Mention of these stores will not prove of harm. The first one is Oak Hall, with a splendid window of Sanford Manufacturing Co. clothing, a strictly Hamilton enterprise; then the Stanley Mills & Co. window, which contains articles representing forty-one manufacturers of Hamilton only, which is as good a boost for Hamilton as there could possibly be. Another is that of Grafton & Co., with a window of Canadian-made clothing. The spirit of "booming Hamilton" is still with these progressive firms.

STOPPED TRAFFIC.

Yesterday afternoon the street cars on York street were blocked for a time by the breaking of one of the poles which was supporting the trolley wire. When it broke the wire was allowed to sag until it nearly touched the ground, and had to be carefully watched for fear of someone unknowingly touching it. Street Railways Inspector Coffey was soon on the job and cut the wire and straightened matters out so that traffic was resumed. The wire has been properly repaired.

Fresh Oysters Have Arrived.

Select and standard oysters in bulk, the same good quality of last year, large, juicy and meaty; select, 60c the quart; standard, 50c the quart. If you appreciate really good oysters telephone us a small order and we will be your own judge.—Peebles, Hobson Co.

BOTH CONVICTIONS QUA SHERD

The appeals of John Saemans and Henry Smercoe, who were fined \$20 and \$10 respectively in July last for violation of the Lord's Day Act by selling ice cream on Sunday, came before the Division Court this morning. By consent of the Crown Attorney the conviction was quashed, without costs.

HOWARTH CASE

Withdraws His Plea of Guilty and Case Adjourned.

The Ethel Manning Case Up in Toronto Court.

Toronto, Ont., Sept. 15.—In the Police Court this morning Henry Howarth, who last week pleaded guilty to seducing Ethel Manning, a Paris, Ont., girl, with whom he ran away from Hamilton, was arraigned for sentence. He, however, withdrew his plea, and was represented by counsel, who said Howarth pleaded guilty last week only because he had no legal advice. The Magistrate allowed the withdrawal of the "guilty" plea, and the case was again adjourned for one week. In the meantime the Crown will get its case in readiness, and evidence will be heard on Howarth's next appearance in court.

WEDDINGS OF SEPTEMBER.

Campbell-Hodgkiss and Cooper-Hastings in St. Thomas.

A pretty wedding took place this afternoon at 3 o'clock, in the Church of St. Thomas, when Miss Eola Louise Hodgkiss, of this city, was united in marriage to Mr. James Alexander Campbell, manager of the Bank of Hamilton at Jarvis, in the presence of a large number of relatives and friends. Rev. E. J. Etherington performed the ceremony. The bridesmaid were Miss Viola Knott and Miss Hazel Campbell, sister of the groom. The groom was attended by Dr. Gordon New, of this city. The ushers were Mr. Frank Hunter and Mr. Harry McDonald, of Hagersville. During the signing of the register Miss Vera Knott, of Justus, Ill., sang "O Perfect Love."

After the marriage a reception was held at the home of the bride's mother, 72 West avenue south.

Mr. and Mrs. Campbell left on the 3.16 train for points east, amid the best wishes and heartiest congratulations of their many friends.

COOPER-HASTINGS.

Another charming wedding took place this afternoon at 4 o'clock in the Church of St. Thomas, when Miss Lillian May Hastings was united in marriage to Mr. Herbert James Cooper, both of this city, in the presence of about fifty relatives and friends. Rev. Mr. Etherington officiated. The bride looked charming in white chiffon tulle and semi-princess, with veil and orange blossoms. She carried a beautiful bouquet of cream roses and lilies of the valley. The bridesmaid, Miss Mary Brown, of Toronto, was dressed in pale blue satin empire gown with black picture hat and carried pink roses. The groom was supported by his brother, Mr. Cecil Cooper.

After the wedding a reception was held at the home of the bride's parents, Mr. and Mrs. James Hastings, 31 Fearman avenue. Mr. and Mrs. Cooper leave on the 6.20 train to Buffalo, and will spend a couple of weeks visiting Montreal and other points east. Upon their return they will reside in the city. The bride's traveling suit was navy blue tailor-made with black picture hat. Mr. and Mrs. Cooper were the recipients of a large number of costly and beautiful presents, which testified to the esteem in which the young couple are held.

CURTIN-GAYHART.

A quiet wedding took place at St. Mary's Church, Toronto, at seven o'clock yesterday morning, when Mr. Leo Joseph Curtin was married to Miss May Emelda Gayhart. M. J. McCann officiated. The bride's father, Mr. John Gayhart, of Hamilton, gave his sister away. Miss Louise Gayhart, sister of the bride, was the bridesmaid, and wore champagne-colored silk, with hat to match. Her bouquet was of pink and white carnations. The bride wore her traveling dress of navy blue broadcloth, with hat to match, and carried white roses. After breakfast, which was served at the bride's home, 124 Portland street, and at which the Archbishop's mother, Mrs. Ryan, was a guest, Mr. and Mrs. Curtin departed for Cleveland for a few days, and will sail from Montreal on Friday for England, where they will reside for two years.

FILIGIANO-COSTELLO.

A fashionable wedding took place at St. Patrick's Church this morning at 7.30, when Mr. Frederick Filigiano and Miss Nola Costello were united in wedlock in the presence of a large number of relatives and friends. Rev. Father Cady performed the ceremony. The bridesmaid was Miss Maggie Donahoe, and the groom was supported by his brother, William. After the ceremony the happy young couple took the 8.30 C. P. R. train for the west. The groom, who is an old Hamilton boy, has spent the last two years in New Westminster, B. C., and the bridal couple will take up their residence there in the immediate future.

LIKE THEM,

But Y. M. C. A. Building Plans May be Too Expensive.

The plans and tenders for the new boys' building were examined by the committee on Monday afternoon. The plans were much admired but are for a larger building than was at first intended and the amount of the tenders, about \$37,000, with fittings, etc., would bring the estimated cost to over forty-five thousand dollars, and as there are other objects included in the fifty-thousand dollar fund it is thought that new plans will have to be prepared. A meeting of the full Board of Directors is called for to-morrow, Thursday evening, to decide upon what action shall be taken.

A NEAT SOUVENIR.

Delegates to the Canadian Manufacturers' Association have been provided with souvenir medals of very neat design. They are of Lake Superior copper, the size of a twenty-dollar gold piece, and bear on the front the Canadian coat-of-arms with crossed Union Jack and Canadian flag as a background, the whole surrounded by a wreath of maple leaves, and the inscription, "Hamilton, Ontario, Canada." On the reverse is a large metal leaf with a heaver on the top point and the inscription, "Manufacturers' Association Convention, Hamilton, Sept. 14, 15, 16, 1909. Compliments of Hamilton Stamp and Stencil Wks., Ltd."

Notices of Births, Marriages and Deaths which are inserted in the Daily Times also appear in the Semi-Weekly Times. 50c per insertion; 25c for each subsequent insertion.

Y. W. C. A.

A \$15,000 Campaign Will be Run In October.

An important meeting of the Building Committee of the Young Women's Christian Association was held at the home of Mrs. Wm. R. Upper, James street, on Monday evening. The members of the Trustee Board were also in attendance to hold a conference with the chairman of the Y.W.C.A. campaign so successfully carried out in June last.

At the close of that campaign the workers generously volunteered to turn in and canvass for the fund required by the Y. W. C. A. to complete and equip the new building now in the course of erection. The ladies have gratefully accepted this offer.

The funds required are about fifteen thousand dollars. The members of the recent campaign have all been asked to act and will be invited to call their teams together at an early date.

The John Winer & Co. building on King street will be available for campaign headquarters, through the kindness of Mr. Geo. Rutherford, and the campaign will take place in October. The exact date is not yet fixed. A central committee was appointed, consisting of Geo. Rutherford, Wm. H. Ward, K. C. Cyrus, Birge, Orr Callaghan, J. J. Greene, T. F. Best and Alred Powlis.

A subscription of about ten per cent. of the amount required is needed to start the fund. Who will be the happy donors?

HAD FOOT CRUSHED.

Walter Selkirk was taken home from the Hamilton bridge work on Monday night about 10.15 suffering with a crushed foot. He was injured while assisting with the loading of some heavy iron beams. One of the beams had been piled up, and they were trying to force another one under it, when the upper one rolled off and fell on his foot. Selkirk is considerably improved to-day.

SPILT HIS FRUIT.

This morning while driving across the street car tracks at the corner of King and Wellington streets, P. Mackie narrowly escaped being seriously injured. As he was driving he was crossing a basket of fruit destroyed. He was crossing just behind a Radial car, and did not notice a street car running east. The car struck the wagon, and did considerable damage to the fruit which Mr. Mackie had in his wagon.

BARTMANN'S DISPLAY.

The display of ready-to-wear suits at Bartmann's, 22 King street west, surpasses any of his previous efforts. The lad-ger, in Hamilton, fully appreciate his advice and knowledge, and when left to him to decide what to wear there is usually no disappointment. Many new usually to disappointment. Many new ladies cannot get better values anywhere. Made to order goods are a feature of this splendid business.

overloaded with various thirst assuagers. They each had to donate \$2.

Last Monday, being a fine afternoon, William Levine took his little boy for a walk. He intended taking him to Dundurn Park, but all went well till they were opposite 17 York street, where lives Mrs. Mary Ox. For a few moments William and his boy thought they would be drowned, as there was water, water everywhere, and the shower was too voluminous for rain.

When the temporary deluge had abated, father and son looked towards the clouds, to try to ascertain from whence the water had come, but the first sight that caught their eyes was the smiling face of Mrs. Ox, from an upper window.

Es-ja's ire was aroused, hence her being summoned for assault.

Mrs. Ox said the bell rang, and she, thinking the children were playing a prank, threw a glass of water from the window to the streets.

His Worship said he did not believe it was only a glassful she had thrown out, but was of the opinion it was a pailful. She got off by paying the nominal fines of one dollar.

"She was with men in a barn and her conduct was disgraceful," said P. C. Cameron, in his evidence against Mabel Buckingham, charged with vagrancy. She up a few weeks ago on a similar charge and then made innumerable promises that she would live uprightly all the days of her life. It seems that her promises were ephemeral. For several other officers testified to the this barrier of self respect and decorum that surrounded Mabel's ethics, which they maintained were bad, as they have seen demonstrations of them repeatedly.

Mabel has four children in the town but not see them for three long months, for she will stay with the horticulturist on Barton street.

For selling a rifle to George Dow, 365 Wellington street north, a boy, Dew, Bewlly, James street north, was summoned by Fishery Inspector Kerr. The case was dismissed, as the law only refers to pistols and air guns, not rifles.

After the case the boy went to get the rifle from Mr. Kerr, who had it in court. The protector of fish and game informed the boy the rifle was in the possession of the Crown. There was much grumbling and the inspector informed his Worship that another charge would be preferred against Dow, of shooting game out of season. It is alleged, he, in company with his brother, Harold, Willie Hughes and a man named Webster, shot some gulls.

William (Ti) Allan, charged with cutting and wounding Charles Flynn, was arraigned, but was remanded without being asked to plead. Bail was fixed at \$200.
