TRAPNELL The Eyesight Specialist

Examines the eyes without **DRUGS, DROPS or DANGER.** He not only finds the trouble, but with his perfect optical machinery he can grind the correct lenses to suit the most complicated cases, and do it quickly.

There was a time when all compound lenses had to be sent out of the country for, involving a delay of three or four weeks, but that day has passed; an hour or two is sufficient to produce any lens that may be called for.

Prescriptions filled or broken lenses replaced if you have the pieces.
