MONDAY, APRIL 18, 1910.

PRODUCE THE WITNESSES.

duce Messrs. Clarke and Minty before the Commission. Why are they I may say that in regard to rails that he will tell them nothing of his not doing so? It is not the railway company that is on trial, but the Government. The officials should, the cost of customs for rails coming up and telling what they know.

I may say that in regard to rails company that is on trial, but the Government. The officials should, the cost of customs for rails coming the company that is on trial, but the light transactions with the representatives of the hopeful signs of the times is that the high tariff crowd are getting anxious about the talk of better trade relations with the United with this diction.

The next item, ballasting, he points out is very important, and \$1,000 per company that is on trial, but the light transactions with the representatives of the hopeful signs of the times is that the high tariff crowd are getting anxious about the talk of better trade relations with the United States.

The next item, ballasting, he points out is very important, and \$1,000 per company that is on trial, but the light transactions with the representatives of the hopeful signs of the times is that the high tariff crowd are getting anxious about the talk of better trade relations with the United States.

The next item, ballasting, he points out is very important, and \$1,000 per company that is on trial, but the light transactions with the representatives of the hopeful signs of the times is that the high tariff crowd are getting anxious about the United States.

The next item, ballasting, he points are getting anxious about the United States.

The next item, ballasting, he points are getting anxious about the United States.

The next item in the Mint House of the hopeful signs of the times is that the high tariff crowd are getting anxious about the United States. therefore, have nothing to fear in coming up and telling what they know. On the contrary, they should be anxious to clear themselves and their company from any unpleasant odium which may have attached to them. Then why are they not here? Undoubtedly the Government could get them if they wanted to, and of all parties the Government ought to want them here. The Commission was appointed in the hope of showing that however bad judgment might that however bad judgment might have been shown in making the Alberta and Great Waterways bargain, that it had not been accompanied by improper or dishperst conduct on the same of the construction in the same of the construction. Clearly they are getting alarmed about the prospect, which is about the best possible reason which is about the best possible reason which is about the construction in the construction. Clearly they are getting alarmed about the prospect, which is about the construction in the constr improper or dishonest conduct on the so that I would advise you to be very not even allow the Commission to find the Toronto News thinks it "Doubtful Imperial Pioneers, including L. ment, or of the Legislature, or of any on record in applying for bonds, as public official. The Government surely ought to be anxious to have all the material witnesses present. Why then is their influence not exerted to get the President of the road and Mr.

In doubt we will nave to add considerable out of the Province on the eve of the inquiry, leaving the material witnesses present. Why then is their influence not exerted to get the President of the road and Mr.

In doubt we will nave to add considerable out of the Province on the event of the Province on the event of the present cost. I have on the event of the inquiry, leaving the pair of the viewpoint of the viewpoint of the present came on the event of the present cost. I have on the event of the present cost. I have on the event of the inquiry, leaving the viewpoint of the present came of the present cost. I have on the event of the present cost. I have Minty to appear and give their knowl. (Enc.) with the making and carrying out of the bargain? It is incorposite that equipment and \$1,000 for terminals. Company need not be surprised and the bargain?
